Thomas Hines was in from his ranch last Saturday, and didn't forget to stop in and say howdy to the Editor, and in his generous spirit left with us some of the shining metal which means 16 to 1, and said send your great moral Educator to my friend Berouet Gunn of Highland Wisconsin.

J. H. Denlow and family from Hooper Nebr. arrived at Glen on the east bound train last Saturday, and they will make Sioux Co. their home in the future. The PRESS-JOURNAL welcomes Mr. Denlow and his family and hope they will like Sioux County for a permanent home as well as we do.

Chamberlain's Colic, Cholera and Diarrhoea Remedy

We met Miss Anna and Nora Neece last Saturday returning home from Chadron where they have been attending the Academy since last Sept. and they feel well pleased with their work as well as to speak a good word for the teachers and the Academy in general. The Chadron Academy is a good school, and we wish more of our young people could attend it.

The music will be furnished from the violin, piano, and cornet and will be simply first class. With good music you can dance well and have a good time, so come and enjoy yourselves.

SHATTO-MODERMOTT.

On last Tuesday Hill Shatto and Mrs. Addie McDermott were married at the Commercial hotel, Rev. L. W. Horton officiating. Mr. Shatto and bride reside near Hirtley, and they have many friends who wish them a long and happy life. The PRESS-JOURNAL extends best wishes, hoping their married life may be one continual round of pleasure.

We were pleased to make the acquaintance of Mr. and Mrs. G. E. Alcott, in the south part of this county, during our visit in that part of the county last week. We were also at J. L. Sanford's ranch, and are pleased to know that each of these gentlemen have fine ranges for their stock, and they each seem happy and content. Mr. Sanford is putting up the finest residence in Mitchell and will have the benefit of the school of that place from this time on.

HERE AND THERE

Lenis Larson was up from Whitney the first of the week.

Mrs. Clark and Helen went east on a visit, Tuesday evening.

Joe Stansley is down from his ranch at Hampshire, Wyo. this week.

On our recent visit to the Junior Normal at Alliance we failed to see any teachers from Sioux county while there was a fairly good number from the counties; shame on the teachers of this county and we hope the school boards will remember the ones that do attend later on and will show their appreciation by an advance in their wages. We consider this the greatest opportunity that has ever been offered our teachers in this north-west, and if a school teacher expects to get any thing with out making some sacrifice they must be of the lucky number. We are pleased to know that Miss Mabel Bigelow who is not letting this opportunity go by and we know she will be the gainer in time to come.

In the death of Rev. Charles E. Rice of Hotchkiss Col. as chronicled in last week's issue the world has lost one of the most ardent Christian men that it has ever been our pleasure to meet, while Mr. Rice was weak physically his bearing as a Christian man was worthy of example by all. We only wish the world had many such men as he was not physically but spiritually for he will ever be a living monument, to those that he came in contact with as to what it takes to make a Christian.

Mr. Rice has many friends in all Sections of this part of the country, who will be pained to learn of his death, knowing that his life, was a pattern of the one whom it was his pleasure to serve.

The PRESS-JOURNAL extends sympathies to the bereaved wife, and relatives.

BREEZES FROM CENTRAL CITY.

Released from pain and suffering here. Gone to their rest, have two of our friends since we last sent items. One so young and ambitious to have to give up life so early, makes it seem so sad, and the other so full of good works all his life. We almost question, why must it be so when so many less valuable lives are spared? It makes heaven seem not very far away. This old earth ship is continually leaving loved ones on the evergreen shores, never to return to us, but when the Master calls shall we be ready to go over also? What is life, when death is but the beginning of life eternal? Rev. Rice and wife were welcome guests at so many of our homes for many years, and his cheerful, happy disposition won his way to every heart. How sadly will he be missed, but he has gone from works to rewards.

Picked our first mess of strawberries yesterday. A good deal of corn will have to be replanted, but the ground is to wet to work now.

Commencement week is over and the students have returned to their homes after a hard years work. Only two to graduate this year and they are from the College. The Academic course has added one more year, so there were no graduates from that department this year.

At this writing F. W. is sick in bed and has been for several days, but under the skillful hands of Dr. Brown he has been brought through a very critical period and is getting along as well as any one could. He will be able to sit up in a few days if he continues to improve.

So much wet weather the Drs. are fearful of a good deal of stomach and bowel trouble.

Geo. Davis has been having trouble with his pump, and at times is short on water.

Agate Phrases

As you seem to have no correspondent in Agate, I will try to send you a few items that I have gathered "at an immense sacrifice of time and labor."

The patriotic people in these parts intend to celebrate the glorious 'Fourth' by a picnic in Mr. Harris' grove and a dance in his capacious building on Running Water. A good time is expected.

Grandma Miller and Mrs. Myers arrived from Cherry County to visit Mr. John Kay, daughter and sister, respectively, of the above ladies.

Misses Anna and Nora Neece are back home from the Chadron Academy, where they spent the last nine months.

We have had plenty of rain during the past weeks and the old saying that a wet Easter makes 10 wet Sundays proved true this year. The country looks fine in its fresh green dress; the cattle are picking up and doing nicely.

Messrs. Harris and Metlon intend to build a school house and to employ a teacher. Mr. R. T. Neece is employing an instructor now. It seems but fair that men paying their children's tuition out of their own pockets ought to have their pro rata of the State money provided they employ a competent teacher. As it is now, the country furnishes no educational facilities to many children, but gets a share of the State money by rights belonging to them. An effort will undoubtedly be made to remedy this condition.

Those fellows in Drouthy Kansas, who live along the Smokey Hill and Kaw rivers from Salina down, had better come to western Nebr. or eastern Wyo., where we just have enough rain and no more.

Laney Sutton came out to the Ridge on last Sunday. We surmise that he and John started on their trip to Kay See on Monday.

We hear that Cora Davis was thrown from her pony and dragged a short distance, one day last week. She escaped with a few slight bruises.

J. H. Newlin and family and Mrs. E. V. Christian and daughter Nellie were sight seeing in your city on last Monday.

In Wyoming.

A few have been losing cattle by the blackleg route lately.

With sorrow we read of the death of Rev. C. E. Rice, at Hotchkiss, Col. We have known Mr. Rice for several years having gotten acquainted with him while we lived near Bodarc. To Mrs. Rice and family we extend our sincerest sympathy; and can say that the readers of the PRESS-JOURNAL in this community all sympathize deeply with her, as they know her through the correspondence from Hotchkiss.

Mrs. Freen met with quite a serious accident week ago last Monday night, which came very near costing her life. She had been visiting Mrs. Sides and left there for home about 8 o'clock. The horse that she was riding felt quite gay and when about half a mile from home, "he rare up, and prance up, and kick up his heels," throwing Mrs. Freen over his head to the ground, where she was found by her husband sometime later, greatly chilled and in a dazed state. She was taken home and the doctor sent for, who arrived at 5 o'clock the next morning. On examination it was found that one fore arm, just above the wrist, sustained a compound fracture, while the other had one, if not both bones, broken just above the wrist. The fractures were reduced as best they could be on account of the swollen condition of the arms. On last Friday, as she was suffering a great deal, she was taken to Lusk, but we hear that the doctor could not do much to relieve the pain. At present she is resting easier and doing as well as could be expected. The neighbors are all very kind and doing all that they can to make her comfortable.

Mrs. Church, Sr., is and has been, constantly by her bedside, doing the house work and ministering to her wants. We all sincerely hope that she will soon be able to get out again.

Next Sunday being Children's Day, their teacher, Miss Florence Christian, has prepared a good programme and is practicing the children in the various parts, so that we can expect a good and profitable service at the hall Sunday.

Miss Amy Christian closed her school in Manville last week and arrived home on last Saturday. Miss Florence Christian has been engaged to teach the primary department there the next term.

Nate Deuel arrived on the Ridge last Saturday night and was shaking hands with friends here on Sunday.

Mrs. Horton accompanied her husband out to his charge here on last Sunday. They were the guests of Mr. and Mrs. Hotterfield over night Saturday.

Quite a shower visited the Ridge on last Sunday afternoon. It was quite refreshing and no doubt did a deal of good.

Z. G. Deuel and son James went to Cottonwood creek on last Sunday to see Mr. S. Eldredge, who was so seriously hurt by a horse running over him, one day last week.

John and Laney Sutton expect to make an overland trip to visit their brother Albert, at Kay See, in the near future.

Miss Bertha Thompson, who is suffering with inflammatory rheumatism, is a little better at last reports.

George Davis has been having trouble with his pump, and at times is short on water.

Mrs. J. D. Williams is still quite poorly, but we hope to hear of her recovery soon.

We hope that Bouquet does not think for a minute that we have a spite against White River.—Far from it, some of our happiest days in the west were spent along the banks of that beautiful stream. We may be mistaken, but we always thought that Glen was on White River.

As we write these items, the day before Monday, hail is falling as large as snipes' eggs.

Mr. and Mrs. A. Christian went to Lusk on last Friday, returning on Saturday.

J. A. Rice and family passed through here, with a prairie schooner, enroute to Agate ranch on Galloping water.

Yes Peggy, we are glad to know that our neighbor, Mr. Wilson, is taking such an interest in Sunday Schools and meetings. He is a regular attendant at our meetings here.

We hear that Mr. Steve Eldridge, who lives in the valley near Mr. Deuel's, was run down and seriously hurt at his ranch on Cottonwood a few days ago. We sincerely hope that it may not be as serious as reported.

An eclipse of the Sun (Harrison) occurred on last Friday, and it wasn't billed in the almanac either. When it came to our table and was opened, lo, it would "frost your whiskers" to see the page of local news. The correspondents too must have gone on a visit. Well, Sun, we'll excuse you this time, but don't keep it up all summer.

What's the matter with Chio and M. A. C? Wake up and say something.

Those fellows in Drouthy Kansas, who live along the Smokey Hill and Kaw rivers from Salina down, had better come to western Nebr. or eastern Wyo., where we just have enough rain and no more.

Laney Sutton came out to the Ridge on last Sunday. We surmise that he and John started on their trip to Kay See on Monday.

We hear that Cora Davis was thrown from her pony and dragged a short distance, one day last week. She escaped with a few slight bruises.

J. H. Newlin and family and Mrs. E. V. Christian and daughter Nellie were sight seeing in your city on last Monday.

To the Teachers of Sioux County.

The railroads will grant a rate of a fare and one-third on the certificate plan for Monday and Tuesday, June 22 and 23.

These are the only Alliance dates on which reduced rates will be made to except August 9 and 10 which is named in the bulletin I have mailed to each teacher in Sioux County.

I wish to impress upon every teacher and prospective teacher in the county the good which can be derived from the Normal at Alliance. I am sure if you clearly realized what you are letting pass by within the reach of every one of you, that you would make an effort and a sacrifice to attend all of the term you possibly can. The following is what Supt. Fowler has to say in regard to the school. "I trust every Superintendent addressed in this letter, will use all reasonable means to secure a large attendance from the teachers of his county at the Alliance Junior Normal. This appropriation is only for the ensuing biennium, and unless your counties show by a liberal patronage that you appreciate and that you will profit by such privileges the legislature two years hence will in all probability refuse to make another appropriation. It therefore rests with the County Superintendents whether or not this school shall be maintained in your territory.

If we expect success I believe it is absolutely necessary for you to do away with your county Institute and give the Junior Normal a fair trial and a clear way. The last week of the Junior Normal school will be Institus week; but remember that we must work for a good attendance from every county for the full term. I believe when the matter is properly presented to your teachers they will be ready to make some sacrifices and some effort to profit by the advantages offered them at Alliance, every teacher who attends this school for the entire term will be worth at least \$5 a month more to her school. I urge upon the school officers of your county, therefore the plea of simple justice when I say that they should pay higher salaries to teachers who thus prepare for their work than for indifferent teacher who do not attend. On this plan and in this spirit, I ask the hearty co-operation of every teacher in your county, every school officer as well as your own best efforts for better teachers and better schools."

I trust each teacher will give the school a trial and thus prepare for advancement of our educational interest of this county.

I accidentally heard the other day that Supt Crawford, of the famous Crawford Bros. saw mill, will be married one long, but failed to hear who the fair damsel is, but I am sure all the rest of the girls will envy her.

Geo. Gaertson was in this neighborhood last Monday; He came on horseback; but went away a foot. His horse went on ahead.

War Bonnet Topics.

Frost again last week, ruined lots of fruit and garden.

I see the school meeting notices are stuck up already for June 28, every one should remember and be present as important business is to be transacted.

Mr. and Mrs. Burke was out to S. S. they also drove to the S-E and made a visit with Mrs. Grimm.

Mr. and Mrs. Billy Shepherd and sons, visited at Robt. Keels Sunday and attended S. S.

Mr. and Mrs. Scott and family, Mrs. Jack Finley and family, Mr. and Mrs. Henry Dickman and Arthur and Olive Dunn visited at Gustave Norishes Sunday and were present at their S. S. It was very nice, but would be so much nicer for us all to take part in one S. S. and have this feud put to an end. Life is so short to be marred by such silly jars and jangles. It always takes two to make a quarrel and also two to make up.
