

Mrs. F. Wright, of Oelwein, Iowa, is another one of the million women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

Overshadowing indeed is the success of Lydia E. Pinkham's Vegetable Commound — compared with it, all other medicines for women are

Why has it the greatest record for absolute cures of any female medicine in the wend? Why has it lived and thriven and done its glorious work among women for a quarter of a century? Simply because of its sterling worth. The reason that no other medicine has ever reached its success is because there is no other medicine so successful in curing woman's ills. Remember these important facts when a druggist tries to sell you something

A Young New York Lady Tells of a Wonderful Cure: -

"DEAR MRS. PINKHAM: - My trouble was with the ovaries; I am tall, and the doctor said I grew too fast for my strength. I suffered dreadfully from inflammation and doctored continually, but got no help. I suffered from terrible dragging sensations with the most awful pains low down in the side and pains in the back, and the most agonizing headaches. No one knows what I endured. Often was sick to the stomach, and every little while I would be too sick to go to work for three or four days; I work in a large store, and I suppose standing on my feet all day made me worse.

"At the suggestion of a friend of my mother's I began to take Lydia E. Pinkham's Vegetable Compound, and it is simply wonderful. I felt better after the first two or three doses; it seemed as though a weight was taken off my shoulders; I continued its use until now I can truthfully say I am entirely cured. Young girls who are always paying doctor's bills without getting any help as I did, ought to take our medicine. It costs so much less, and it is sure to cure them .-Yours truly, Adelaide Prail, 174 St. Ann's Ave., New York City."

Women should not fall to profit by Miss Adelaide Prahl's experiences; just as surely as she was cured of the troubles enumerated in her letter, just so certainly will Lydia E. Pinkham's Vegetable Compound cure others who suffer from womb troubles, inflammation of the ovaries, kidney troubles, nervous excitability, and nervous prostration; remember that it is Lydia E. Pinkham's Vegetable Compound that is curing women, and don't

If there is anything in your case about which you would like special advice, write freely to Mrs. Pinkham. She can surely help you, for no person in America has such a wide experience in treating fentale ills as she has had. Address is Lynn, Mass.; her advice is free and alway helpful. allow any druggist to sell you anything else in its place.

\$5000 FORFEIT if we cannot forthwith produce the original letter and signature of above testimonial, which will prove its absolute genuineness.

Pruning Before Planting.

The experienced fruit grower understands full well that his best success will come from giving the trees and plants he sets every opportunity to get a good start, hence he never concerns himself about the crop except as something he expects to have in the While we are all looking forward future. The inexperienced, in setting hopefully to the day when the main small fruit plants, keeps uppermost roads shall be in perfect condition for in mind a possible crop the next sealight and heavy travel, with macedam son, the one immediately following or other improved surfaces, it will planting, and therefore his chief conprobably be many years before the ruts cern is to preserve all the growth the and mudholes are all removed. Until plant has at the time of setting. Raspberry and blackberry plants should be cut back close to the ground at the time they are set, while current and gooseberry plants may be safely cut back thank the inventor who devised such at least one-half. With strawberry plants, it pays to keep the blossom picked off the season directly follow ing planting, unless, of course, the plants are those grown in pots and set in midsummer for fruiting the following season. The amount of pruning that should be done on newly set trees depends somewhat on the tree as received. Peach trees are usually cut back to a single whip, while the growth on other trees is reduced from onethird to two-thirds, depending, as stated, on the condition of the tree at the time it is received. This rigorous prun-

## DOCTUR ADVOCATED OPERATION ---PE-RU-NA MADE KNIFE UNNECESSARY.

CATARRH is a very frequent cause of that class of diseases popularly known as female weakness.

Catarrh of the pelvic organs produces such a variety of disagreeable and irritating symptoms that many people—in fact, the majority of people—have no idea that they are caused by catarrh. If all the women who are suffering with any form of female weakness would write to Dr. Hartman, Columbus, Ohio, and give him a complete description of their symptoms and the peculiar-ties of their troubles, he will immediately reply with complete directions for treatment, free of charge.

Mrs. Eva Bartho, 173 East 12th

Mrs. Eva Bartho, 133 East 12th street, N. T. City. N. T., writes: "I suffered for three years with leucorrhea and ulceration of the womb. The doctor advocated an operation which I dreaded very much, and strongly objected to go under it. Now I am a changed woman. Peruna cured me; it took nine bottles, but I felt so much improved I kept taking it, as I dreaded an operation so much. I am today in perfect health and have not felt so well for fifteen years."-Mrs. E:a Bartho.

Miss Mand Steinbach, 1399 12th St., Milwanker, Wis., writes: "Last winter I left sick most of the

ime, was irregular and suffered from ervous exhaustion and severe bearing down pairs. I had so frequently heard of Peruna and what wonderful cures it performed so I sent for a bottle and in

Peruna and praising it. Peruna is not a palifative simply, it cures by removing the cause of female disease.

Dr. Hartman has probably cured more women of female aliments thus any other being physician. He unkes these cures simply by using and recommending Peruna.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.
