Great Guthrie left for California Monday. Frank Nutto accompanying him.
We understand Mr. Nutto goes to hunt a location, and if satisfactory, he will move there in the future.
M. A. Ames, a doctor from Sargent, Neb., arrived here yesterday morning and will remain here for about three months. If he likes this part of the country by that time he will locate here.

Mrs. Priddy received a letter from Mrs. Thornton, Monday dates July 8th. They were at Wheeler, S. D. and are getting along nicely on their journey. Their horses have caused them no trouble.
There are a few of our late customers that have not settled their accounts, we would be pleased to have these come in and settle, for we are anxious to close up all our accounts.

Cholera Infantum.
This has long been regarded as one of the most dangerous and fatal diseases to which infants are subject. It can be cured, however, when properly treated. All that is necessary is to give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil, as directed with each bottle, and a cure is certain. For sale by All Druggists.

Notice.
The directors of the Lucky Hunter Mining Co. recently decided to raise the price of their shares from 20 to 30 cents and set the date for July 20th. It has recently developed, that quite a number of people expected to invest, but are not quite ready, and to accommodate them it has been decided to extend the time to August 15th. This will be the extreme limit at the present price.

Very Remarkable Cure of Diarrhoea.
"About six years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller, of Morgan, Texas. "I got temporary relief, but it came back again and again, and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Bosque county, our present home, and one day I happened to see an advertisement of Chamberlain's Colic Cholera and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me." For sale by All Druggists.

J. H. Lacy's building is devouring a coat of paint, which means that it is about completed.

Dr. Richards was up from Crawford Monday to see Mrs. W. C. O'Conner, who has a severe attack of the rheumatism.
J. M. Hoyt, father of W. L. Hoyt, arrived here from Elburn, Ill. last Thursday to visit with Mr. Hoyt and family for a while.

If you want the best cheese you ever eat call on J. B. Johnson near Glen. He has a good supply on hand, and of the finest quality.
The lecture given at the church last Wednesday evening, July 8, by Rev. E. C. Horn, of Alliance was very attractive and interesting. Everybody was pleased with it and say they would like to hear it again, and if the same lecture was to be given here again the audience would be much larger. Some say it was the best thing they ever heard in Harrison.

The views produced on the canvass were very life like and would interest anybody. They were photographed by himself as he made the trip around the world.
The Ice Cream Social, and Entertainment given by the Royal Neighbors proved as usual a grand success. The Royal Neighbors never do things by halves which every one that was present last night can testify. There was a large crowd present and after eating all the ice cream in sight they repaired to the hall where they were delightfully entertained by songs, speeches and drills which were cheered heartily by all present. Peggy Doolittle's Political speech was witty, and full of facts as well as fun, and from the applause and cheers that went up, Peggy may feel that she made a hit.

The bonnet drill given was unique, and laughable and we are sure everybody will look forward with pleasure for the next entertainment given by this Royal band.
Miss Lena Kraft of Bodarc attended our S. S.

All Druggists Will Buy It Back.
You assume no risk when you buy Chamberlain's Colic, Cholera and Diarrhoea Remedy. All Druggists will refund your money if you are not satisfied after using it. It is every where admitted to be the most successful remedy in use for bowel complaints and the only one that never fails. It is pleasant, safe and reliable.

NOTICE.
The report is out that the Junior Normal has closed on account of small-pox. I wish to say this is untrue. The Normal has not closed and is progressing nicely. I am informed that one house was quarantined but it proved not to be small-pox but only a scare. This shows the board of health is extremely cautious to keep all contagious diseases down and I think no teacher need be afraid to attend the Normal. Institute time is approaching and each teacher who wishes to prepare for examination could not do better than attend the normal.

Yours very respectfully,
Conrad Parsons,
Co. Supt.

Notice to land owners.
To all to whom it may concern.
The commissioner appointed to locate a road, commencing a point where county road No. 4 intersects the half section line running east, west through section 21, Twp. 32, Range 55, thence east on about 30 rods, thence 142 rods South in a circuitous direction and connecting with said road No. 4 at a point on or about one fourth of a mile from the point when it leaves said above mentioned half section line, and also to vacate that portion of county road No. 4 from the point where the proposed road connects with road No. 4 to the point it intersects said road No. 4 as now established. And all objections there to or claims for damages must be filed on or before noon August the 8th 1903, or said road will be established with out reference there to and also the said vacation will be granted.

Wm. J. A. Raum,
Clerk.

No man or woman in the state will hesitate to speak well of Chamberlain's Stomach and Liver Tablets after once trying them. They always produce a pleasant movement of the bowels; improve the appetite and strengthen the digestion. For sale by All Druggists.

In Wyoming.

Andrew Christian dipped his cattle this week.
Rev. and Mrs. Horton were visiting on the Ridge this week.
Supt. Cudebeck visited the schools in district No. 7, last week.

J. J. Zumbrunnen had to pull his pump on last Friday. Quite a hot time to be out of water.
We learn that the little girl who was run over by a horse, in Lusk, the 4th is getting along all right; and the man Perry, who was riding the horse, was given his liberty on Sunday morning. He said that it was sure the Keely Cure for him.

While Leslie Crane was breaking prairie one day last week, and growing at the dry weather, a hail storm came along and pelted him right hard, one stone striking him on the head which raised quite a large lump. It also injured his rye and barley crop considerably.
On last Saturday night two heavy rains passed over our settlement accompanied by a high wind and some hail. The lightning was terrific while the thunder kept up a constant roar. No damage is reported, from it so far, but in the evening a storm passed across the south west corner, accompanied by hail which killed all of John Lohr's turkeys.

Miss Florence Christian closed a successful term of school, in the east school, on last Friday. A number of the patrons were there and a good time was had. At noon a table was improvised and loaded with the best of viands to which we sat and refreshed the inner man. There was lemonade by the gallon which was enjoyed by all. We went away feeling that it was good to be there.

Rev. Horn, assisted by Rev. Horton, gave a lecture, on his trip around the world at the hall, on last Thursday night. The lecture was illustrated by views photographed by himself, of all noted places which he visited, the views were very natural and life like being reproduced on a large canvas by a strong light.
A large crowd was out and all say it was well worth the price, as it was very interesting and instructive. The proceeds amounted to \$11.60.

LETTERS FROM ALLIANCE JUNIOR NORMAL.
The third week of the normal shows an enrollment of one hundred twenty seven. Students are all working hard, and expressions of satisfaction are general and the teachers of north-western Nebraska are certainly fortunate in being able to attend such a school, and those who are not in attendance are missing a great opportunity.
Too much cannot be said in favor of the management of the school. Prof. Bartz has everything going like clock work. The man behind the office desk has proven himself to be "The right man in the right place." The students found it hard at first to be punctual, having been accustomed to enter classes at any time while in attendance at the summer institutes, but all seeing the advantages of being on time, fell into the new way easily.

Those enrolled in the model school are deriving much benefit from the up-to-date methods presented by Miss Schie. This work, if carried into the various school rooms, will be of great benefit.
The students in the department of literature with Prof. Martin as teacher are doing good work. Much attention is given to drill in reading, tone color, visualization, effects, and the study of poetry for thought.
The classes in mathematics and physics under Prof. Philpott are making great advancement, the enthusiasm of the teacher creating a lively interest in the pupils.

The class in agriculture is one of the largest, and under the instruction of Prof. McCoy one of the most interesting in the school. Last Saturday, the teacher gave a scientific lecture on this subject at the school house, which was very instructive.
It is hard to tell which of the instructors is the best, they all being specialists in their line of work.

Miss Wilkinson, Supt. of Kimball Co., returned Tuesday after an absence of a few days, and is encouraging the teachers from her county by example, having joined some classes in regular work.
Every morning at chapel, the students have the pleasure of listening to entertaining talks. Those who have been with us this week are Rev. Jeffers, Dr. Horn, Rev. Howie, and Dr. Mogue.

HOUSE IS ON THE LINE.
Sioux county is one of the northern counties of the state and borders on the state line between Nebraska and South Dakota. School district No. 38 of Sioux county also borders on the line and the school directors owns a farm which is divided by the line. It is a large and extensive farm and Mr. Director lives in a house on the farm, which is situated on the state line. The line runs through the bed room occupied by the director. Struck by the possibility of the thing the director was placed his bed on the line so that he sleeps in both Nebraska and South Dakota and this is what causes the trouble. His farm is situated in school district No. 38 in Nebraska and school district No. 52 in South Dakota. He has several children and sends some of them to the Nebraska school house and others to the South Dakota school house.

HE IS ON TWO BOARDS.
As the director is one of the big land-owners and tax payers in the Nebraska school district his neighbors decided to elect him school director of the district. Having the same qualifications in South Dakota his neighbors in that state also honored him with an election to the school directorship of the South Dakota school district. The two elections occurred about the same time and Mr. Director has officiated in both states for some time with marked ability and to the satisfaction of his neighbors. Recently the county superintendent of Sioux Co. learned the state of affairs and informed the director that he must resign one of the directorships. The director could not see it that way, as he is fully qualified to hold a school office in either South Dakota or Nebraska. The Superintendent has communicated with Superintendent Fowler and asked for instructions and

Mr. Fowler has referred the matter to the attorney general. The same course of procedure has occurred or is now occurring in South Dakota.

A series of legal questions arise over the matter, and they will probably have to be decided by the courts of both states, if the director decides to hold on to both offices. He is a man who does not take much interest in politics and consequently has not voted at the general elections in either state, but he is the "whole thing" when it comes to school affairs. He cannot be held guilty of the violation of the general election laws.

THE LEGAL TANGLE.

The school election laws of South Dakota specify that the man voter must be a resident of the United States one year, of the state six months, of the county three months and of the district or precinct thirty days. The director has all these qualifications and a few more.

The school laws of Nebraska provide that the voter must be 21 years of age, have resided in the district forty days, own real or personal property subject to assessment, or the parent of children of school age. The director also has all of these qualifications and a few to spare. According to the requirements of either state he is a resident of that state. He could not be prosecuted for voting at two different school elections, as he was qualified to vote in South Dakota and consequently his vote there was legal, South Dakota could not prosecute him until he had violated her election law.

Nebraska cannot prosecute him if he is a citizen of the state, for he has not voted twice in Nebraska and has the necessary qualifications to vote once. If either state was to arrest him he would on trial declare himself a citizen of that state and would then not be convicted. He could not be rearrested and tried in Nebraska, being a Nebraska resident and the constitution of the United States providing that a person cannot be twice placed on trial for the same offense.

The only possible way for Mr. Director to undo the legal tangle and give the attorney general of South Dakota and Nebraska a rest is to die or move to Missouri.

The state superintendent has instructed the director to resign from one of the states before war is declared and a commission of arbitration has to be appointed.—Lincoln Daily Star.
