A Good Story.

Frederika, Ia., July 13.-Mr. A. S. Grover of this place tells an interest ing story showing how sick people may regain their health if they will only be guided by the experience of others. He says:

"I had a very bad case of Kidney Trouble, which affected my urinary organs so that I had to get up every our of the night. I could not retain my urine and my feet and limbs beganto bloat up. My weight was quickly running down.
"After I had tried many things in

vain, I began to use Dodd's Kidney Pills, a medicine which had cured some other very bad cases.

"This remedy has done wonders for me. I have gained eight pounds in two months. The bloat has all gone from my feet and legs, and I don't have to get up at night. I took in all about ten boxes before I was all sound."

Those who suffer as did Mr. Grover. can make no mistake in taking Dodd's Kidney Pills, for they are a sure, safe and permanent cure for all Kidney and urinary disorders.

Learn Things of Value. Where one has never made the experi-ment of leaving off coffee and drinking Postum it is still easy to learn all about by reading the experiences of others.

Drinking Postum is a pleasant way to get back to health. A man of Lancaster, Pa., saye: "My wife was a victim of nerrousness and weak stomach and loss of appetite for years and was a physical wreck; although we resorted to numerous methods of relief, one of which was a change from coffee to tes, it was all to

no purpose. "We knew coffee was causing the trouble, but could not find anything to take its place and cure the disease until we tried Postum Food Coffee. In two weeks' time after we quit coffee and used Postum almost all of her troubles had disappeared as if by magic. It was truly wonderful. Her nervousness was all gone, stomach trouble relieved, appetite improved and above all a night's rest was complete and refreshing.

This sounds like an exaggeration, as It all happened so quickly, but we are prepared to prove it. Each day there is improvement for the better, for the Postum is undoubtedly strengthening her and giving her rich, red blood and renewed life and vitality. Every particle of this good work is due to Postum and to drinking Postum in place of coffee."
