Mrs. J. H. Withersdorfer visited with Mrs. Chas. Unitt part of last week.

Mrs. Nick Schaefer and Miss Mary Schaefer were trading in town yesterday.

C. E. A. Ester and V. A. Hester are building a carpenter shop on the lot east of the blacksmith shop.

We have been having considerable rainy and daily weather lately, which is very disagreeable for the hay makers.

A. Edman moved his family into town, from his ranch on Indian creek, last week. They are living in the house formerly owned by W. R. Smith.

Mr. and Mrs. C. F. Coffey and daughter Blanche, who have been visiting on their ranches up in this section of the country for the last month, returned to Chadron Monday night.

There will be an ice cream social at the Bodarc church Friday evening Aug. 7th. All are invited to come and enjoy a pleasant evening. Buy the ice cream and we will give you the cake.

John Burke returned from Aurora last Thursday, where he has been working in the harvest fields. He says he don't like Hamilton county as well as Sioux. He is now working for J. W. Reed.

## GRAND BALL.

There will be a grand ball at the hall Friday August 14. All are invited to attend and have a good time. Good music will be furnished for the occasion.

R. C. Dunn.

## A CARD OF THANKS.

The undersigned wish to extend their words of thanks to the good people of Harrison who so kindly assisted them during the death and burial of their beloved baby, and sister.

MR. AND MRS. E. LOWRY AND CHILDREN.

## STOCK REPORT.

South Omaha, Neb., Aug. 5, 1903.

## HERE AND THERE.

Andrew Christian was down from Pleasant Ridge this week.

When you want a physic that is mild and gentle, easy to take and certain to act, always use Chamberlain's Stomach and Liver Tablets. For sale by All Druggists.

Mr. Glenn Zerbe, and his grandfather Mr. Bixby came in from Iowa on the west bound train yesterday and went to Bodarc where they will visit with Mr. Zerbe's folks for about three weeks. It has been about four years since Glenn was home before, and Mr. Bixby moved away from Bodarc several years ago, to Iowa, where he has lived ever since, they will be welcomed visitors at the homes at Bodarc during their visit.

**Boy Cured of Colic After Physician's Treatment Had Failed.**

My boy when four years old was taken with colic and cramps in his stomach. I sent for the doctor and he injected morphine, but the child kept getting worse. I then gave him a teaspoonful of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and in half an hour he was sleeping and soon recovered. — F. L. WILKINS, Shell Lake, Wis. Mr. Wilkins bookkeeper for the Shell Lake Lumber Co. For sale by All Druggists.

**Died.**

The youngest child of Mr. and Mrs. E. Kottner, aged about eighteen months old, choked to death last Sunday evening about 5 o'clock. The funeral services were held at the home on Tuesday afternoon at 2 o'clock, by Rev. J. A. Scamahorn. Mr. Scamahorn preached a very impressive sermon. The remains were then taken to the Harrison cemetery and laid away to rest until that day when "the dead in Christ shall rise." A large crowd was present at the funeral, and the family has the heartfelt sympathies of the community in their sad bereavement.

**Not Over-Wise.**

There is an old allegorical picture of a girl scared at a grasshopper but in the act of heedlessly treading on a snake. This is paralleled by the man who spends a large sum of money building a cyclone cellar, but neglects to provide his family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a safeguard against bowel complaints, whose victims outnumber those of the cyclone a hundred to one. This remedy is everywhere recognized as the most prompt and reliable medicine in use for these diseases. For sale by All Druggists.

**Resolutions Adopted by Silver Leaf Camp 1381, K. N. A., July 25, 1903.**

The Divine Creator having seen fit to call from our midst the father of one of our number, be it

Resolved, that to Neighbor Fitzgerald, her family, brothers and sisters, we extend our heart-felt sympathy for the loss of their father, J. W. Hunter; and be it further resolved, that as a tribute of respect, a copy of these resolutions be sent to our bereaved neighbor, a copy be sent to the local newspaper and one be placed on the record book of the camp.

Committee: Z. E. Withersdorfer, L. E. Bartel, C. C. Burke.

## Dysentery Cured Without the Aid of a Doctor.

"I am just up from a hard spell of the flux" (dysentery) says Mr. T. A. Pinner, a well known merchant of Drummond, Tenn. "I used one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and was cured without having a doctor. I consider it the best cholera medicine in the world." There is no need of employing a doctor when this remedy is used, for no doctor can prescribe a better medicine for bowel complaint in any form either for children or adults. It never fails and is so pleasant to take. For sale by All Druggists.

ALEX LOWRY, Owner,  
E. L. KERR, Auctioneer.

Rev. Scamahorn preached his last sermon, as Presiding Elder, at Harrison Sunday evening. There was a large crowd both morning and evening to listen to his interesting sermons. We are very sorry to lose him as Presiding Elder, but he has served his term well, only missing one appointment herein the past six years. He is visiting Rev. Horton and wife this week.

**Made His Fortune.**

A man has built up a big business at Puget Sound, near Vancouver, as the result of a holiday excursion. Instead of loafing aimlessly, he used his eyes, and, noticing a little fish, which he took to be a sardine, had some tinned, with the ultimate result that his establishment has this year sent out 175,000 cases.

**Notice to land owners.**

To all to whom it may concern.

The commissioner appointed to locate a road, commencing a point where county road No. 4 intersects the half section line running east, west through section 21, Twp. 32, Range 85, thence east on about 30 rods, thence 142 rods South in a circuitous direction and connecting with said road No. 4 at a point on or about one fourth of a mile from the point when it leaves said above mentioned half section line, and also to vacate that portion of county road No. 4 from the point where the proposed road connects with road No. 4 to the point it intersects said road No. 4 as now established. And all objections there to or claims for damages must be filed on or before noon August the 8th 1903, or said road will be established with out reference there to and also the said vacation will be granted.

Wm. J. A. Raum, Clerk.

## Adelia Happenings.

There were thirty at Sunday-school last Sunday. It is about the largest attendance, there has been.

There are two bridge gangs in Adelia, working on the bridge, about a mile and a half east of Adelia.

Mr. Curt Metts, and family have moved to Adelia for the present, as Mr. Metts is working with the grading outfit.

Miss Carrie Sides and her brother Lawrence visited at Mr. Moody's last Sunday. Miss Carrie came over to S. S. with Blanche Ayers.

Mrs. Davis now employed as cook for the grading outfit while they are working here.

James Nelson and family are moving to Remington where he will be section foreman. Mr. Ellis having quit. Have not heard where they will go to.

Earl Freels started working in the grading outfit last week.

## "THE THORN."

The above items were received to late for publication last week.

There was quite a large attendance at S. S. and after S. S. there was preaching again, by Mr. E. Zimmerman. Come again Mr. Zimmerman as we are always glad to see you come.

Miss Edna Metts returned home last Saturday from Chadron where she has been employed as waitress in the hotel.

On Monday of last week while Mrs. Davis and Mrs. Curt Metts were going to Crawford they had a horse belonging to Mr. Handschegel tied behind the buggy and a train came and frightened the horse upsetting the buggy and breaking Mrs. Metts collar bone. They went right on to Crawford to a doctor and had it attended to and she came home on the passenger the same day. She is improving very slowly but hope she will soon recover.

Miss Edie Metts has been working at the section house this week as they have had so many boarders.

There was a dance at Mr. Jordans hall Friday night July 31st given by Messrs Albert Moody and Lawrence Sides. There was a pretty good attendance and every body enjoyed themselves. The music was very good, furnished by Messrs. Frank Spense and Chester Golden. The rain in the afternoon hindered several from going that had a long distance to come, but nevertheless the dance was good and every one present enjoyed themselves. Give another dance boys in the near future and then it won't rain, and if it does give the 3rd one as the 3rd time is the charm.

Mr. Ellis, section foreman at Adelia accompanied his son, Albert, to Remford last Saturday where he will be section foreman. Mr. Ellis returned last Sunday.

Mr. Fesey, the former agent of this place left last Thursday for Ardmore, we hated to see him go, but what is Adelia's loss to Ardmore's gain. Have not heard the name of the new agent.

Well I guess I better quit as I hear the office cat say there's no more room in the paper for more news.

"THE THORN."

There are a few of our late customers that have not settled their accounts, we would be pleased to have these come in and settle, for we are anxious to close up all our accounts.

## The Keen Sense of Indians.

Mr. Stewart Edward White, who wrote "The Biased Trail," in writing about the Woods Indians in "The Outlook," tells the following and other stories to show the keenness of their sense:

"In journeying down the Kapuskasing river, our Indians—who had come from the woods to guide us—always saw game long before we did. They would never point it out to us. The bow of the canoe would swing silently in its direction there to rest motionless until we indicated that we had seen something.

"Where is it, Peter?" I would whisper.

But Peter always remained contemptuously silent.

One evening we paddled into the eye of the setting sun across a shallow little lake filled with hardy sunken boulders. There was no current, and no breath of wind to stir the water into betraying ripples. But invariably those Indians twisted the canoe into a new course ten feet before we reached one of the obstructions, whose existence our dazzled vision could not attest until they were actually below us. They saw those rocks through the shimmer of the surface glaze.

Another time I discovered a small black animal lying flat on a point of shale and its head was concealed behind a boulder, and it was so far away that I was inclined to congratulate myself on having differentiated it from the shallow.

"What is it, Peter?" I asked.

Peter hardly glanced at it.

"Ninny-moosh" (dog), he replied.

Now we were a hundred miles south of the Hudson's Bay Post and two weeks north of any other settlement. Saving a horse, a dog would be about the last thing to occur to one in guessing at the identity of any strange animals. This looked like a little black blotch, without form. Yet Peter knew it. It was a dog, lost from some Indian hunting party, and mightily glad to see us.—The World's Events.

## In Wyoming.

Mrs. Flemming who was visiting her parents, Mr. and Mrs. Z. G. Duell, was called home by a telegram announcing the serious illness of a daughter. She left on Thursday night train.

The Social at the hall on last Thursday night, was not a crowding success on account of the storm which kept a great many at home. As it was, about twenty were present.

Mr. and Mrs. Church and Miss Eva E. Church, and Mr. and Mrs. Harry Duell, broke bread with Mr. and Mrs. "Z. Kiel" on last Sunday. Call again as we are always glad to have callers even if it does cut our Sunday nap short.

Mrs. Eva E. Christian and daughter Nellie, Mr. and Mrs. C. L. Christian, and daughter Amy, attended quarterly meeting in Harrison on last Sunday.

Francis Duell was calling on friends on the Ridge on last Saturday. He was able to attend quarterly meeting in Harrison on last Sunday.

Joe Skiliski has taken a homestead joining Mr. Church on the south and is living on it. At present he is working for John Lohr.

Quite a heavy rain passed over our settlement on last Sunday afternoon.

Mr. and Mrs. J. D. Williams will take their little daughter Gracie to the M. E. hospital in Omaha soon, to be treated for congenital hip disease.

Tuesday, July 28, being the 21st birthday of Andrew Christian Jr, his sisters planned to give him a nice present; so they had a nice and valuable gold watch had by for the occasion. Andrew had no thought, on that morning, of there being a new man in the house when he came in to breakfast, until he saw his three oldest sisters approaching him bearing the watch, decorated with a fine chain. Then it dawned upon him that he was a legal voter and an all right good man and had the best and dearest sisters that any man was blest with. But, as the axiom goes "It never rains but what it pours," the surprises were not all in. His father, C. L. Christian knowing what a good and dutiful son he had been, had hid himself to town a few days before, and unknown to the rest of the family, had bought him a fine gold watch and chain, which he then brought in and presented to him. Of course every one was surprised and all were happy, but as Andrew had no use for two watches he gave one to his brother James, whose 21st birthday will come along some of these times.

Here's [?] to you Andrew; and may you live to see the return of many such birthdays, is the wish of your friend.

## Hunter Happenings.

Lots of sunshine.

Most of our people attended a funeral of Mr. and Mrs. Rohwer's little girl. We are sorry we could not be there, but we sympathize with its parents, sisters and brothers.

We attended a party at Mr. Cook's Friday in honor of Harold's sixteenth birthday. Going with the mail carrier it was a little late when we arrived, but we had a fine time while there. We had the pleasure of meeting Miss Mary Wattles, a cousin of Harold's, who with her mother and little brother are visiting at Mr. Cook's. We enjoyed ourselves very much looking at Mr. Cook's collection of relics and specimens which are the finest in Sioux county. We saw a gun that had been in the war of 1812, one in the Rebellion, one in the Revolution and one that an Indian chief had when he was killed and his son had the same gun when he was killed. Among the guests present were Willard Mills, Delbert Rice, Mary Wattles, Ella Harris, Clara Christensen, and Pearla Jones. There were several kept at home on account of rain, but those that were there had a fine time for which we all thank Mrs. Cook.

Mr. and Mrs. Bert Archard went to Harrison last Saturday after a load of house keeping things. They will keep house in the White House at Hunter.

Mrs. Weir left for home Thursday evening. She enjoyed her visit here very much. We hope she will come again soon.

George Harvey visited his family at Crawford over Sunday.

Mr. Larson, of Harrison, was helping do some company work at this place Monday.

## BOUQUET.

To the Teachers of Sioux County.

It has been decided that the final examinations of the Normal will be held in the afternoons of the last week of the Normal, and that the forenoons of that week will be devoted to professional institute work; so the institute sessions will begin at 8 o'clock each morning of the last week and continue to 12 o'clock noon, and the afternoons will be given to normal examinations or to such examinations as each County Superintendent may elect.

I am pleased to announce that the Bixby Gregg debate will be held on Aug. 3rd; Governor Mickey will lecture Aug. 5th; the Wesleyan Male Quartette will be present Aug. 11th, and Congressman E. J. Burkett will lecture August 14th, and during the last week of the Normal we are promised one or more instructors of national reputation. The above inducements ought to be sufficient to insure the attendance during the last two weeks of the Normal, of every wide-awake teacher in this district.

Every teacher and prospective teacher of Sioux County, not already in attendance, should not fail to attend the last two weeks of the Junior Normal school. If it is impossible to attend two weeks you should attend the last week as it will constitute the Sioux County Teachers Institute, and attendance is as necessary as at a county Institute. A great effort is being put forth to make this the best Institute ever held in this part of the state. Able instructors and lectures have been secured, as named above, and no doubt the Institute will be a grand success. No one should miss the opportunity, so let every one be on time.

In accordance with the school laws of Nebraska I ask that all schools in the county be closed during the Institute week of the Normal.

Yours Very Respectfully,  
CONRAD PARSONS,  
Co. Supt.

## BOYS, PROTECT THE QUAIL.

The world must look to the boys on the farm to overcome the work and tendency of the "shotgun tribe." The country boy knows what a benefit birds are to the farmer. How they kill and keep in check a great many noxious insects that would otherwise destroy crops.

Knowing these things, it is natural that he profit by them, and it is for this reason that the farm boy is seldom seen with a gun over his shoulder walking

through the woods shooting some of his best friends. Some farm boys, either from thoughtlessness or ignorance do go out and kill off their best friends the birds, just for sport, and it is right here that the farm boys who know better cure do the world and themselves a good turn.

Do not sanction hunting at all. When someone wants you to go and have some fun shooting quail just tell them you would about as soon go out and pull up a corn crop for fun. The friends, the birds, just for sport, and it grasshoppers, cut worms, army worms and other undesirable insects. If there were many more of them it would be all the better for the agriculturist. They are a very beautiful bird and their cheery "Bob White!" is a good antidote for blues.

Some boys and men talk of loving nature as they should their gun to go quail hunting. If they loved nature as much as they should they would get a pair of quails from a fancier and raise a covey rather than to go out and kill one. Someone has said that a true lover of nature loved "not to kill, but to make alive."

The state has interested itself in the quail question to the extent of making laws for the protection of the birds. This law is of great benefit and importance to the farmers and a good way for the farmer to help the matter along would be to get a pair of the birds and raise a few coveys. According to fanciers who raise them in confinement they are very gentle and tame when domesticated. It is possible that after the raising of quail becomes popular they may be found on every farm and the hunter will no more think of shooting quail than chickens.

In fact, the shotgun tribe may have become extinct.—Nebraska Farmer
