Beneficent Protection.
 The government has decided that the importer of an elephant must pay \$750 duty on the animal and the pachyderm has been left on the government's hands. However, we think the government is right in seeking to protect the infant elephant industry of the United States from the pauper elephants of Asia and Africa.

"DUCKS" NEEDED A SWIM.
 Irishman's Advice Embarrassed Young Naval Officer.

At the June polo games of the Philadelphia Country club George Gould, like all other players, wore breeches of white duck. On the porch of the club house he said, one afternoon, looking down at his breeches with a smile:

"Duck trousers always remind me of an incident that happened aboard a battleship last summer. The battleship was one of those that lay off Newport, and I was visiting it. The day was fine, and a multitude of little boats were circling about, bent on seeing all that could be seen.

"There was a young officer on board who must have sat down accidentally on a fresh-painted bench or something of that kind, for his white duck trousers were very dirty. He, though, was not aware of it. He moved among the ladies gallantly, and his trousers were an eyesore. Suddenly some one on one of the little boats below caught sight of them and in a stentorian Irish voice shouted: "Och, misther, wouldn't yer ducks be better for a swim?"—Kansas City Journal.

Such attacks are usually caused by indigestion and these Tablets are just what is needed to cleanse the stomach and ward off the approaching attack. Attacks of bilious colic may be prevented in the same way. For sale by All Druggists.

No Martyr Tablets.
