**STOCK REPORT.**

South Omaha, Neb., Sept. 9, 1903.

Cattle receipts last month were 20,000 short of a year ago. The sale of feeders was less than 40 percent of sales in Aug. 1902. This indicates a game by both feeders and range men. Prices for feeders and grass beef steers have been improving for two weeks. Corn fed steers sold for 6.00 here last week. Market so far this week is brisk and steady except on cows, which are 10c lower.

We quote choice corn fed steers 5.50 to 6.00, fair to good 4.75 to 5.40. Choice 4 and 5 year old grass beef steers 4.40 to 4.60, choice 3 year olds 4.00 to 4.25. Younger, high grade 3.75 to 4.60, coming down to 2.25. Cow stuff still low, best 3.00 to 3.25. Stock heifers 2.40 to 3.75. Steer calves 3.90 to 3.75. Grass bulls 2.00 to 2.75, veal 2.00 to 5.00.

The sheep market had held about steady except on feeder lambs which declined 15 to 25c. Demand has been fairly good on all kinds with prospect more active for this week.

We quote ewes, feeders 2.00 to 2.50; killers 2.50 to 3.00. Weathers, feeders 3.00 to 3.25; killers 3.25 to 3.35. Yearlings, feeders 3.25 to 3.50; killers 3.50 to 3.60. Lambs, feeders 4.00 to 4.25; killers 4.50 to 4.75.

Hog receipts light. Market strong. Range 5.25 to 5.70.

WY & BUCHANAN.

**A Remarkable Record.**

Chamberlain's Cough Remedy has a remarkable record. It has been in use for over thirty years, during which time many million bottles have been sold and used. It has long been the standard remedy in thousands of homes, yet during all this time no case has ever been reported to the manufacturers in which it failed to effect a cure. When given as soon as the child becomes hoarse or even as soon as the croupy cough appears, it will prevent the attack. It is pleasant to take, many children like it. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by All Druggists.

**GERLACH'S STORE.**

Rev. Horton preached his farewell sermon at the hall on last Sunday. A large crowd was out, and a few new members were taken into the church. All were sorry to think that possibly Mr. Horton would not be sent back to this charge, and all will be glad if he comes back again, for he is well liked by all, both as a minister and as a man. Every one has the greatest respect for him, and 'tis the wish of all, that he will be sent back again.

On last Sunday night, about 8 o'clock, as we were writing this list of items, we heard some one calling. On going to the door we heard a voice out on the prairie which seemed to say, "O Zekiel, when you send in this week's items, tell 'em that I can't go buggy riding with my best girl without Walt Boyles and Roy ZomBronnen following me." This was followed by the soft, merry ha, ha, of "my best girl," which made us feel that we'd like to be "I" wherever that may be, regardless of Walt and Roy.

Mr. and Mrs. Newlin went to Harrison last Monday to consult Dr. Ames in regard to their little daughter Nellie, who has been ailing for some time. There being an epidemic of whooping cough in the town they were in a quandary as to where to put up, not wishing the little one to be exposed to it. Your big hearted townsman, Mr. McGinley, came to their rescue and invited them to partake of the hospitality of his home, which they did, and they are truly grateful to be and his sister for hospitalities shown. ZEKIEL.

**A LETTER FROM MRS. E. L. RICE,** Hotchkiss, Colo. Aug. 31 1903. And so M. A. C. has been enjoying an outing in the mountains. How glad we were to read about it. And also to know that you and her family were well and happy. And to read what Timothy had to tell of our friends and neighbors. We were even interested in Mr. Geo. Grim's toothache as reported by Zekiel and sorry for him too. We have had toothache ourselves, so perhaps our friends will be glad to learn that we are well and hope they are the same, if there isn't much else to tell. A week ago Sunday we presented our letters and were received as members of the Methodist church at Hotchkiss. There is a band of earnest and consecrated workers there and we shall feel at home among them. Two weeks before Mr. and Mrs. Fred Bendix were received by the Baptist church and Gertie and Edith Bonax were received on profession, having been converted recently. Both the M. E. and Baptist ministers preach regularly at the Mesa school house, where we all attend S. S. The Baptist people have lately had a series of meetings there and in town, which led to some conversions and the building up of christians.

Apricots and early peaches have come and gone, and it will not be long now until the Elbertas are ready to ship, which means busy times for every body for ten days or more. Peaches are a big price this year as frost injured them in many localities; they are all right in the North Fork valley however. Many are busy putting up the second crop of alfalfa. The hay crop is very heavy this year, and the fruit crop is said to be good. I have not been here long enough to be able to compare it with other years but it certainly seems like an abundant crop to me.

I have been rather glad I was not in Nebraska as I have read of the lightning and hail, floods and cloud bursts. We had a rain the other day; a very gentle little drizzle for three hours, and that is about the only time the dust has been laid since June, but as long as the ditch runs we don't care. The serious trouble comes when the ditch breaks, as our new Eye M. does occasionally, and the water is shut off for a few days, then the grubbing is loud and long, and the scolding is direct toward the ditch superintendent instead of the clerk of the weather. He must be a little more sensitive than the mythical clerk of the weather, for he resigned the other day and left somebody else to take the scolding. We are told that as the ditch grows older the danger of breaks will decrease.

As I do not know how else to reach them, I want to thank the friends who were assembled at the Sioux County
