Owee His Life to a Neighbor's Kindness.

Mr. D. P. Daugherty, well known throughout Mercer and Sumner counties, W. Va., most likely owes his life to the kindness of a neighbor. He was almost implacably afflicted with diarrhoea; was attended by two physicians who gave him little, if any, relief, when a neighbor learning of his serious condition, brought him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which cured him in less than twenty-four hours. For sale by All Druggists.

Call For Bids.

Glen, Nebr. Aug. 10, 1903. The board of school district No. 19, Sioux Co., Nebr. will receive bids for a new school house until Sept. 18th at 6 o'clock P. M. when bids will be opened. N. B. Board reserve the right to reject any or all bids. For specification call on or write Director.

PETER MORTENSON, Director.

Remember the convention call in another column, and let everyone attend the primaries and see that proper delegates are sent to represent you. We want the best men put forth that we have and unless you as a citizen see to it that the right men are selected to represent you in the county convention you are likely to have men nominated that you don't want or can't support.

The worst snow storm that Sioux Co. has ever had at this time of the year, commenced last Sunday night, and lasted until Monday night. It snowed on Friday night and Saturday and Sunday during the day it did not snow but felt very much like winter weather, but Tuesday morning old soles rays soon made the beautiful snowflakes disappear and we hope they won't come out of season soon again.

A Remarkable Record.

Chamberlain's Cough Remedy has a remarkable record. It has been in use for over thirty years, during which time many million bottles have been sold and used. It has long been the standard and main reliance in the treatment of croup in thousands of homes, yet during all this time no case has ever been reported to the manufacturers in which it failed to effect a cure. When given as soon as the child becomes hoarse or even as soon as the croupy cough appears, it will prevent the attack. It is pleasant to take, many children like it. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by All Druggists.

Rev. L. W. Horton returned on Monday's train from Valentine where he has been attending conference, and he brought us the sad news that he was going to leave us and that for a time Rev. Seamhorn will supply this place only, and that means that Pleasant Ridge will not be supplied from this point for a time at least.

The Presiding Elder D. J. Clark will get a man for this field as soon as he can. We as well as many others regret to see Bro. Horton leave us for he has done a good work, and the chances for great work was opening up before him which he in his whole souled way was always willing to do. He goes to Stuart where the people can rest assured that they have a worker in whom they need not be ashamed, and one that will always be found laboring for the masses.

Stomach Trouble.

"I have been troubled with my stomach for the past four years," says D. L. Beach of Clover Nook Farm, Greenfield, Mass. "A few days ago I was induced to buy a box of Chamberlain's Stomach and Liver Tablets. I have taken part of them and feel a great deal better." If you have any trouble with your stomach try a box of these Tablets. You are certain to be pleased with the result. Price 25 cents. For sale by All Druggists.

MANAGER WANTED.

Trustworthy lady or gentleman to manage business in this County and adjoining territory for well and favorably known House of solid financial standing, \$20.00 straight cash salary and expenses, paid each Monday by check direct from headquarters. Experience money advanced position permanent. Address MANAGER, 610 MONOX BLDG., CHICAGO, ILL.

SUNDAY SCHOOL INSTITUTE HELD AT HARRISON.

The Institute held last Sunday by Prof. H. M. Steidley, field secretary and Miss Mamie Haines, Supt. of the primary work, was the best thing in the way of Sunday School that Harrison has ever had. The sessions in the morning, afternoon, and evening were well attended, and a more appreciative audience could not be asked,—the only losers were the ones that did not attend.

Prof. Steidley is so able and logical a speaker, and his subjects were well chosen, and if any one present did not understand or receive a benefit from his talks it was no fault of his.

Miss Haines in her clear and earnest manner, briefly analyzed many things that are worrying not only the church but parents as well. These workers will be with us again when we hold our county convention next year and we know they will look forward with pleasure of coming to Harrison again; for they said they have been in no place that they received a more appreciative people than at Harrison. Their compliments paid to the ones that sang, and taken such an interest to make it pleasant for them while here was great and well may Harrison feel proud that her people have done her credit, for Blessed is he that cometh in the name of the Lord.

Adelia Happenings.

As we are writing these items it is snowing outside.

Mrs. Ellis's father, mother and sister from Litchfield, are visiting them this week.

Mrs. C. E. Wilson, from Crawford, came up Sunday to see her son Floyd, who is teaching this school.

Mr. Edis, his father-in-law and also his sister-in-law went up to Hot Springs Sunday, but did not enjoy themselves very much, as they had to wait a couple of hours in Edgmont for the train, and so had only forty minutes left to see the Springs in. They returned on the night passenger Sunday night.

This city was quite a business place place last Monday. There was twelve car loads of cattle shipped from here to Omaha. Messrs. Bobt Harrison, John Serres, Samuel Swinbank, Peter Raben, Frank Miller, and A. P. Rosenberg went to Omaha with the cattle. Messrs. Samuel Swinbank and Peter Raben stopped off a day at Lincoln to see the state fair. The others returned home on Friday, except Mr. Miller, who went on a visit back east. They all returned happy and feeling good, and did not need a doctor when they came back.

It was snowing Sunday so there was no one came to S. S. except the superintendent, Mr. Clint Metts.

A. McGinley and V. A. Hester came out victors.

There has been a great deal of guessing and a great deal of worry of the above gentlemen's friends, as to the results of this case but we are glad to say that right, has righted itself once again. Wyoming as well as all other states make some very foolish laws, and this one was not only foolish but detrimental to the state's own interest. The law was such that every hoof of stock had to be inspected before it could cross the line into Wyo. and parties living across the line could not keep their stock from coming into Nebraska, and as twelve citizens of the state of Wyoming have said; that Mr. McGinley and Mr. Hester were not guilty of any violation of the law, has only substantiated what we said when they were first detained, and bound over on the charge of violating the law it was this; that neither of these gentlemen would purposely break or violate the law of any state. A great many of the smaller stockmen feel elated over this decision for a victory for the state meant annihilation to them. No doubt the expenses has been great to these men in having to defend their rights, and prove that they were not law breakers; but the man that is in a right can always do this. We have known these men for a number of years and while they may have their faults they stand among our best people for the right and a more generous-hearted man than Mr. McGinley Sioux county hasn't within her borders, and we rejoice with these men in their victory; that they dare stand for their rights that be the great state of Wyo. that was fighting them.

Mr. Ashbrook shipped fifteen cars of cattle from Hunter Sunday.

Mrs. Whitton of Sheep creek came over to visit at Hunter Saturday evening, returning Tuesday morning.

BOQUET.

BREEZES FROM CENTRAL CITY.

It was reported here Sunday that snow has fallen at Chadron and farther west and we are willing to believe it for it turned cold here Saturday, and Sunday we kept a fire for comfort. Cloudy cold and heavy rain. It has rained so much it has been hard to "make hay when the sun shines" or thrash either. Farmers are anxious to get wheat sown, and just as anxious for the frost to hold off a couple of weeks yet.

Kearney seemed to be the only city that was not disappointed in the location of the new Normal and time may make some changes yet. It does not appear to have been all straight goods. We seem to need a new primary building just now, more than we do a Normal as one of the city schools has 43 new primary pupils, have not heard how many beginners there are in the other building. The Institute was the best this summer that the country has had in many years. Prof. Fordyce, Dean of College of Sibal Arts, Wesleyan University was one of the leading lights and able instructor.

College begins next Tuesday with a brighter prospect than last year. About ten of us ladies planned to drive to Clark's the 26th of last month to attend the W. C. T. U. county convention, but it rained and rained so much, we had to give it up and only five went on the

private vengeance was restored to many times each year. Vigilance committee's were numerous; lynchings the usual thing; bands of cattle thieves were at work. Right here in Holt County, hundreds of cattle were stolen every year.

Since these judges have been on the bench the laws of the state have been enforced. As a result the man with the rope; the man with the branding iron; the man with the mask have disappeared. We hear no more of lynching, cattle rustlers and "Gulch boys. The record of these men will stand the white light of careful scrutiny. They are men of fairness, integrity and ability. We know what they have done. Why make a change? Why not "let well enough alone?"—Evening Advocate.
