Clerk of the district court, Wm. J. A. Beum has been notified that the regular Oct. term of said court, has been adjourned until October 26th 1903, and that said jurors will appear at the court house on said date at 9 o'clock A. M. unless otherwise notified.

Mrs. Joseph Statney's mind has been somewhat unbalanced since last Friday, and she requires constant attention to prevent her from doing herself bodily harm. Mr. Statney is away from his ranch, on the round up, and it seems that he can't be located. The ladies of Harrison are caring for in a heroic manner with the hopes that she may soon be herself once again.

Frank Sides and wife of Lone Tree visited on Cottonwood last Saturday and Sunday. School opens in Dist. No. 4 to day (Oct. 5th) with Miss Beattie Poiry at the helm. Grant Benson and family nephew of Andrew Procnier are visiting at the home of the latter. Mr. Benson expects to locate here. J. E. Arner is home again after a months absence in Wyoming where he has been attending court and looking after his stock. Glaze and Cutlers are in the valley with their new threshing machine and its busy hum is heard every day the weather permits, those that have threshed are Messrs. Lux, Fellers and John Meckema. The machine is now at Anton Meckema. The grand yield so far is good, will report more definite later on.

We understand the Republicans have nominated A. L. Leithoff for commissioner for the 2nd district. Mr. Leithoff has been posing as a Populist for several years, and such a sudden change of front with a nomination on the other end don't look very well for either Mr. Leithoff or the Republican party, but as the voters will not let down hard enough on him to let us know, we will refrain from saying more on the subject at present.

HERE AND THERE.

The Crawford dentist, Dr. T. H. Spindlo.

The new firm of Richards and Jones has taken possession of the Pioneer Pharmacy which they purchased from J. E. Phinney some time ago, and we take pleasure in introducing them to the public, and trust that they may prove themselves worthy of the high recommendations that they bring with them. The name Pioneer Pharmacy, will not be changed. Read their ad in another column.

Ran a Ten Penny Nail Through His Hand.

While opening a box, J. C. Mount, of Three Mile Bay, N. Y., ran a ten penny nail through the fleshy part of his hand. "I thought at once of all the pain and soreness this would cause me," he says, "and immediately applied Chamberlain's Pain Balm and occasionally afterwards. To my surprise it removed all pain and soreness and the injured parts were soon healed." For sale by All Druggists.

DIED.

Joseph Chuskey died at his home near Glen, Monday evening, Sept. 28, 1903, about 5 o'clock. Mr. Chuskey was a native of Poland, Russia, and came to this country fifteen years ago. He served in the Russian army for thirty years, and during the last ten years he served as captain. At his death he was 83 years and 4 months old. He was buried on his own piece in a spot picked by himself six years ago, among the pine trees.

He Learned a Great Truth.

It is said of John Wesley that he once said to Mistress Wesley: "Why do you tell that child the same thing over and over again?" "John Wesley, because once is not enough." It is for this same reason that you are told again that Chamberlain's cough Remedy cures colds and grip; that it counteracts any tendency of these to result in pneumonia, and that it is pleasant and safe to take. For sale by All Druggists.

The Press-Journal man had the pleasure of once again picking up apples from a tree. This feat was performed in Robert Harrison's orchard in Sugar Loaf precinct last Tuesday. It has been 13 years since I last had this pleasure and it surely reminded me of boyhood days to see the big red apples lying under the trees and with a cider press standing ready to press the juice from the rosy apples. Mr. Harrison has demonstrated that fruit can be raised in Sioux county if it is properly cared for.

Adelia Happenings

Several of the young folks attended the dance at Mansfield Saturday night.

Mrs. Mathney came up from Crawford Saturday with her household goods and will make her home in Adelia this winter.

There was a pretty good attendance at S. S. Everybody try and come next Sunday as there will be S. S. as usual at the school house at 8 o'clock.

Mr. J. B. Burke came down and visited S. S. last Sunday. He gave a little speech which was appreciated by all.

Come again Mr. Burke as we are always pleased to see you; he also visited at A. P. Rosenburgs while down.

Mr. A. P. Rosenburg and daughter Hilda went to Harrison Friday and returned home Sunday. Mr. Rosenburg attended the convention and Hilda visited with friends and also attended the dance at Harrison. She reports having a very nice time as the Harrison people are so kind and willing to show a person a good time.

THE THORN.

In Wyoming.

To the readers of the PRESS-JOURNAL, who have so patiently borne with my items, from this locality, for the past five years, I will have to bid adieu.

To my brother and sister correspondents, Timothy; Peggy; M. A. C.; Bob; and Blossoms; Bouquet; and Mrs. Rice, I have the greatest respect, and wish you all the greatest of happiness, good health, and may you continue to brighten the columns of the PRESS with your witty sayings and oeswy items. Sickness and death have entered our home and carried away our darling baby, Nellie Bee, the pride of the household. Her mother and I are sadly grieved—a dark shadow has been thrown across our path, which not even time can entirely erase.

To my friends and neighbors, who have furnished material for my items, and who have anxiously scanned the paper for Zekiel's writings, and have read them with interest, commenting thereon, praising and criticizing, as the occasion demanded, I have nothing, but the greatest of neighborly love and with my regrets that I feel that we must leave your neighborhood to become citizens of another great state, Nebraska, to mingle with, and be one of the people of Harrison. Still we feel that we are not going among strangers, as the past few weeks have shown that we, as a family, have staunch friends there. We expect to move our household goods there this week; therefore with sorrow I bid you all goodbye. JOHN H. NEWLIN.

Hunter Happenings.

Tom Jones was a Harrison visitor last Thursday.

Bridie Jones was on the sick list one day last week.

Mr. J. D. Proctor was a Harrison visitor one day last week.

Miss Anna Hanson visited over night with Eva Proctor Monday.

Lots of squally weather now a days we will have snow before long.

Mr. Neeco, Mr. Doyle, Mr. Zerbe, Mr. Proctor and Mr. Smoke shipped a train load of cattle one day last week.

We are very sorry to hear of little Baby Newlin's death, but we trust that she is now dwelling happily with the angels.

Mr. Rice moved his family to Shepherd's Rest or Roshod avenue. The two children Feibert and Velina will attend school this winter. We welcome them as we are very glad to have more scholars at school. We now have eleven scholars.

Bodarc Gleanings.

John Cuffee, who went to Chicago last week, returned to the valley Monday evening.

F. M. Hall has moved his family into the Bunge house, so his children may attend school this winter.

J. B. Burke passed through Bodarc Sunday on his way to Adelia, to attend Sunday School at that place.

Fay Antrim, who has been on the sick list for the past few weeks, is some better and able to be about, but improves slow.

The hum of the threshing machine, run by Schaefer Bros., is heard around the grain yards in this part of the valley this week.

We learn that Jess Grimvict, who has been visiting with friends and relatives in Missouri the past few months, returned to the valley last week.

John Seres and Wm. Miller were busy Monday putting in window lights, and otherwise preparing the school house in district No. 9 for occupation next Monday.

Mrs. Leonard Dout and her children have been visiting at the home of her parents during the past week. She returned to her home at War Bonnet Sunday.

The Bodarc school opened again Monday. We did not learn the number enrolled, but presume it will be small for a while, as some are still having a tussel with the whooping cough.

The many flocks of wild ducks going south just now indicate cold storms at the north, and we are more than likely to feel them here soon. Some have taken warning and are getting up their winter supply of wood lively.

October entered in a very angry mood, in this locality at least. We seldom have such thunder and vivid lightning so late in the season as we experienced the first night of the month, but this is such an odd year any way, one need not feel surprised at any freak of the weather.

Zekiel has moved to town and his pets have strayed away. Arthur Miller accidentally shot five of them last week—the first Sandhill cranes we ever seen. It will be impossible for Zekiel to prove his claim to them now, but we would advise him to keep a close watch on the rest of his flock. M. A. C.

OVER IN WYOMING.

Several of the neighbors went over into Nebr. to help Mr. Watson thresh on Monday.

So far Fred Deuel had the best yield of oats on the Ridge this year, a little better than 30 bu. per acre.

George Shatto is threshing in Mr. Weber's stead while the latter is attending district court in Harrison.

Mr. Holterfield and family, John Lohr and family, and J. J. Zum Bronnen and family called on C. L. Christians people Sunday.

Weber and Witt finished threshing on the Ridge at John Sutton's place and pulled over the line into Nebr. to thresh for Lo Wilson.

The Lyon Bros. came up to the Ridge to start Christian Bros. new threshing machine on Monday at C. L. Christian's place, they have a fine looking machine and it ought to do good work.

Ole Thompson was taken to Harrison Monday by his father to see the M. D. When they came home Miss Bertha accompanied them. Ole's broken limbs doing well and Bertha is improving.

Dame Ratner has it that Walt Boyles is to be married at Casper this week. He went to Casper on a special Sunday, which seems to confirm the rumor.

Here are our compliments to Mr. and Mrs. Boyles.

War Bonnet Topics.

We had quite a fine rain last week but wasn't much needed.

Mr. and Mrs. Gustave Norisch visited at Clem Leelings Sunday.

We haven't all of the school seats yet and one month of school gone, to bad when we had all summer to have got them.

George Garretson was down from Old Woman creek Sunday. I guess he must have some young woman attraction in the valley.

There was a surprise party at Sam Knorr Saturday night it being Mrs. Knorr's 26th birthday they all enjoyed a delicious supper and had a fine time that they will long remember.

Miss Nellie Scott and her brother Ed took in the Harrison dance and report a good crowd, although the night was rainy, George Plunkett was also there from this valley.

We have a new organ at our house now, we have 2 violins, 1 bass, 1 mandolin and the organ, and I guarantee we can make as much noise as any family in the country. If you don't believe it come and see.

Young man, did you ever put your arms around your dear old mother, who has loved and cared for you and tell her that you love her and are grateful for the tears she has shed and the prayers she has offered for you? She may think that you love her without you assuring her that you do, but it costs you but little effort to tell her and your words may bring more joy and sunshine to her heart than you ever dreamed of. Some young men will pay two dollars for a living rig to ride three hours with a seventy five cent girl and tell her all the nice things they can think of that are true, and more that are not true, and don't spend five cents or five minutes in a year to show their old mother that they care anything for her.—Ex.

THE CONVENTIONS.

The Democratic and Populist conventions met last Saturday, and owing to a tie vote in the Democratic convention they would not concede the office of county clerk to the Populist, hence they put up a full ticket. The Populist ad journeyed without putting a ticket in the field or endorsing the one put up by the Democrat. While the Populists did not get what they wanted they will support the ticket put up by the Democrats. The ticket nominated is William Gayhart, Co. Clerk, Montrose precinct, Carl Lux " Treas., Cottonwood " Alex Lowry, Sheriff, Bowen " John H. Lacy, Judge " J. B. Burke, Co. Supt. " Pat Lacy, Coroner, War Bonnet " Michael Robling, Surveyor, Hat Creek " Claus Christensen, Assessor, Montrose precinct. A motion was carried to give the county central committee power to fill any and all vacancies that may occur on the ticket between now and election.

The ticket is made up of good men, and should receive the support of the entire Fusion forces, for there is not a man on the ticket but what is fully competent to fill the office nominated for.
