JOES OUT OF BUSINESS

DISAGREEMENT OF WORKMEN CAUSES WRECK

New York, Oct. 7.—Sterling F. Hayward of this city has been appointed receiver of the Morse Iron Works and Dry Dock company, which has operated a \$2,000,000 plant in South Brooklyn, said to be one of the largest on the Atlantic coast. The receiver is a director of the company. He was appointed by Judge Thomas on application of three creditors whose combined claims amount to \$15,000. Receiver Hayward says the liabilities of the company are about \$1,000,000 that the plant is worth twice that sum.

He expressed much bitterness against the labor union which he declared caused the closing of the yards and the destruction of a splendid business which Mr. Morse had built up in less than twenty years, having begun himself as a workman. The yards employed 3,000 men when the trouble with the union began. Cancellation of contracts was necessary and, as further strikes were declared, the number of employes dwindled to a few hundred.

Steal Money and Steamer

Manila, Oct. 7.—George Forman, chief inspector, and C. J. Johnson, constabulary supply officer, both stationed at Missamis, Mandanao whose acts were under investigation, took \$6,000 from the safe, seized a steamer and have started for Borneo. Running short of coal they stopped a native vessel and took from her a new supply. A steamer has been sent to Borneo to intercept the fugitives.

Bishop Doherty, the first American clerical dignitary appointed for the islands, has just arrived here. An enthusiastic welcome was extended to him by the Filipino and Spanish-American residents.

General Ota, leader of the insurgent armies in the province of Albay, Luzon, continues to turn out the guns of his command to the American authorities. During the campaign 100 insurgents were killed and 700 men and 100 guns were captured. At the time of the surrender Ota's men were in rags, hungry and covered with sores. He has promised to help the authorities to capture Toleno and Laria, the insurgent leaders still at large. General Allen says he has promised to grant immunity to Ota.

Washington, Oct. 6.—The war department today received the following cablegram from Governor Taft: "Governor Betts reports the surrender to Colonel Bartholtz of the constabulary, of thirty-three more rifles, at Ligo, Albay, making a hundred in all. Duty Must be Done

St. Louis, Oct. 7.—Sweeping instructions to investigate naturalization frauds, "get-rich-quick" schemes, fraudulent concerns operating under the guise of a legitimate brokerage business and all games of chance, which trick the ignorant and unwary, were delivered to the newly impaneled federal grand jury by Judge Elmer B. Adams of the United States district court today.

Judge Adams dwelt with particular vigor on the subject of naturalization fraud. He said: "To get at the fountain head of this grave offense against the laws of the United States you must get the men in high places. Report anybody, rich or poor, high or low, irrespective of his position."

Boycott an Illegal Weapon

Boston, Oct. 7.—In addressing the special commission on relations between employer and employe at a hearing today Samuel Davenport of Bridgeport, Conn., agent of the American anti-loyalty association, said that he thought the commission was satisfied that the boycott was an illegal weapon and that the American Federation of Labor, a combination of 1,400,000 men, was a menace in that its enormous power rested in the hands of its president. He said that it should be made plain that every member of a union was responsible for the illegal acts of its officers in declaring a boycott.

KANSAS TORNADO

TORNADO PLAYS HAVOC IN PARTS OF CENTRAL KANSAS

Emporia, Kan., Oct. 8.—Three persons were killed outright, two fatally injured and fourteen others more or less seriously hurt, with enormous property damage, is the result of tornadoes that prevailed near Hamilton, Greenwood county, and near Aliceville, in Coffey county, Kansas, Tuesday night. The town of Aliceville, which has 200 inhabitants, was practically demolished. Wires were prostrated and the extent of the storm was not learned until late Wednesday.

TOWN NEARLY WRECKED

THREE KILLED OUTRIGHT AND SIXTEEN INJURED

CROPS GREATLY DAMAGED

FATALITIES ALL IN NEIGHBORHOOD OF HAMILTON

Extensive Region Storm Swept and List of Casualties Probably Not Complete Property Damage Heavy

The Hackley was struck by the squall when some distance off Green Island, which is seven miles from Marietta. The upper work was blown away before the men could reach a haven. The boat then turned over and went down in deep water. As the Hackley went to the bottom, those who could, seized floating pieces of wreckage, while the women and three or four of the men, falling to find any object to which to cling, sank in the raging sea, as far as is known.

The darkness made rescue slow, but the officers of the Sheboygan feel sure that they took aboard every person afloat. Some of the persons who were rescued say that it is possible that one or more of the eleven persons missing may have escaped death. This view is not given much credence by the sailors of the Sheboygan.

The Sheboygan made into Fish Creek when hope of rescuing other persons seemed improbable. The rescued persons were so exhausted from their struggle against drowning that they were unable for some time to tell anything about the wreck.

The persons saved by the Sheboygan say that with the crashing away of the upper work, all persons aboard the Hackley ran on deck. Hasty preparations for a plunge into the water were begun but before any plans could be carried out, the boat listed, turned over and went down like a rock.

Heavy rain and wind storms were general all over central Kansas with the exception of those near Hamilton and Aliceville and vicinity, however, they did only minor damage. In Greenwood and Coffey counties five distinct funnel shaped clouds formed at about the same time. The two largest of these clouds struck near Aliceville, and traveling southwest, destroyed buildings and crops over a strip a quarter of a mile in width. At Aliceville everyone of the fifty houses in town were either totally wrecked or moved from its foundation.

At Aliceville but one person, William Bruce, was seriously hurt. He will die. Southwest of Aliceville, in Coffey county, heavy damage was done to farming property. The farm house of John Earlwise was torn to pieces and four members of the family slightly injured. The house of J. W. Atherton was blown away. All the member of the Atherton family except a young daughter, escaped injury. She will probably die. The other injured lived four miles west of Hamilton, where, within a limited locality, nine farm houses were destroyed. Many small buildings were turned over and hundreds of stacks of hay and corn shocks scattered.

Life Crushed Out

Humboldt, Neb., Oct. 8.—Worcester reached here of the accidental and probably fatal injury of Charles Scholpp, a young German farm hand, who for several years has been in the employ of L. J. Segrist, a local farmer and stockman. Scholpp recently left with a threshing gang for western Kansas and while in Norton county a few days ago fell from a water wagon, the wheels of which passed over his chest, almost crushing the life out of him. For a long time he was thought to be dead, but after hard work some signs of life were noticeable. The physician fears internal injuries and holds no hopes of his recovery. The young man was about thirty years of age and unmarried.

Offered to Sell Position

Emporia, Kan., Oct. 8.—To Judge Kephlinger of the Kansas City, Kan., mercantile club, who is here gathering information on the allegations of hoodlum made against the Kansas City board of education, Professor Sawtell, principal of the Emporia high school, is quoted as saying: "I was an applicant for the principalship last year and was informed by a third person that I could have the job for \$200. I turned down the proposition. A second proposition was advanced and I turned it down without learning what it was. I found out many things that were rotten to the core and am willing to tell them before a grand jury."

Professor Sawtell will go to Kansas City next Friday to aid in the investigation.

Stroke May be Fatal

Humboldt, Neb., Oct. 8.—During the thunder storm at an early hour Tuesday morning John Gutzmer, a young farmer living a few miles north of the city, was struck by lightning and fears are still entertained that his injuries may prove fatal.

Collision Causes Explosion

Springfield, Ill., Oct. 8.—The engine of a Chicago, Burlington & Quincy passenger train, which entered the yards at Beardstown at the rate of twenty miles an hour, early this morning, left the main track through an open switch and dashed into a string of six loaded oil tanks on the side track. Two of the oil tanks exploded, setting fire to the cars and sheds nearby. The main car of the passenger train was consumed entirely, and the train is almost a total wreck.

DEATH ON LAKE MICHIGAN

ELEVEN PERISH IN SQUALL ON LAKE MICHIGAN

Marietta, Wis., Oct. 5.—During a squall Sunday night on Lake Michigan, the steamer J. H. Hackley capsized, and eleven persons were drowned. The Goodrich line steamer Sheboygan early Sunday morning rescued the other seven persons who had been floating about for several hours on pieces of wreckage. Report of the disaster reached Marietta today.

The Hackley was struck by the squall when some distance off Green Island, which is seven miles from Marietta. The upper work was blown away before the men could reach a haven. The boat then turned over and went down in deep water.

The darkness made rescue slow, but the officers of the Sheboygan feel sure that they took aboard every person afloat. TRIAL COMMENCED

WILLIAM TURLEY CHARGED WITH KILLING NEIGHBOR

HE CLAIMS SELF DEFENSE

CRIME OCCURED ON AFTERNOON OF MARCH 21

PIGS INVADE A CORNFIELD

AND ARE KILLED WITH A PITCH-FORK BY BLISS

Turley Has Been A Prisoner of the Hall County Jail Ever Since the Crime and Has Not Worried Much Over Outcome

The trial of William Turley, for the killing of Norman T. Bliss, three miles northeast of Shelton, Neb., commenced in the district court of Hall county Monday morning.

The crime occurred on Sunday afternoon, March 21. Bliss was a farmer residing at the time however with his family in the city of Shelton. His farm house was unoccupied excepting as use by him for meals, and at times at night when work compelled him to go out to the place. Turley was the renter on another farm adjoining on the west, the latter being in Buffalo county. Turley had moved to this farm only on the Saturday before the day of the shooting. He had charge of some hogs belonging to the place, which had previously gone over the road and onto Bliss' land and fed from a pile of corn in Bliss' fields. The evidence submitted to the coroner's jury at the time of the trial tended to show that Turley, accompanied by his son and another little boy walked over to the Bliss' field, from which Norman Bliss and his son had been chasing Turley's pigs, of which pigs Bliss and his son killed two; that Turley saw the pigs which had been killed and the manner in which they had been dispatched, (with pitchforks) and that Turley asked Bliss about it and that the latter, then in the road, told Turley not to ask too many questions; that Bliss, who was carrying a pitchfork, went into the field to order Turley off, and that after having done so, and Turley having refused, and threatened Bliss, the latter began walking away from Turley; that while Bliss was walking away in the direction of his house and had his back turned toward Turley, Turley discharged one barrel, about fifteen foot lodging in Bliss' left arm and side, from the rear; that Bliss then turned around and said, according to the witness: "Don't shoot, don't shoot," and according to another, "I'll pay you, I'll pay you;" that immediately Turley pulled the other trigger, about fifty shot entering the right breast completely perforating and destroying the right lobe of the lung, causing extreme hemorrhage and instant death. The evidence further went to prove that Turley thereupon walked away without stopping to see if Bliss was dead, went to his home, told his wife he had shot a man, rode to Shelton and gave himself up to the village marshal. The shots were fired at a distance of about twenty feet.
