Do Good - It Pays.

A Chicago man has observed that "Good deeds are better than real estate deals - some of the latter are worthless. Act kindly and gently, show sympathy and lend a helping hand. You cannot possibly lose by it." Most men appreciate a kind word and encouragement more than substantial help. There are persons in the community who might truthfully say: My good friend, cheer up. A few doses of Chamberlain's Cough Remedy will rid you of your cold, and there is no danger whatever from pneumonia when you use that medicine. It always cures. I know it for it has helped me out many a time." Sold by All Druggists.

The Sun makes a statement, that the Press-Journal, is trying to fool the people by saying "Our ticket" instead of "Democratic ticket." We will say that the fusion of these two parties have been on principles, and the principles remain the same today as in years gone by, and not simply for office, as the Sun would have the people to believe, and as the Democrats offered to give the Populists every thing but the clerk, and by their refusing in convention to do this, we can't see that the Populists were turned down. It is quite amusing to see Republican organ speaking of the intelligence of the Populists, when for the past few years the Republican party styled their fanatics, and in some cases anarchists. It won't do, your motives are not right, and the Populists well know it, in another column he speaks of J. B. Burke trying to prejudice the voters of Sioux County against Mr. E. F. Pontius by simply stating his occupation, and why he thought the people should not support him in preference to Mr. Gayhart and that his face would burn with shame were he to attempt to create a prejudice against another because of his honorable means of supporting himself and family. The editor of the Sun has got very philanthropic all at once in his demeanor toward his fellowman, for we know that he has never failed to use the opportunity of turning down J. B. Burke when ever he had a chance, and has made several thrusts at him through the columns of the Sun, which the files of his office will bear record, but were never replied to by Mr. Burke for the reason that the people know him, and they know that he does not have to answer anonymous statements to retain his standing. Mr. Burke respects Mr. Pontius, and would do nothing knowingly against him that would rob him of the means of providing for himself and family; for if we have been rightly informed he is getting a salary of sixty dollars per month and house rent free, and if this be true, why the Sun would try and make the people believe that Burke was trying to take the bread and butter from Mr. Pontius and his family, is something unreasonable. It was not our intention to say anything further in reference to Mr. Pontius than was said last week, but such a sudden change of heart on the part of the Sun in trying to lift up one man by turning down another does not seem very consistent if consistency is to be used in this matter which the Sun seems to lay for a foundation. We wonder why the voters are not asked by the Sun in introducing the different candidates to vote for them all, instead of only asking them to vote for the clerk.

French "Made in England."
 The report that M. Loubet could not understand Lord Lansdowne's French and requested him to speak in English is entirely untrue, and has been set on foot by certain unprincipled rivals for political purposes. - London Punch.
