The Harrison Schools are to give an entertainment next Wednesday evening and the teachers and school boys are laboring very hard to make a success of it. The saying is: "Practice makes perfect" and if so they will have a perfect entertainment for they are practicing to that point. If you want to enjoy the evening come and attend it, and show the teachers and scholars you appreciate their efforts and enjoy their entertainment. The proceeds of this entertainment go to a good purpose, "a library for the school." Let everybody who comes, not be afraid to bring somebody with them for the hall is plenty big and will hold the crowd. If you are tired when that night comes, remember the next day is Thanksgiving and is a holiday and you can rest all that day and feel assured that you attended a good entertainment, for which you may be thankful. Anybody and everybody are invited to come to accept the invitation.

Hunter Happenings.

Plenty winter weather. Tom Jones was a Harrison visitor Saturday.

Chas. Irons returned from Omaha Thursday.

Onave Harris shipped cattle from this place Saturday.

Mr. Rice and Loran Lewis are rail-riding at present.

J. E. Hunter came up the last of the week and shipped some cattle Saturday; he went in charge of them.

Tommy and Patsy Jones and grandpa Baldwin were quite sick nearly all of last week, we are glad that they are nearly well again.

Bert Archard and Dick Hovay are quite busy these days preparing for winter and getting the school wood, these cold days makes a body think of his summer wages which are gone never to return.

Elmer Hughes went to Omaha in charge of Mr. Langworthy's cattle Saturday, he expects to visit home and old friends before he returns. Pele Jones is staying with Mrs. Hughes while Elmer is gone.

If you never seen any one with a long face you ought to have seen Mrs. Jones Monday. When she found two windows full of plow nearly frozen to death, but the boys and Blowsy's are a and looking lot, and the beautiful foliage is entirely gone, the big Potentilla plant which was full of bloom looks like the last rose of summer, it was the peak of the whole collection and had forty or fifty buds at one time.

The Best Remedy for Croup.

[From the Atchison, Kan., Daily Globe.] This is the season when the woman who knows the best remedies for croup is in demand in every neighborhood. One of the most terrible things in the world is to be awakened in the middle of the night by a whoop from one of the children. The croup remedies are almost as sure to be lost, in case of croup, as a revolver is sure to be lost in case of burglars. There used to be an old-fashioned remedy for croup, known as hive syrup and tolu, but some modern mothers that Chamberlain's Cough Remedy is better, and does not cost so much. It causes the patient to "throw up the phlegm" quicker, and gives relief in a shorter time. Give this remedy as soon as the croupy cough appears and it will prevent the attack. It never fails and is pleasant and safe to take. For sale by All Druggists.

BREEZES FROM CENTRAL CITY.

Election is over again, some are rejoicing and others are disappointed, but let us hope the elected ones will discharge their several duties to the very best of their abilities and that all things may prosper under their management. Next Wednesday and Thursday is our county S. S. convention to be held at Palmer. We are anticipating a good time as Miss Hanes and Prof. Riddle are to be in attendance. Palmer is about 20 miles from Central City but the distance seems much greater than Harrison did from our place where we lived in the valley, and hills are a scarce article, too, very rare here. There are some pretty good sized hills here that never saw a real hill. I noticed the names of Hanes and Rev. E. A. Ricker are among those from our state who are going to Jerusalem to attend the World's Sunday School convention in 1904. The cruise extends from March 8 to May 18. What an enjoyable trip it will be as well as expensive. There is still room for 250 more passengers at from \$500 to \$750 including all expenses. The temperance people of Central City are trying to secure Hon. Oliver Stewart to lecture for them in the near future.

If he is as good at lecturing as he is at writing it will be a rare treat. The preacher referred to as being in jail for child stealing was sent to the pen for 6 years. A very light sentence but the jury decided the little girl was the more to blame. Corn husking is the chief occupation of the farmers now days, and the complaint is that there is a good deal of soft corn, too much wet weather during the growing season. Potatoes were a light crop, 4 car loads were shipped in last week. Next year there will probably be more raised than will be used. We were very much interested in the recent article in regard to the Harrison school and are always glad to hear of good work being done in any schools, as we consider the influence of the school next to that of the home, and some times it is even greater.

OVER IN WYOMING.

Quite cold is it not for this time of the year.

Andy and C. L. Christian dipped their cattle last week.

Most of the Ridge people have their winters wood up.

Frank Wunder proved up on his homestead last Friday.

Tom Zumbrennen visited with Ole Thompson last Sunday.

The Boyles Bros. are going to winter Mr. Grimes cattle for him.

Bergreen and Lind are hauling straw from the Zumbrennen ranch.

James Deuel was quite sick for a few days last week but is improving at this writing.

J. D. Petty will give a dance and supper at the Hall next Friday evening. Everybody come.

Mrs. Brown is now Post master and Churches have moved out. Holterfeld went to Lusk last Saturday.

Lusk will have three saloons after the 1st of December. Must be quite a demand for "tanglefoot" in that burg.

Those who shipped cattle about 10 days ago express themselves to be very well pleased with the prices received.

LETTER FROM MRS. A. THORNTON.

When we left Harrison Sioux, S. Neb. for McHenry N. Dakota, there were many of our friends wished us to write and let them know how we got through; and as so many had favored us with their advice about the route to take, (all things considered) and had marked out our route to avoid sand hills, and hilly roads and gumbo, all of which we more than appreciated, for we had splendid roads and very little sand to pull through, and no gumbo to speak of. We left Harrison June 15th p. m. Drove as far east as Mr. Covey's where some more emigrants were camped for the night. We stopped here as it was getting late and beginning to rain. The boys were acquainted with Mr. Covey, and when he knew who we were, he came down and kindly offered us the privilege of cooking in the house, as it was raining we accepted the invitation, went in and cooked supper, but slept in the wagon and tent which were very comfortable. The next day we camped for night east of Crawford, and by the next night we had got through the canyon, and out on the upland and camped near Mr. Jim Burke's. The place where Mrs. Smith's camped when Harry was so sick on their way to Lincoln Neb. Mr. Burke and wife came out and invited us to cook in the house, and Grandma would have me come in and share her room, and as it threatened to storm hard that night, I gladly accepted her kind offer. They said they had traveled that way so much, that they knew how good it seemed to get in the house once in a while, and had been called wagon tramps, and been refused to stay all night and would have to drive late before they could find a suitable place to camp.

We had plenty of good grass nearly all the way, but some times we would reach a town near night and would have to drive through, and on quite a way past, before we would find good grass.

We grazed our horses all the way through and they came through all right and after a good rest, and still fed on grain are working cutting and hauling grain. We paid \$3.00 per bu. for oats until we reached Redfield and after that 40 cts. We received 5 loaves of bread for 25 cts until we reached Redfield. After that we received 6 nice loaves 25 cts.

On our way to Haysprings we camped for noon, at Mrs. Selders (her maiden name was Sawyer) near Antelope Cemetery. And Mrs. Schler came out and would have us come in the house to cook and while we were cooking our dinner intending to take it out to the wagon (east) she set the table, and brought out her good things out of the cave, fried ham and would have us eat; come in the house to eat, and after dinner pulling the easy chairs, insisted on us resting awhile before starting. How nice it seemed to meet such people, among strangers.

To be continued.

JUST WHAT YOU NEED.

Stopped Against a Hot Stove.

A child of Mrs. Geo. T. Benson, when getting his usual Saturday night bath, stepped back against a hot stove which burned him severely. The child was in great agony and his mother could do nothing to pacify him. Remembering that she had a bottle of Chamberlain's Pain Balm in the house, she thought she would try it. In less than half an hour after applying it the child was quiet and in less than two weeks was well. Mrs. Benson is a well known resident of Keller, Va. Pain Balm is an antiseptic liniment, and especially valuable for burns, cuts, bruises and sprains. For sale by All Druggists.
