HERE AND THERE

Dr. Spindlo the Crawford dentist.
There will be a dance and oyster supper at the Witt ranch northwest of town, on Friday, March 11. All are invited to come and have a good time.
LEWIS WITT.
Note the change of date in the R. N. A. advertisement, from the 11th to the 25th. This will bring it in the full of the moon, so everybody wants to turn out and see how the husbands get even.

R. N. A. ENTERTAINMENT.
The Royal Neighbors of America will give the play, "How The Hush ends Got Even," at Andrews Hall, Friday evening March 25th. Admission 10 and 15 cents.
Dr. L. C. Davis, came up from Cody, Nebr. last Saturday to locate here for a while. See his card in another column. He is highly recommended. You will find him at the Harrison House when in need of him.
Jesse Hall and mother returned home last Saturday after a month's visit at Rosa Pósa, Indiana. They went to the valley to visit for a few days with friends and relatives before Jesse takes up his position at the depot.

GRAND BALL.
There will be a grand ball, on March 4th, 1904, at the Hall. All are invited to come and enjoy yourselves. Good music furnished.
M. P. LACY, Manager.
NOTICE.
All parties indebted to Chas. Newman by note, or otherwise will find all bills, and notes at the Commercial Bank for collection. Please call and settle all open accounts by note, bankable or cash in hand and save costs.
CHAS. NEWMAN.

Hunter Happenings.
Lovely weather.—Our snow storm of Sun'ay all disappeared.
J. R. Hunter is at home again.
Mrs. Basset went down the road Friday evening. She will visit friends at Maxland a few days.
Wm. Smoke, who has been at home sick for the past week, went back to his mail car Friday evening.
Harold Hunter went to Crawford last Monday evening.
George Williams visited his aunt, Mrs. Rice and family, the last of the week. We saw him at the train Monday evening on his way to Lincoln, where he goes to attend school. His many friends join us in wishing him good luck in his studies. And we feel sure he will bring the honors of his class back to Sioux county.
Miss Edna Hanson came up from Crawford last Saturday morning and visited her sister and friends until Monday evening. We all enjoyed her visit very much.
Pearla Jones came home before noon Friday, sick; she was quite sick Friday and Saturday, but is at her studies again.
Loran L. Wis went down to Crawford last week.
Mr. Christensen says to ask Mr. Archer what kind of an animal Ed Schwartz had in his trap the other day. "Whoa, oh my! I should think any body could tell within a half a mile of Hunter." Us of East Andrews can tell plain enough if the wind comes from that way.
Oh Peggy, please don't talk an arm off of your poor Editor—he needs both arms to work at the paper. If he loses an arm it will be in a good cause though, but it would be hard to get out a paper with one arm gone, and we can not get along without the paper.
Mrs. Christensen, Miss Clara and Mr. Oleson, an old friend of Mr. Christensen, were Harrison visitors Saturday. Mr. Oleson is from Idaho; He and Mr. C. were boy friends and are now enjoying the first visit for years. We trust Mr. Oleson enjoys our lovely weather and beautiful scenery. Oh if he could see this place in the summer, it is then most beautiful.
Bert Archer fell from a hay rack several days ago and is enjoying a very lame back yet.
The fences, our Runningwater way, are coming down as fast as possible. We may be wrong, but we cannot see where an individual, the county, state or government is benefited in the least, but thousands of dollars, hard earned too, is being destroyed by the order. The ranchmen have worked so hard to fix their places so they could keep their stock under control, and now where is all their hard work, days of toil and hard earned dollars gone to, we would like to know.

White River News.
Lots of sickness this winter.
Mrs. M. H. Green had quite a siege with the tonsillitis, but is now able to be around again.
Mrs. Nyholm has been on the sick list for some time, but was able to be able to be out to church Sunday.
Mr. J. B. Burke preached both morning and evening to a large and appreciative audience Sunday.
Mr. J. H. Denslow and family were out to services Sunday. Come again and lend us a helping hand with our Sunday School, for our numbers are not large.
Mr. Huntley's family has been quite sick for some time, but are now some better.
Chris. Madsen, Glen's genial postmaster, has a pleasant smile and cheerful word for all. We don't know whether he is plotting any school marm's around this winter or not, but we know they cannot find much better company.
J. H. Denslow has added to his residence, which makes more comfortable quarters for him and family.
H. H. Russell and J. D. Proctor passed through our quiet burg Monday on their way to Crawford.
All the stock looks well down this way.
Mrs. J. T. Mason has been quite sick for some time with erysipelas and the doctor had to make several visits to treat the case. One of their little boys had his arm badly crushed by a gate slamming shut on it.
Mrs. H. H. Russell and daughter May were recently called to the bedside of a sick relative at Marshalltown, Iowa.
Miss Edna Kruman has been organist for the Sunday School since Miss May Weber went to her school near Montrose and she plays real well. We only wish all our young people would do just the best they can,—we would then have better organists and better singing.
Mr. Editor if you don't want to publish these items fling em in the waste basket and we'll say no more about it.
ROYER.

War Bonnet Topics.
March at last, Spring is near and I am glad.
Jack Finley hauled a four horse load of lumber from Saw Dust to town last week.
Robert Keel seems to have got the masons mixed up; He was thrashing out his rye the first of the week and the latter part he was working the roads.
Tom Plunkett is working for Robert Keel at present.
Mrs. Fred Witt was at Harrison and rode the great Saturday, so I suppose Fred is doing his own cooking this week, but then his wife is a Royal Neighbor from now on.
Mrs. Jack Finley's baby has been quite sick for the past week, but is some better now.
John Anderson is having work done on the addition he is putting to the house at the S-E. his week. He anticipates moving there himself in the Spring and he likes plenty of room.

MASQUERADE BALL. St. Patrick's Day. Leap Year Dance

Will be given at the opera house. Prizes will be given to the prettiest costumes, also comic. Everybody invited to come and make this the best dance of the season. Good music as usual. Spectators twenty five cents.
R. C. DUNN, Manager.

OVER IN WYOMING

Hill Shatto is building on addition to his house.
Bert Hamlin and Lum Crane were Lusk visitors last week, also Mr. and Mrs. Holtfield.
Jack Holterfield spent Sunday on the Ridge.
Dr. Phinney was called to prescribe for Mrs. M. J. Boyles, last Thursday night, she is better at this writing; and this morning Dr. Ames was called to attend Grandpa Shatto who had a stroke of paralysis, he is considered to be in a serious condition and being over 80 years old his recovery is uncertain although we hope for the best.
Rev. Daniels was with us again on yesterday and preached an excellent sermon, too bad there were not more out to hear him, but it was a disagreeable day, preaching again in two weeks at which time the S. S. will be started going again. Everybody come at 10.30.
The east school will give their entertainment at the Hall March 10th.
SIM PLETON.

I seen Mr. Dunlap take a brand new washing machine out of town Saturday. He has been doing the washing for a few weeks and you may depend he didn't like the "old fashioned way," hence the new washing machine.

Winnie Finley was quite sick for a few days last week with sore throat and a fever.
Ed Scott was obliged to quit school to huck out the corn before Spring rains begin.

I received a letter from Mrs. Ben Dunn of Denver, who you will all remember moved from Harrison last Spring. She said they had settled again in their old home and were doing well, that Mr. Dunn had steady work on the D. K. G. road and she wished me to state through these items that she still remembered the kindness shown them by the people of Harrison during their sickness and sorrow of last Spring.

I notice some are very much interested in the discussion which suddenly arose between Mr. Editor and myself and are anxious to have it continued till one or the other is convinced. Now this could never be, as I would smile to see you convince a woman that she is in the wrong—it's no use, for they are seldom in the wrong. One thing, this is a free country—every one has a right to their own opinion—I would like to hear from some one else.
PEGGY.

TEN DOLLARS A DAY.

BY WILLIAM BENTHUSSE
How much is a day at school worth to a boy? Perhaps the boy himself has never figured it up. Often, indeed, he thinks it would pay him better if he could quit school and go to work. But lately a West Virginia man has worked out the matter on a cash basis and given us the result, which every boy in the United States ought to know and think over if he wants to be the most valuable man possible.
The West Virginia man begins by this fundamental axiom: "You find the value of a boy's time at school by subtracting the earnings of a life of uneducated labor."
That's entirely clear and obviously true, isn't it, boys? Then he goes to calculate the earnings of uneducated labor at one dollar and fifty cents a day for three hundred days in the year; a liberal estimate, of course, because many at laborers only earn a dollar a day. But at his high estimate and supposing that the uneducated worker has steady employment forty years, he will earn in that time one dollar and a half multiplied by three hundred multiplied by forty, or eighteen thousand dollars.
So much for uneducated labor. The educated man is usually paid, not by the day, but by the month or the year; and, as the West Virginia man reminds us, all the large salaries and earnings belong in this class, from the president of the United States, with his fifty thousand a year, to the presidents of the insurance companies and the managers of the great railroads. For this reason, in striking an average, one thousand dollars a year is a very low estimate, indeed, of the earnings of educated labor. Forty years of educated work represent, therefore, forty thousand dollars as a low average, while eighteen thousand dollars for uneducated work is a high average. The difference between them is a very fair representation of the value of an education to the worker, and that difference is just twenty-two thousand dollars.
