The Sanative, Antiseptic, Cleansing, Purifying, and Beautifying Properties of

# Cuticura SOAP

Assisted by CUTICURA Ointment, the great Skin Cure, are of Priceless Value.

For preserving, purifying, and beautifying the skin, for cleansing the scalp of crusts, scales, and dandruff, and the stopping of falling hair, for softening, whitening, and soothing red, rough, and sore hands, for baby rashes and chafings, in the form of baths for annoying irritations, ulcers, and inflammations of women, and many sanative, antiseptic purposes which readily suggest themselves, as well as for all purposes of the toilet, bath, and nursery, CUTICURA Soap and CUTICURA Ointment are priceless.

Wages in Russian factories are 1 cent an hour and upward. There are thousands who work for a cent an hour, and tens of thousands who do not receive 30 cents a day for ten and more hours' work.

### FREE TO WOMEN

A Large Trial Box and book of instructions absolutely free and Post-paid, enough to prove the value of Paxtine Toilet Antiseptic.

Paxtine is in powder form to dissolve in water—non-poisonous and far superior to liquid antiseptics containing alcohol which irritates inflamed surfaces, and have no cleansing properties. Paxtine—its germ-destroying power—has been used in the family and does more good than any antiseptic preparation you can buy.

The formula of a noted Boston physician, and used with great success as a Vaginal Wash, for Leucorrhoea, Pelvic Catarrh, Nasal Catarrh, Sore Throat, Sore Eyes, Cuts, and all soreness of mucous membrane.

In local treatment of female ills Paxtine is invaluable. Used as a Vaginal Wash we challenge the world to produce its equal for thoroughness. It is a revolution in cleansing and healing power; it kills all germs which cause inflammation and discharge.

All leading druggists keep Paxtine; price 50¢ a box if it does not, send to us for it. Don't take a substitute—there's nothing like Paxtine!

Miss Agnes Miller, of Chicago, speaks to young women about dangers of the Menstrual Period—how to avoid pain and suffering and remove the cause by using Lydia E. Pinkham's Vegetable Compound.

"To YOUNG WOMEN:—I suffered for six years with dysmenorrhea (painful periods), so much so that I dreaded every month, as I knew it meant three or four days of intense pain. The doctor said this was due to an inflamed condition of the uterine appendages caused by repeated and neglected colds.

"If young girls only realized how dangerous it is to take cold at this critical time, much suffering would be spared them. Thank God for Lydia E. Pinkham's Vegetable Compound, that was the only medicine which helped me any. Within three weeks after I started to take it, I noticed a marked improvement in my general health, and at the time of my next monthly period the pain had diminished considerably. I kept up the treatment, and was cured a month later. I am like another person since. I am in perfect health, my eyes are brighter, I have added 12 pounds to my weight, my color is good, and I feel light and happy."—Miss AGNES MILLER, 25 Potomac Ave., Chicago, Ill.

The monthly sickness reflects the condition of a woman's health. Anything unusual at that time should have prompt and proper attention. Fifty thousand letters from women prove that Lydia E. Pinkham's Vegetable Compound regulates menstruation and makes those periods painless.

**READ WHAT MISS LINDBECK SAYS:**

"DEAR MRS. PINKHAM:—Lydia E. Pinkham's Vegetable Compound has greatly benefited me. I will tell you how I suffered. My trouble was painful menstruation. I felt as each month went by that I was getting worse. I had severe bearing-down pains in my back and abdomen.

"A friend advised me to try Mrs. Pinkham's medicine. I did so and am now free from all pain during my periods."—JESSIE C. LINDBECK, 1201 6th Street, Rockford, Ill.

**FREE ADVICE TO WOMEN.**

Remember, every woman is cordially invited to write to Mrs. Pinkham if there is anything about her symptoms she does not understand. Mrs. Pinkham's address is Lynn, Mass., her advice is free and cheerfully given to every ailing woman who asks for it. Her advice has restored to health more than one hundred thousand women. Why don't you try it, my sick sisters?

**\$5000 FORFEIT** if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Medicine Co., Lynn, Mass.

"The effort to think no doubt is too much for you," she remarked sarcastically.

"No, it's easy. But I can't keep myself from thinking of yesterday's dinner. The Chicago man's plan is a failure when you insist on serving hash for breakfast."

Mr. Easy—Why should people visiting The Exposition at night use more Allen's Foot-Ease than in daytime?

Miss Foose—Because under the brilliant illumination of the grounds every foot becomes an acre!

Mr. Easy—Fair. Only fair! Pray, conduct me to the nearest drug store and I promise never to accept a substitute for you or for Allen's Foot-Ease.

### Having a Pic-Nic.

There is something particularly enjoyable about going to a picnic. The very word Pic-Nic brings pleasant anticipations of a good time. The idea of going out to the woods and fields or down by some brook or lake, with luncheon to be served on the grass and under the trees, has a peculiar fascination. The fresh air and exercise contribute to give a hearty appetite to all and everything at luncheon seems far better than the finest course dinner that a French chef ever served. Wooden dishes supplant Dresden, china, and paper boxes silver trays, when the "good things to eat" are spread upon the ground.

Pic-Nics are never complete without the sandwiches, sweet white bread with a generous layer of meat between. Libby's canned meats are ideal for pic-nics and outings. The cans are so easily opened and the contents so fresh and palatable that no picnic is a success without Libby's "Natural Flavor" Food Products.

The German kaiser cares little for association with the nobility. For artists, writers, explorers and men of science, he has the greatest admiration; but he has little to say to titled personages, unless they have done something worthy of praise, or have in some way distinguished themselves.

## QUEER STORIES

The deepest hole in the earth is near Selschau, Germany. It is 5,735 feet in depth, and is for geological research only. The drilling was begun in 1880, and stopped six years later because the engineers were unable with their instruments to go deeper.

The Bank of England notes are made from new white linen cuttings—never from anything that has been worn. So carefully is the paper prepared that even the number of dips into the pulp made by each workman is registered on a dial by machinery.

Soldiers are despised in China. They belong chiefly to the coolie classes. The German officers engaged some time ago by the Chinese government found that their most important task was to overcome the soldiers' own feelings that they were a lower order of beings than other Chinamen.

The Chinese department of the British Museum Library contains a single work which occupies 5,920 volumes. This wonderful production of the Chinese press is one of only a small number of copies now in existence. It is an encyclopedia of the literature of China, covering a period of twenty-eight centuries, from 1100 B. C. to 1700 A. D.

It is not generally known that the vanilla bean is the costliest bean on earth. It grows wild and is gathered by the natives in Papantla and Misantla, Mexico. When brought from the forests these beans are sold at the rate of \$12 per one thousand, but when dried and cured they cost about \$12 per pound. They are mainly used by druggists, and last year over ninety million were imported into the United States.

Among all the birds of this section the hawk and parrot come the nearest to using their feet like hands. Wading birds and scratching birds develop a very large foot. Birds that are in the air most of the time have much more delicate feet than those that are on the ground frequently. The variety of bills is quite as astounding as that in the claws. The hook on the end of the bill almost always denotes a bird of prey.

The anableps, or star-gazer, a fish of the cyprinoid family, found in the rivers of Guyana, Surinam and Brazil, has each of its eyes divided into an upper and a lower portion by an opaque horizontal line. This gives it in effect two pupils in each eye, one suited for seeing in the air, and the other for seeing in the water. The fish is in the habit of swimming at the surface with its head sometimes above, sometimes below, the water line.

The world's best timekeeper is said to be the electric clock in the basement of the Berlin Observatory, which was installed by Professor Foerster in 1895. It is enclosed in an air-tight glass cylinder, and has frequently run for periods of two or three months with an average daily deviation of only 15-1,000 of a second. Yet astronomers are not satisfied even with this, and efforts are continually made to secure ideal conditions for a clock by keeping it not only in an air-tight case, but in an underground vault where neither changes of temperature nor of barometric pressure shall ever affect it.

The true name of Korea is "Choson," meaning "land of the morning calm." It is by this name that the country is designated in diplomatic papers at the State Department at Washington.

Japanese soldiers are fed on rice, salted fish, dried seaweed and pickled plums—a diet that is almost universal in Japan, except in the navy, where rations of meat are served. Soldiers are allowed meat when on campaign, but rarely eat it.—New York Times.

### A HARD QUESTION

Teamster—"You're a agent for the S P C A, ain't you?" Deacon De Good—"Yes!" "And you're a church member ain't you?" "Yes!" "Well, if you had a talky horse, what would you do—beat the horse, or just sit down and cuss?"

### A Farmer Found It.

Mount Pleasant, Utah, May 23.—To find a medicine that will cure every ailment due to diseased or disordered kidneys has been the aim of many physicians and chemists.

Mr. C. E. Peterson, a farmer of this place, says he has found such a remedy and that he has tried it with success in his own case. Mr. Peterson says the remedy is Dodd's Kidney Pills, a medicine introduced here about seven months ago.

"I am glad to be allowed to testify to what good things Dodd's Kidney Pills have done for me. I used this remedy for kidney trouble and it cured me completely.

"I can heartily recommend Dodd's Kidney Pills to all who suffer with any kind of kidney trouble."

Mr. Peterson's case is only one of many just as convincing that have been reported recently. This new remedy seems to have conquered rheumatism completely, not a single case having been reported where Dodd's Kidney Pills have failed to cure perfectly, and permanently.

Parson surgeons now dress wounds with silver leaf. The silver is carefully placed on the wound or ulcer, and as it sticks closely to the surface, little cotton soaked in colloid is sufficient to keep it in place. The effects of this sheet of silver are said to be very beneficial.

### Free to Twenty-Five Ladies.

The Defiance Starch Co. will give 25 ladies a round trip ticket to the St. Louis Exposition, to five ladies in each of the following states: Illinois, Iowa, Nebraska, Kansas and Missouri who will send to the largest number of trade marks cut from a ten cent, 16 ounce package of Defiance cold water laundry starch. This means from your own home, anywhere in the above named states. These trade marks must be mailed to and received by the Defiance Starch Co., Omaha, Neb., before November 1st, 1901. October and November will be the best months to visit the Exposition. Remember that Defiance is the only starch put up 16 oz. (a full pound) to the package. You get one-third more starch for the same money than of any other kind, and Defiance never sticks to the iron. The tickets to the Exposition will be sent by registered mail September 5th. Starch or sale by all dealers.
