Obituary.

Highland Newton Role died of pneumonia at the home of his parents in Harrison on last Friday afternoon. Mr. Role was born in Boone County, Iowa on March 17th, 1881, being 23 years, 4 months, and 12 days old, and had only been a resident of this county for one week. He has never been very strong and has been troubled with heart disease for a number of years, so when this dreadful disease took hold of him it found an easy victim. It seems hard for one so young to be cut off, but the grim reaper of death is no respecter of persons. The funeral services were held at the M. E. Church Rev. Daniels officiating by delivering an impressive sermon from Eccles 12 chapter first verse to a large congregation who had gathered to share in the sadness of the bereaved family in the loss of their son. The body was laid away to rest in the Harrison cemetery. The Press-Journal extends heart felt sympathies to the bereaved family.

CARD OF THANKS

We wish to thank the kind people of Harrison who were so kind to us during our recent bereavement and for the assistance they gave us during the sickness and death of our beloved son, Highland.

MR. AND MRS. M. R. AND CHILDREN.

Asa, the youngest child of Mr. and Mrs. W. C. Reed, died Wednesday evening, July 27, aged one year one month one day. For the last half of the child's life he had been incurably sick and death had been expected for a long time. Funeral services were held at the residence yesterday morning conducted by Rev. Walker, and the form of the little sufferer was interred in the Scottsbluff cemetery. The parents have the sympathy of all in their bereavement.—Mitchell Index.

The only place to get Deering Twine is at Gerlachs & sons. Binders, mowers and rakes also.

Rev. A. P. George, D. D. field secretary of the Sunday School Union of the Methodist Episcopal Church, held quite an interesting meeting last Saturday afternoon. Mr. George said a great many good things and those that were absent were the losers. Some very interesting papers were read by Mrs. Andrew Christian, Miss Hattie O'Connor, Miss Nellie Christian and Mrs. W. H. Davis. Sunday School workers should never miss such opportunities for we never learn too much about methods and the manner of interesting those that attend the many Sunday Schools throughout our land.

While in Alliance last Friday we had the pleasure of visiting the Junior Normal and found everything moving along nicely under the supervision of Supt. Bert of Alliance. Our Sioux county teachers that are attending seemed well satisfied and were doing good work. School boards should remember these when they are making contracts for this year's school. We will give the names of those present: The Misses Lizzie Parsons, K. to Parsons, Bessie Pomeroy, Cora L. Sowers, Anna Neece, Nora Neece, Mabel Bigelow, Amy Christian from Wyoming.

Special Dispatch to the World-Herald.

Be'te Fouchie, S. D., Aug 1.—Cattlemen in the Black Hills are looking for news for a termination of the packing house strike. The shipping season for all Black Hills ranges is now on, but all the principal cattle owners have been informed by eastern buyers to hold shipments until further notice. Harris Franklin of Deadwood, also Henry Frawley of the same place, have carloads of fat cattle ready to ship and it means a loss of many thousands of dollars to them and to the hundreds of other shippers to hold up their shipments. The range has been unusually fine this year for early shipments. The demand locally for fat heaves has been heavy, most all of the meat eaten in the hills having come from the local meat men.

REPRIEVE FOR CONNOLLY.

Suspension of sentence Granted a Sioux County Murderer.

Judge Selgwick of the supreme court has granted a suspension of sentence to James Connolly of Sioux county, sentenced to eight years in the penitentiary for manslaughter. Connolly was convicted of the killing of Henry Miller, in Sioux county, in March, 1904 in a dispute over a steer. The shooting occurred at Connolly's ranch. The stay is granted pending the appeal of the case to the supreme court on error, the attorneys for Connolly alleging that the sentence is excessive and not justifiable by the ev' voice.—Lincoln Star.

HAS CLAIM TO FAME.

Story of the Man Who Discovered the First Beefsteak.

Beefsteak, like most other good things, was discovered entirely by accident, says a writer in the Chicago Tribune. It appears that Lucius Placius, a Roman of rank, was ordered by the Emperor Trajan for some offense to act as one of the mental sacrificers to Jupiter; he resisted, but was at length dragged to the altar. There the fragments of the victim were laid upon the fire and the unfortunate senator was forcibly compelled to turn them. In the process of roasting one of the slices fell off the coals and was caught by Placius in his fall. It burned his fingers and he instinctively thrust them into his mouth. In that moment he had made the grand discovery that the taste of a slice, thus carbonadoed, was infinitely beyond all the sordid cookery of Rome. A new expedient to save his dignity was suggested at the same time, and he at once evinced his obedience to the Emperor by seeming to go through the sacrifices with due regularity and his scorn of the employment by turning the whole ceremony into a matter of appetite. He swallowed every slice, deluded Trajan, defrauded Jupiter and invented the beefsteak! A discovery of this magnitude could not long be concealed; the sacrifice began to disappear with a rapidity and satisfaction to the parties too extraordinary to be noticed. The priests of Jupiter adopted the practice with delight, and the king of Olympus must have been soon starved if he depended on any share of 'the good things of Rome.

Pcet's Pet Goose.

Lord Byron at one time was deeply attached to a pet goose. He had bought the bird to fatten up for his New Year's dinner. In the meantime the poet and the bird became so mutually attached that he could not kill it. Instead, he bought another for his dinner and had the pet goose swung in a cage under his carriage when he traveled.

A good rain is much needed in this locality and unless it comes very soon the corn crop will be a failure.

John Eberspacher lost a fine mare last week. She was so badly cut by wire that he was obliged to kill her.

The hail storm which visited this vicinity the evening of the 12th July injured the alfalfa so badly that the second crop is very light.

In reading Chas's letter to the Press-JOURNAL we were surprised to learn that her daughters would start for Colorado without her, but we take it for granted that she and Mr. Knott will soon follow to a land where the wind takes a rest sometimes. We learned some time ago that they thought of making Colorado their future home. We wish them all success.
