

COULDN'T LIFT TEN POUNDS.

Doan's Kidney Pills Brought Strength and Health to the Sufferer, Making Him Feel Twenty-five Years Younger.

J. B. CORTON. The ground, the pain was so severe. This was my condition when I began using Doan's Kidney Pills. They quickly relieved me and now I am nearer to bed as I was. My back is strong and I can walk or ride a long distance and feel just as strong as I did twenty-five years ago.

THE FATE OF TANTALUS.

Mrs. Scribbler (Impressively)—"Whatever you do, never marry a newspaper man."

School Chum—"Why not?" "I married one, and I know. Every night my husband brings home a big bundle of newspapers from all over the country, and they most drive me crazy."

"The newspapers?" "Indeed they do. They are just crammed with the most astonishing bargains in stores a thousand miles away."

In large manufacturing establishments buttons on shoes and on garments are no longer sewed on by hand. The work is done by a machine capable of sewing 5,300 buttons on garments in nine hours. This is equal to the work of about eight expert sewers. A boy or girl can run the machine.

David Rankin of Tokio Mo. raises more corn on his farm than is raised in the States of Nevada, Wyoming, Montana, Idaho, Arizona, Washington, Utah, Oregon and Rhode Island combined. He feeds all of it to his cattle and has to buy large quantities from his neighbors.

FLORAL NOTES.

Where seeds of Sweet William, hollyhock, larkspurs, and similar plants are ripe, sow them in at once, to give young plants for next years flowering. Seeds sown in the spring will not give plants that will flower the same season.

Do not delay longer in regard to geranium cuttings for winter. They ought to have been taken before this if one wants flowers before Christmas. But cuttings taken now will make fine young plants for blooming later in the winter.

The maiden hair fern, common in many parts of the country in shady woods, bears transplanting well. It is a lovely fern, and for use in bouquets and other flower work, is indispensable. Transplant them to the fall, but before the foliage decays.

August is an excellent time in which to sow seeds in the open ground for next spring plants. The soil should be rich and light and pulverized with great care, because the seeds are so tiny and the young shoots not very strong. They are not apt to work their way out from under pebbles or hard clods as other plants can.

A shadow clock has been invented by Prof. Herth of Lynn, Mass. By means of an ingeniously constructed lamp, an optical representation of a small clock is thrown on the ceiling, and the shadow keeps perfect time.

Professional divers, before submerging themselves, take deep inspirations for about ten minutes. The object is to store up oxygen, not in the lung cells, but in the blood corpuscles. This renders a temporary suspension of the breathing possible by supplying the corpuscles with an extra quantity of oxygen.

It is hard work for the average citizen to catch a pound trout, and guess within 8 ounces of his actual weight.

Lake Morat in Switzerland has the curious property of turning red every ten years, owing to the presence of certain aquatic plants, which are not known in any other lake in the world.

You can't tell by a woman's Easter bonnet the size of her husband's salary.

Gum chewing in public is bad form—it interferes with the talking. God made woman superior to man—superior in her sphere only.

At a garden party fresh fruits, strawberries, cherries, etc., should be served with cakes, leas, sandwiches and salads. Hot and cold tea with leed lemonade and a delicious fruit punch make the most delightful drinks to serve. The refreshment may be served from the veranda or under an awning on the lawn.

Men make five dollars a day in the forests of Western Washington, peeling cascaro bark. It sells for eight cents a pound and is used medicinally. One pound of dry bark makes enough liquid extract to sell for two dollars at wholesale.

Where the Boss Made a Mistake—

A senior of one of our large, manufacturing concerns came through the store recently and noticed a boy sitting on a counter, swinging his legs and whistling merrily. The senior eyed him severely as he confronted him and inquired:

"Is that all you have to do?" "Yes, sir."

"Very well; report to the cashier and tell him to pay you off. We don't need boys like you around here!"

"But, sir," said the astonished boy, "I don't work for you I have just bought some goods and am waiting for the bill"—Louisville Courier-Journal.

Kentucky Man's Duty.

Jamboree, Ky., Aug. 29.—(Special.)—After suffering for years with pain in the back Mr. J. M. Coleman, a well-known citizen of this place, has found a complete cure in Dodd's Kidney Pills. Knowing how general this disease is all over the country, Mr. Coleman feels it is his duty to make his experience public for the benefit of other sufferers.

"I want to recommend Dodd's Kidney Pills to everybody who has pain in the back," Mr. Coleman says. "I suffered for years with my back. I used Dodd's Kidney Pills and I have not felt a pain since. My little girl, too, complained of her back, and she used about half a box of Dodd's Kidney Pills and she is sound and well."

Backache is Kidney Ache. Dodd's Kidney Pills are a sure cure for all Kidney Aches, including Rheumatism. Rice is an important food in Cuba. All classes rich and poor eat it. Among the country people who seldom eat wheat bread rice is verily the "staff of life." It is eaten at every meal and no one knows better than the Cuban housewife its varied and acceptable uses.

As the least harmful of all the skin preparations. For sale by Druggists and Fancy Goods Dealers in the U. S., Canada, and Europe. FERD. T. HOPKINS, Prop'r, 37 Grant Street, N. Y.

CHEAP R. R. TRAVEL ABROAD.

Advantage Gained by Taking Limited Tickets Through Switzerland.

Consul Washington, writing from Geneva, Switzerland, makes public the following facts interesting to traders:

Reference has been made in the annual commercial reports from this consular district to the very inexpensive tickets that permit the holder to travel throughout Switzerland upon most of its railways and lake steamers at will for periods from fifteen to thirty days. This information was submitted for the benefit of our exporters desirous of introducing their goods throughout the country.

It seems, however, that the information would be of value to the thousands of citizens of the United States who yearly travel extensively through this country and who could, by availing themselves of the opportunity thus offered, effect a considerable saving, or, perhaps, see much more of Switzerland at a cost equal or less than that of the more restricted tour previously planned.

These tickets are obtainable at all large railway and boat stations in Switzerland. They may be ordered through any station, however. A delay of from one to two days is usual, and a photograph, size known as "carte de visite," is required.

The tickets permit continuous and unlimited travel at will during the period of their validity upon most of the railways and lakes in Switzerland; and upon some fifteen of the small roads not embraced in the ticket privilege (usually funicular roads) a reduction of from 20 to 50 per cent upon usual fares is extended.

The rates of fare are:

Table with 3 columns: First class, Second class, Third class. Rows for 15 days, 20 days, 25 days, 30 days.

Upon these rates 26.5 cents is reimbursed at the end of the period. Longer periods of travel—three, six and twelve months—are also provided for.

No baggage is transported free on the Swiss railroads.

It is a useful point of information for travelers that trunks may be sent by post throughout the country and thus may be delivered at hotels to wait the arrival of owners. This is a practical plan for medium-sized and small trunks and valises. The trunks must be sent to the postoffice, but are delivered on their arrival.

"My Ma, She Knows."

My pa, he scolds me jes becaz He says I'm gettin' "tough." He says my face is never clean, My hands are always rough; I'm not behavin' like I should, An' goin' wrong, I s'pose, But ma, she takes an' pats my hand An' smiles, becaz she knows!

My pa hain't got no use for boys, He wants 'em always men; I wonder if he's clean forgot The boy he must a' been. For ma, she says they're all alike, 'Bout face, an' hands an' clothes, An' says I'll learn to be a man; An' ma, I guess she knows!

My pa, he says I ain't no good At doin' anything; I'd rather fool away the time An' whistle, play, an' sing; But ma, she smiles an' says I'm young, An' then she up an' goes An' kisses me, she shows me how; For ma, you bet, she knows!

My pa, he says I'll never be A business man like him, Becaz I hain't got an' "drive." An' "get up," "pluck" and "vim." But ma, she says, so solemn like, A man's a boy that grows, An' boys must have their playin' spell; An' ma's a trump, an' knows!

My pa, he shakes his head an' sighs An' says he doesn't see Where I got all my careless ways That seems jes' born in me; An' ma, she laughs, an' laughs, an' laughs, An' says she knows, "Tis very queer," But somehow, ma, she knows!

My ma, she knows 'most everything 'Bout boys and what they like, She's never scoldin' 'bout the muss I make with kites and bike; She says she wants me to be good An' conquer all my foes, An' you jes bet I'm goin' to be, 'Cuz my sweet ma, she knows! —Detroit Journal.

The Korean Emperor's Tooth.

An amusing story on the prevalent state of manners and morals in Korea is furnished by a little incident recorded in a London paper. It appears that during the great feast which he gave a short time ago to celebrate the anniversary of Korean independence, the Emperor of Korea had the misfortune to break a tooth. The immediate result of the accident was that the chief cook and all his assistants were thrown into prison to await trial for lese-majeste. But there happened to be a dentist at Seoul who was traveling to see the country, and he managed to stop the resulting soothache without making use of any special instruments, which would have frightened the Emperor and have made him refuse to submit to the operation. The dentist received 1,000 yen, or about \$500, for his fee, and then attention was turned to the peasant cooks. The underlings were dismissed with a caution but the chief cook was sentenced to work for three months without any pay and the Emperor at once ordered another great feast to celebrate his recovery from toothache. Happily for the cook, as well as for the sovereign, no more imperial teeth were broken.

There are many "outrages," and as many people hold newspapers responsible for them.

BACKACHE AND DIZZINESS.

Most of the Ailments Peculiar to the Female Sex are Due to Catarrh of Pelvic Organs.

MRS. M. BRICKNER

99 Eleventh Street, Milwaukee, Wis. "A short time ago I found my condition very serious, I had headaches, pains in the back, and frequent dizzy spells which grew worse every month. I tried two remedies before Peruna, and was discouraged when I took the first dose, but my courage soon returned. In less than two months my health was restored."—Mrs. M. Brickner.

The reason so many failures to cure cases similar to the above is the fact that diseases peculiar to the female sex are not commonly recognized as being caused by catarrh. Catarrh of one organ is exactly the same as catarrh of any other organ. What will cure catarrh of the head will also cure catarrh of the pelvic organs. Peruna cures these cases simply because it cures the catarrh.

If you have catarrh write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

Advertisement for Cascarets Candy Cathartic. Sale Ten Million Boxes a Year. THE FAMILY'S FAVORITE MEDICINE. BEST FOR THE BOWELS.

Advertisement for ONE PINT LIQUID KOAL. Makes One-half Barrel of Medicine or Lice Killer. One-half Million of Pint Cans Given Away.

The process of making Liquid Koal requires three days. The process of reduction requires 350 degrees of heat. It is a compound embracing every germicide, antiseptic, and disinfectant found in coal, treated chemically with an alkaline base until every objectionable feature is eliminated, being non-poisonous and harmless.

LIQUID KOAL is a combination of Cresol, Guaiacol, and Kalium. LIQUID KOAL is a black oily liquid. Sells for sixty cents a pint, one dollar a quart, three dollars per gallon.

You may have a pint free without any expense to you whatever if you will cut out the coupon in this advertisement and mail it to the National Medical Company at Sheldon, Iowa.

LIQUID KOAL cures and prevents hog cholera, chicken cholera, pink eye, black leg, and all the germ diseases of animals, because it is a germ killer and goes into the stomach, into the bowels, and into the blood, and wherever the blood goes, it permeates the entire system of an animal through the medium of circulation, and denudes the system of every disease germ.

We are giving three hundred thousand dollars worth of it for advertising purposes and to prove to farmers and stock raisers what it will do.

LIQUID KOAL has been tested for the past five years in the largest laboratories of this country, and Germany, and in many of the experimental stations.

We have proved beyond a question of doubt before the greatest experts of the country, that it destroys germs of diseases common to all domestic animals, and thereby cures diseases. Worms, intestinal and skin parasites, ticks, lice, insects, and vermin suck the life blood and sap the vitality of domestic animals and it is until the annual losses to farmers and stock raisers reach enormous footing.

The farmer and stock raiser who would increase his bank account, must, of necessity wage a continuous warfare against these robber worms, parasites, vermin, and insects. The most effective and inexpensive remedy for all these is Liquid Koal. Liquid Koal neutralizes the acid

condition of the system which is a condition favorable for the production of worms causing such diseases as hog cholera, anthrax, chicken cholera, etc.

Liquid Koal is in general use by physicians and veterinary surgeons throughout Europe and America embracing a wider range of uses than any preparation on the market.

If you need Liquid Koal and have never used it please send us the coupon below. We will then send you an order on your dealer for a sixty cent can and will pay your dealer ourselves for it. It will cost you nothing. You are not obligated to us in any way if you accept this offer, we will not ask you to buy any after you have given it a trial. All we want is a chance to prove to you what it will do.

If you want to know the result from giving Liquid Koal to a sick animal, no matter what the cause of the sickness is, send us the coupon today.

If you want special expert advice regarding your stock that is sick send us full description of the symptoms and also ten cents in postage. You will also be entitled to the thirty-two page book on the germ diseases of animals.

Liquid Koal is the Best and Cheapest Worm Killer Known to Science. A list of the diseases that Liquid Koal cures:

- Hog Cholera, Lung Cholera, Swine Plague, Intestinal Worms, Cows Cholera, Tuberculosis, Anthrax, Black Leg, Corns and Diseases Abortion in Cows, Colic, Glanders, Distemper, Pink Eye, Influenza, Foot Rot, Tape Worm, Lung Fever, Inflammation of the Bowels, Texas Fever, Poli Evil, Chicken Cholera, Hoop, Thrush, Lockjaw, Blind Stagers, Catarrh, Farcy, Mange, Bots, Scours, Nasal Gleet, Scratching, etc.

LIQUID KOAL Acts as an Appetizer and Vitalizer. No disease germ can escape it, that is the reason it cures for when the germ is destroyed the disease is gone.

Two Things to Remember. Use Liquid Koal to destroy the parasites on the inside. Use Liquid Koal to destroy the parasites on the outside. Parasites exist and thrive only at the expense of live animal tissue.

One Thousand Dollars Deposited in the Union Bank at Sheldon, Iowa, to be Given to Anyone Who Finds Any of These Testimonials Not Genuine.

Smith Center, Kan., July 8, 1901. Gentlemen—Have used your Liquid Koal for a cure of cholera in hogs and I have not found its equal. I had fifty head of hogs and five out of fifty I was sure would die, but by the use of your Koal brought them out O. K. and have not been bothered with cholera or any other swine plague since. Therefore can say to the swine breeders of Smith County and also poultry raisers that it has no equal. You can purchase this valuable medicine of Walker & Son, of Smith Center, who can also represent this valuable medicine to you. Yours Praterally, JOHN PYLE.

Improvement was so marked that I bought a gallon can and used it with the result that my hogs all recovered and I did not lose one. My herd of over 200 area. The condition and you may put me down as a constant user of Liquid Koal. G. A. Strand, Dec. 1902.

We the undersigned stock raisers and farmers gladly testify to the merits of Liquid Koal manufactured by the National Medical Co. of Sheldon, Iowa and York, Nebraska. We have used this product with great flying success and advise all to give it a trial. It should be on every farm in Nebraska.

Rufus Peary, Dec. Neb. Geo. Mills, Neb. Chris Schell, Staplehurst, Neb. Geo. Ringenberg, Seward, Neb. J. H. Peary, Dec. Neb. W. Ringenberg, Staplehurst, Neb. F. C. Meyer, Staplehurst, Neb. J. Ringenberg, St. Germantown, Neb. Blountfield, Neb. Dec. 18, 1902.

I have sold Liquid Koal for a year now and never have found an article that gives such universal satisfaction as Liquid Koal does. I can safely say that I have not one dissatisfied customer. I honestly think that if every farmer would use it there would be very little hog cholera in the country. H. G. Mundeloh, Wausau, Neb. Dec. 1902.

I have been using L. K. as an insect destroyer and find it all you claim for it. Would recommend it to all. I will keep it on the place all the time. Yours, Sam Gross.

It is a positive preventative of contagious diseases.
