**THE NEW YORK WORLD**  
 THIRICE-A-WEEK EDITION.

Read wherever the English Language is Spoken.  
 The tickets are now made up and the most interesting Presidential campaign the United States has known since 1860 has begun. And it is the most important, too.  
 Which will it be, Parker and Davis or Roosevelt and Fairbank? Nobody knows yet, but THE THIRICE-A-WEEK WORLD will tell you positively, fully and truthfully every movement of a hot and thrilling campaign. The real newspaper now prints facts rather than hopes, and it has always been the effort of THE THIRICE-A-WEEK WORLD to tell the thing that has happened exactly as it happened. Thus you can judge for your self and form your opinion.  
 There is also a great war going on in East, where THE WORLD has a brilliant staff of correspondents in the field, and their reports are found regularly in the columns of THE THIRICE-A-WEEK WORLD. THE THIRICE-A-WEEK WORLD'S regular subscription price is only \$1.00 per year, and this pays for 158 papers. We offer this unequalled newspaper and PRESS-JOURNAL together one year for \$1.65. The regular subscription price of the two papers is \$2.00.

**A WONDERFUL INVENTION.**  
 It is interesting to note that fortunes are frequently made by the invention of articles of minor importance. Many of the most popular devices are those designed to benefit the people and meet popular conditions, and one of the most interesting of these that has ever been invented is the Dr. White Electric Comb, patented Jan. 1, 99. These wonderful Combs positively cure dandruff, hair falling out, sick and nervous headaches, and when used with Dr. White's Electric Hair Brush are positively guaranteed to make straight hair curly in 25 days' time. Thousands of these electric combs have been sold in various cities of the Union and the demand is constantly increasing. Our agents are rapidly becoming rich selling these combs. They positively sell on sight. Send for sample. Men's size 35c, ladies' 50c—half price while we are introducing them. The Dr. White Electric Comb Co., Decatur, Ill.

 The deluge that swept away the Editors porkers did not reach this part of the valley but last Wednesday came our turn about 5 o'clock in the evening a terrific storm came up and the rain fell in torrents for nearly an hour, although it came too late to help the crops any yet it was most welcome as it filled up the creeks which were pretty low and needed replenishing.

W. T. Jones has been given the job of running the steam pump which furnishes the R. R. water tank; he has begun work and likes it very well.  
 Miss Alta Warner came up Monday morning and is at home with Mrs. Rice, she has secured a good boarding place, and started her work in a way which promises a very successful term of school. Now if the parents all help by encouraging their children to obey their teacher and love her, be on time and go every day unless sickness prevents, we think we will have another term of school which Andrews and Sioux Co. will be proud of, let us all help in any way we can to make it such. "Patrons."

Misses Lily and Lizzie Harris came up from Lincoln last Friday morning and were guests of Mrs. Jones and family until Saturday morning when they left for War Bonnet via Harrison taking Perla with them. They will keep Bachelors Hall on Lily's claim then all go to their school's. Perla will miss one week but will be benefited by a weeks vacation from herding cattle as she can be refreshed and feel more like school work. Lily has been very sick since she left us five weeks before but in our bracing atmosphere she will be herself again.  
 A gentleman from south of Running water brought his little daughter to the train Monday morning to take the train for Casper where she will stay with her aunt and go to school; we did not learn the name.
