The Harrison Sunday school had its regular Christmas tree and to say there was a crowd of people present is putting it light. Miss Amy Christian and Miss Lacie Parsons had a nice program prepared which everyone enjoyed and we are sure they had a right too for the children that had a part on the program did their part well. Many presents as well as candy and nuts were given to all, and we are sure the little ones will not have time to forget the beauty of the trees laden with their many presents until another Christmas will roll around and they will again meet to commemorate another happy day of the Saviour of the world.

Mr. A. McGinley has been circulating a petition for a pardon of Charles Russell who is serving a 20 years sentence for the supposed killing of A. Studenmer some four years ago. Many have signed and petition, and we feel that a large majority of the citizens of the county will sign the same. When Charles was first convicted we with many others thought he was the guilty party, but many things have come up that have made us change our mind, and we feel that Charles is innocent of the crime, for which he was charged. We hope all will lay aside all prejudice and help release a man that is being persecuted for the crime of another.

We do not mean to say that Charles Russell was a man of the best morals but we do believe that he was not cowardly enough to kill a man as Staudenmer was killed. Charles temper and threats was one feature that helped him where he is, for the evidence was all circumstantial and stands so today for it was never proved that he did the killing, but circumstances have arisen since, that we believe that the jurors that listened so intently to the evidence will admit that some one else might be guilty of the crime for which he was tried and convicted.

R. V. McNab and family came up from Cottonwood Sunday and after driving considerable and a fling in one of home floes drove up to Z. F. Antrim late in the afternoon, very cold, tired and glad to find shelter and a good fire before dark.

Quite a number were invited to spend Xmas at the home of Mr. and Mrs. John E. Respher. Those who accepted the kind invitation spent a most pleasant day and enjoyed an excellent dinner which consisted of several courses and nothing was left undone by Mr and Mrs. Respher to make the day an enjoyable one for their visitors.

There was a good attendance at the church Saturday evening, the program was short, but the audience seemed well pleased, the tree selected and set up by Mr. Antrim and Mr. Eber-cher and decorated by the Ladies of the church was very pretty and in the treat that followed no one present was forgotten, we are quite sure the children enjoyed that part of the evening at least.

It has been truthfully said there is no Prophet or seer known that can tell anything about Nebraska. No where on earth do we think can the weather change so quickly as here. Xmas day dawned bright and fair in the valley, the sun never shone brighter and very one predicted a lovely day. About 1 o'clock the wind came up and it grew very cold, both wind and cold increasing as it neared sunset and those who had to face that wind going home after their good time realized it was anything but lovely, and some very uncomplimentary things were said of old Sioux.

It was voted last Sunday to discontinue the Bodarc Sunday School for the winter.

J. A. and Herbert Roe came over from their saw mill Thursday going back on Monday.

E. S. Hamill came over from Agate Saturday. Mrs. Bassett went back with him. She will visit Mrs. Graham and Mrs. Cook a few days.

We are sorry to say Mrs. Bassett received the sad news of the death of Mr. Traxbridge, her sister's husband, who died last Sunday at Los Angeles, Calif.

Oscar McIntosh went over to the ranch last Thursday so his father could stay here and attend the Christmas program; he came back Saturday.

The greatest surprise we have experienced for a long time was Thursday night when we were at the school house. Mr. Roe told us our girls had come; we could hardly believe him, but hurrying out in the last sure enough there were our Lily and Lacie. We were so surprised and too glad to scarcely talk; they are here yet visiting several other friends besides their home folks. Things are sure lively—I guess so good to have them home once more.

While the school boys were piling wood last Wednesday Thomas Jones had the misfortune to get the fore finger of his left hand caught between the piece of wood he was going to pick up and the one the other boy threw, cutting the end of his finger almost off and taking the nail entirely away. It hurt him very bad; the teacher was so frightened she sent for his mamma, who took some cloths, a string, some sugar and a bottle of camphor and hurried to the school house. It was not very long until the finger was done up in sugar, camphor and splints to hold it straight, and the pain soon eased. The finger does not pain him much now. We trust it will grow straight again.

The Christmas tree and program were fine for the time put in preparing for it. The program was very short but select, the tree looked very beautiful—many lovely presents—some boughten and many made by dear loving hands, which made the night long. Every present was thoughtful, timely and loved from the giver with the receiver will long remember. The singing was fine. The choir consisted of Misses Warner, Pearl Jones, E. A. Proctor, Clara Christensen and Mr. Proctor, Mrs. Hughes presiding at the organ. The little folks sang a sweet song, Mrs. Roe playing for them. Mr. Proctor gave us a fine selection "The Pumpkin Pie and Mother Used to Make" Miss Eva played for him. Miss Warner showed much taste and love for her work in decorating the room and assisting in fixing up the tree. Everyone enjoyed themselves and had all the goodies they could eat and plenty to take home. Misses Lily and Lacie each gave us a fine selection which was very funny and was appreciated by all. Many many more merry Christmas wishes come to all.

Miss Warner went to her home Friday evening; she will return to begin the next term of school January 9, 1905.

Mr. and Mrs. Roe and children attended the Christmas tree and program at Harrison and spent Christmas with Mrs. Roe's brother and family, T. O. Williams. U No had the honor of being postmaster while they were away.

Wishing everyone a happy New Year, and hoping you had a merry Xmas we will close.
