PECULIAR MARRIAGE CEREMO-NY IN WASHINGTON.

Adelaide Johnson Invites Friends to a Youth Who Had Taken Her Name-The the substitute measure. Groom Wears White Broadcloth-A Spiritualist Officiates.

#### A Theosophical Wedding.

WASHINGTON, Jan. 31.-An extraordinary ceremony was performed here last night Theosophy was the me-dium which joined in the bonds of matrimony a "new woman" and a "new man" Adelaide Johnson, the sculptor, whose portrait busts of Elizabeth Cady Stanton, Lucretia Mott, Susan B. Anthony and Dr. Caroline Winslow occupied a central position in the Woman's building at the world's fair, was the heroine of the novel affair. Miss Johnson invited twenty friends to a "white evening" at her home. No hint was given of the nature of the occasion. The guests, including Mrs. Richardson of Boston, Susan B. Anthony, Clara B. Colby and Colonel Charles, arrayed themselves in white, as requested, and arrived promptly at the appointed hour. They found the drawing room draped in snowy cheese cloth, while curtains hid the windows and doorways. White silk cushioned the chairs and covered the tables, on which crystal bowls of calla lilies were placed. A bust of General Logan, on a pedestal in one corner, gazed sternly on the marble likeness of Lucretia Mott with Quaker cap and folded handkerchief.

The suspicion of the guests was first aroused by the sight of a white satin ribbon which enclosed a sort of chancel containing a sofa upholstered in white and made comfortable by a half dozen white ruffled pillows.

Curiosity was set at rest at 9 o'clock by the announcement that the wedding of Adelaide Johnson to Alexander Frederick Johnson was about to take place. Cora L. V. Richmond, the spiritualist, passed behind the ribbons attended by the groom who wore a suit of white broadcloth and a white silk tie. Mrs. John Vance Cheney, wife of the poet, entered immediately after and read a poem on "Music," the last stanza of which was accompanied by the strains of Lohengrin's wedding chorus, played softly by Susan Old-berg. The bride soon appeared, gowned in white tulle heavily em-broidered with pearls and made over white satin. She was escorted by her brother, Charles G. Johnson, of Chicago. Cora L. V. Richmond performed the marriage ceremony "under inspiration." A week ago the groom, by power of law, changed his name of Alexander Frederick Jenkins for Alexander Frederick Johnson, that his talented wife should not forfeit the name by which she is known to the world. He is a slight young fellow, not 20 years old yet, light hair and penetrating dark eyes. He was born in England and has traveled over America. He spent nine months alone on an Arizona ranch and now lives in New York. That is all that is known of him here, except that, like his bride, who is twelve years his senior, he is thoroughly imbued with the beliefs of Christian science and theosophy and is a vegetarian as well.

Regarding the bond bill as it came from the House, Senator Mitcheli said: "I decline to give further au-thority to the Secretary of the Treas-ury to issue additional bonds in time of peace, first, because I deny the necessity for any such additional is-sue; second, because I am opposed to a further increase of our interest bearing public debt; third, be-cause in encouraging additional bond issues at any rate of interest, I believe we are hastening the rapid approach of national bankruptcy; and fourth, because I am a Republican and every Republican State conven-tion which has convened in the last year has condemned in emphatic terms the present administration for issuing bonds and thus increasing the national indebtedness.

## TILLMAN WAS BITTER

STRONG ARRAIGNMENT OF THE ADMINISTRATION.

The President Called a "Besotted Tyraut" and Secretary Carlisle "Judas From Kentucky"-Wall Street Scored and Another Era of Bloodshed Predicted by the South Carolinan.

#### The Administration Arraigned.

WASHINGTON, Jan. 30. -Senator Ben Tillman of South Carolina spoke upon the silver substitute for the bond bill in the senate to-day and made the occasion the opportunity for an extreme arraignment of the administration and of those Republicans and Democrats who have, in the past, thrown their influence toward the upholding of the gold reserve.

Senator Tillman began: "It is not saying too much, and I feel warranted in charging, that the derangement in our finances and all this cry about sound money and maintaining the honor and credit of the United States are all part and parcel of a damnable scheme of robbery, which had for its object, first the utter destruction of silver as a money metal; second, the increase of the public debt and the issue of bonds payable in gold, and, third, the surrender to corporations of the power to issue all paper money and give them a monopoly of that

"If the secret history of the year 1892 shall ever be written, it will dis close the fact, which cannot be proven now, but of which I have not the slightest doubt, that the gold ring of New York, which embraces nearly all the bankers in the Eastern and Middle states and the stock gamblers of Wall street, controlled the Presidential nominations of both the Democratic and Republican parties and had an understanding with the managers, or with both the candidates themselves, in regard to what policy should be pursued towards our finances. They contributed money for the booming of Mr. Cleveland as the only available Democratic candidate, and they abused and ridiculed every other Democratic aspirant.

'In the entire history of this coun try." continued Mr. Tillman, the high office of the President has never been so prostituted, and never has the appointing power been so abused. Claim ing to be the apostle of civil services reform, he has debauched the civil service by making appointments only of those whose sponsors would surrender their manhood, and, with bated breath, walk with submissive head in his presence. With relentless purpose he has ignored his oath of office, to ne has ignored his oath of omes, to uphold and obey the law, and has paid out gold instead of coin and has issued bonds to buy more gold, by both actions overriding the law and giving no heed to the interests of any but moneyed friends—I might say his

owners or partners.
"While to this besotted tyrant coin has come to mean gold alone, he can-not by his mere 'ipse dixit' change the law of this land and pervert the plain

meaning of the English language.
"The repeal of the Sherman law, it was asserted, which was the first point of attack of this 'unholy alliance,' was accomplished only through the aid and in conjunction with a majority of the Republican senators.

'This Democratic President accomplished what was not possible for any cumstances to have brought about. A change of the party in power had left a large number of offices in his gift with which to buy votes." MR. CARLISLE, "JUDAS FROM KENTUCKY"

In discussing the "honest meaning" of parity of gold and sliver in the Sherman law, he said: "The object was Republican convention did not get to to have them assist each other, to hold silver up by holding gold down, and an honest secretary of the treasury, who should have resigned his office rather than have submitted to the dietation of a besotted chief, would have paid out silver to protect the treasury from the gold gamblers and bond gamblers, as the law and his oath required. No wonder the Senator from Massachusetts feels like twitting us with the decay of South-ern statesmanship and charging us with dishonesty. He charges it, however, in another connection and as aiding and abetting this Judas from Kentucky, who, after a brilliant career of twenty years and more as leader and champion of the silver forces, has, in his old age, come to this pitiful pass. And then to think that the indictment thus brought against a whole section should have so much color of truth and of fact to back it up in the apostacy from their principles of the two other Secretaries from the South in the cabinet of a President who has so disgraced the name of Democracy.

The South bows its head in shame at this exhibition of moral cowardice and despises the renegades.'

CONTAMINATED BY WALL STREET.

And again referring to the President: "If he was honest at the start (and I am willing to grant that much), his association with Wall street and his connection with wealthy men has debauched his conscience and destroyed all sympathy with the masses.

In discussing the gold question further, Mr. Tillman said: 'Rothschild and his American agents gragiously condescend to come to the help of the United States treasury in main taining the gold standard, which has wrought the ruin, and only charges \$10,002,000 commission, or so. Great God! that this government, the rich-eat, most powerful on the globe, should have been brought to so low a pass that a London Jew should have been appointed its receiver and presumes to přtronize us.

"The responsibility of providing venue and looking after the solveney of the treasury, which rests with Con-gress, has been usurped by the Presdeat. Why is he not impeached? The eneroschments of the federal judiciary and the aupineness and venality cortive branches of the Government are causes of deep concern to all thinking and pairlotic men. We are fast drift-ing into government by injunction in the interest of monopolies and cor-porations, and the Supreme court, by one corrupt vote angula an act of Congress looking to the taxation or the rich.

ANOTHER ERA OF BLOOD PREDICTED. "The struggle from 1861 to 1865, which drenched this fair land in blood, was to emancipate 4,000,000 black slaves. We are fast approaching a condition which will place the collar of industrial bondage around the necks of ten times that many white slaves. A day of reckoning will come, unless there is no longer a just God in heaven, and when it does come, woe be unto those who have been among the oppressors of the people. The present struggle is unfortunately too, like that which preceded the late civil war, inasmuch as it is sectional. The creditor and the manufacturing States of the North and East, those which have grown inordinately wealthy at the expense of the producing classes of the South and West, are urging this policy with the besotted blindness of Belshazzar."

It was easy to see, the senator said in conclusion, that the struggle for the new emancipation had begun. There were millions now on the march and they tramp, tramp, tramp side-walks hunting work, and the highways begging bread, and unless re-lief comes they will some day take a notion to come to Washington with rifles in their hands to regain the liberties stolen from them, or which their representatives have sold.

#### FOR CUBAN RECOGNITION.

Sepate Resolution of Sympathy for the

Instegents. WASHINGTON, Jan. 30 .- Mr. Morgan of Alabama, Democrat, from the committee on foreign relations, reported in the senate to-day a resolution for the recognition of the belligerent rights of the Cuban insurgents. The senator read the report in full, stating that it favored action on a substitute resolution.

The committee resolution follows: "Resolved, By the senate, the house of representatives concurring, that the present deplorable war in the island of Cuba has reached a magnitude that concerns all civilized nations to the extent that it should be conducted, if. unhappily, it is longer to continue, on those principles and laws of warfare that are acknowledged to be obligatory upon civilized nations when engaged in open hostilities, including the treatment of captives who are en listed in either army, due respect to cartels for exchange of prisoners and for other military purposes, truces and flags of truce, the provisions of pro-per hospitals and hospital supplies and services to the sick and wounded of

either army; be it further
"Resolved, That this representation of the views and opinion of Congress be sent to the President, and if he concurs therein that he will, in a friendly spirit, use the good offices of this gov-ernment to the end that Spain shall be requested to accord to the armies with which it is engaged in war the rights of belligerents, as the same are recognized under the law of nations."

CUBAN INDEPENDENCE SUGGESTED. The report on the above says: "The Congress of the United States deeply regretting the unhappy state of hostilities existing in Cuba, which has again been the result of the demand of a large number of the native population of that island for its independence, in a spirit of respect and regard for the welfare of both countries, earnestly desires that the security of life and property and the establishment of permanent peace and of a government that is satisfactory to the people Cuba, should be accomplished. And to the extent that the people of Cuba are seeking the rights of local self-government for domestic purposes, the Congress of the United States expresses its earnest sympathy with them.

The Congress would also welcome with satisfaction the concession by Spain of complete sovereignty to the people of that island and would cheerpeople of that island and would cheerfully give to such a voluntary concession the cordial support of the United States. The near proximity of Cuba to the frontier of the United States, and the fact that it is universally regarded as a part of the continental system of America, identifies that island so closely with the political and commercial welfare of our people that Congress cannot be indifferent to the fact that civil war is flagrant among

the people of Cuba.

"It is neither just to the relations that exist between Cuba and the United States, nor is it in keeping with the spirit of theage or the rights of humanity, that this struggle should be protracted until one party or the other should be exhausted in the resources of men and money, thereby weakening both until they may fall prey to some strong power, or until the stress of buman sympathy or the resentments engendered by long and bloody conflict should draw into the strife the unruly elements of neigh-

horing countries."

Attention is called to the inability of Spain to deal with the revolutionists as a misfortune which is unfair to visit upon the United States. "It is due," the report concludes, "to the sit-uation of affairs in Cuba that Spain should recognize the existence of a state of war in the island and should voluntarily accord to the armies opligerents under the laws of nations." Following is the text of the resolu-tion reported by Senator Cameron as a substitute for the Cuban resolution, reported by the Senate committee on

Resolved. That the President is hereby requested to interpose his friendly offices with the Spanish government for the recognition of the in-

dependence of Cuba."

The minority report states that shortly after Mr. Blaine became seeshortly after Mr. blaine became acc-relary of state, he sought to secure the independence of Cuba, but the project failed through the refusal of Spain to consider the release of her colony. In conclusion the report urges it to be an imperative duty that belligerency be accorded, and that the President further more toward the independence of the Island.

### VOORHEES FOR SILVER.

The Indiana Senator Scores the Gold

Standard Policy. WASHINGTON, Jan. 30. - At 2 o'clock the sliver bond bill was taken up and, after some skirmishing between Hill and Chandler and Jones of Arkansas. in a vain effort of the last named to have Thursday at 2 p. m. fixed for a vote, Mr. Jones said: "Then I give notice that on Thursday I will ask the Senate to remain in session until this bill is disposed of, and I ask all Senators to come prepared on Thursday for such action.

Mr. Voorhees, Democrat, of Indiana, rose for a "short talk," he said. He has seldom spoken of late and received close attention. He said the country was now in the midst of a revolution brought on by those plotting against silver. It was this class which brought on panies, destroying the parity of the metals. The men who demonetized silver in 1873 were, said Mr. Voorhees, "revolutionists." They sought to overcome the constitution, the laws and the policy of a century After tracing the constant use of silver since the government began, the senator declared that the token of "sound money" applied to gold money was a fraud. Silver was as much sound money as gold. It would effectually stop the raids on the gold reserve if the demands on the treasury were met by silver payments as well as gold.

#### SENATE PROCEEDINGS.

The Debs Inquiry Resolution Referred-An Inquiry Into Havana Arrests.

WASHINGTON, Jan. 30 .- On the conelusion of Mr. Tillman's speech, Mr. Gray of Delaware, from the committee on foreign relations, made a favorable report on the resolution calling on the Secretary of State for information as to the arrest of Mark E Roderiguez on the United States mail steamer Olivette, at Havana on the 15th inst., and also the arrest of Louis Someillan and his son in Havana on the same date. The committee struck out that part of the resolution in-structing the Secretary of State to demand the immediate release of the prisoners named. The resolution went

o the calendar.

Among the bills introduced was one by Mr. Gallinger of New Hampshire,

pensioning the widow of General Thomas Ewing, who died recently. Mr. Call's resolution directing the Interstate Commerce commission to investigate and report on a canal across the State of Florida was agreed

The resolution for an inquiry into the imprisonment of Eugene V. Debs was referred to the judiciary commit-tee, on the assurance of Mr. Hoar, chairman of the committee, that early action would be taken.

### WAS IT A DECOY?

Report That Official Attention Was Purposely Drawn to the J. W. Hawkins.

Washington, Jan. 30 .- Reports received here seem to fully confirm the report of the sinking Monday of the steamer J. W. Hawkins, which left New York Sunday night with a Cuban filibustering expedition of 100 men and ammunition on board.

There is a curious rumor afloat here to the effect that the true story has not yet been told as to the alleged wreck of the steamer Hawkins, which had just set out to carry a load of men and ammunition to Cuba

Some people close to the revolution-ists say the whole thing is a "decoy," and that the Spanish minister and the United States authorities have been cleverly fooled. For some reason that cannot be definitely traced, there is a belief that the arms supposed to be on the Hawkins were either transhipped at sea or else were sent out secretly in some other vessel, and suspicion inten-tionally directed against the Hawkins for the purpose of throwing the Span-ish spies and the United States revenue authorities off the track.
