

The Greatest Medical Discovery of the Age.

# KENNEDY'S MEDICAL DISCOVERY.

DONALD KENNEDY, OF ROXBURY, MASS., Has discovered in one of our common pasture weeds a remedy that cures every kind of Humor, from the worst Scrofula down to a common Pimple.

He has tried it in over eleven hundred cases, and never failed except in two cases (both thunder humor). He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston. Send postal card for book.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the right quantity is taken.

When the lungs are affected it causes shooting pains, like needles passing through them; the same with the Liver or Bowels. This is caused by the ducts being stopped, and always disappears in a week after taking it. Read the label.

If the stomach is foul or bilious it will cause squeamish feelings at first. No change of diet ever necessary. Eat the best you can get, and enough of it. Dose, one tablespoonful in water at bedtime. Sold by all Druggists.

THE GREAT MEDICAL DISCOVERY, does half the world's business, because it has reduced the cost of medicine to 1/10 what it was. It has many branches, and supplies its goods and repairs at your door. It can and does furnish a better medicine for less money than others. It makes Pumping and Hoarse, Stiff, (dissolved after-Complaint) Windmills, Tiling and Fixed Steel, Towers, Steel Buzz Saw Frames, Steel Wood Cutters and Feed Grinders. On application it will name one of these articles that it will furnish until January 1st at 1/2 the usual price. It also makes Tanks and Pumps of all kinds. Send for catalogue. Factory: 12th, Rockwell and Fillmore Streets, Chicago.

It takes a good deal of ability to do anything well.

## ARE YOU SUPERSTITIOUS.

Look for Your Natal Month and See Yourself as Others See You.

An English authority is responsible for the assertion that a man's destiny depends upon the month of his birth. A man born in January will be a hard worker, a lover of good wine, a hunter, a manager of great enterprises.

A woman born in that month will be affable; will have domestic tastes and will be capable of great endurance.

A man born in February will love money much but women more. He will be stingy at home but prodigal abroad. The woman will be an affectionate wife and good mother.

The man born in March will be handsome, honest and prudent. Yet he will die poor. The woman will be tall, stout and witty.

The man born in April will not necessarily be a fool even if his birthday is the next day after March 21. The woman will be a chatterbox and will have advanced ideas. She will be a leading member of the shrieking sisterhood.

The man born in May will be amiable and will make his life partner happy. The woman will equal him in amiability and the other above named desirable quality.

The man born in June will be of small stature and very fond of women and children. The woman will be flighty and a high liver, but will repent and sober down at forty.

The man born in July will be of military tastes, a trifle pompous, but a good fellow withal. The woman will have a sulky temper; she will be proud and handsome.

The man born in August will be ambitious and courageous. The woman will be what Americans call capable. She will be equal to running a farm or editing a newspaper.

The man born in September will be strong and wise; he will make few mistakes and live and die rich. The woman will be loved by her friends, have many suitors and die an old maid.

The man born in October will write poetry when young; then he will dabble in politics and wind up as a reformer. The woman will be pretty, and late in life an apostle of total abstinence.

The man born in November will have a fine face, great address, and if not careful he will be a gay Lothario. The woman will be large, liberal-minded and fond of novelties and novels.

The man born in December will have a passionate temper, yet will be the first to forgive. The woman will be a Lady Bountiful to the deserving poor, but a terror to tramps and wilfully unemployed.—Philadelphia Press.

## AN ASCENT OF MOUNT ARARAT.

The View From the Summit of the Mountain of the Ark.

At last we stood upon the summit of Ararat—but the sun no longer pierced the white vapor; a fierce gale drove across the forbidden region and whipped the eye, straining to distinguish the limits of snow and cloud. Vague forms hurried past on the wings of the whirlwind; in place of the landscape of the land of promise we searched dense banks of fog.

We were standing on the spot where the ark of Gopher rested, where first the patriarch alighted on the face of an earth renewed. Before him lay the valleys of 600 years of sorrow; the airless hope filled his eyes. The pulse of life beat strong and fresh around him; the busy swarms thrilled with sweet freedom, elect of all living things. In the settling exhalations stood the bow of many colors, eternal tokens of God's covenant with man.

Although the summit of Great Ararat, which has an elevation of 17,916 feet, yields in height to the peaks of the Caucasus in the north and to Demavend (19,400 feet) in the east, nearly 500 miles away, yet, as Bryce in his admirable book has observed, there can be but few other places in the world where a mountain so lofty rises from a plain so low. The summit of Great Ararat has the form of a dome and is covered with perpetual snow; this dome crowns an oval figure, the length of which is from northwest to southeast; and it is, therefore, the long side of this dome which you see from the valley of the Araxes. On the southeast, as you follow the outline further, the slope falls at a more rapid gradient of from 30 to 35 degrees, ends in the saddle between the two mountains, at a height of nearly 9,000 feet.

From that point it is the shape of the Little Ararat which continues the outline toward the east; it rises in the shape of a graceful pyramid to the height of 12,840 feet, and its summit is distant from that of Great Ararat a space of nearly seven miles. The southeastern slope of the lesser Ararat corresponds to the northwestern slope of the greater mountain and descends to the floor of the river valley in a long and regular train. The unity of the whole fabric, the intimate correspondence of the parts between themselves, in a word, the architectural qualities of this natural work at once impress the eye and continue to provide at inexhaustible fund of study, however long may be the period of your stay.—Scribner's for February.

**Luminous Crabs.** The Chinese have a curious belief that certain crabs are at times heated to a white heat, and if taken into a boat have the faculty of burning whatever they touch. To any one familiar with crabs in their variety there might seem some reason for this, as so far as appearances are concerned, some of the crabs are wonderfully luminous and seem to glow at every point with an intense light that in its radiations illumines not only the animal itself, but all immediate objects. One slight in rowing my boat along the Florida reef I noticed that the water suddenly became highly luminous. At the bow two golden waves rushed away, breaking into a luminous foam, seeming to ignite the entire surrounding water. Every movement of the oar was like a touch of Midas and left a golden trail. Here were great moon-like masses; now trails of light as fishes dashed away, and by splashing the water violently to and fro with my hand, so brilliant a light was produced that print could be read by it. Investigation showed that this wonderful phenomenon was caused by minute crustaceans, cousins of the common crabs, that while minute in size almost completely filled the water and by a combination of forces produced the marvelous display.—Philadelphia Times.

## What It Wanted.

Every boy and girl has doubtless heard of the great composer Handel. Here is a little story told of him and of Dr. Maurice Green, a musician whose compositions were never remarkably fine. It seems he had sent a solo anthem to Handel for his opinion, and Handel invited him to take breakfast, and he would say what he thought of it.

After coffee Green's patience became exhausted, and he said: "Well, sir, what do you think of it?" "Oh, your anthem! Ah, I did think that it wanted air."

"Air!" cried Green. "Yes, sir; and so I did hang it out of de window," replied Handel.—Harper's Round Table.

## Still Giving Away Prizes.

The novel prize contests of the Omaha World-Herald still continue. The last one closed February first and the prizes have been awarded.

The new prize contest just announced in our advertising columns is to see who can construct the longest good sentence in English without using any letter more than three times. As usual the first prize is a \$600.00 piano, this time a Kimball, and five or six hundred dollars in cash prizes follow.

Of course the object of the Weekly World-Herald is to secure new subscribers for their popular and newsy journal.

This is the third big contest of the kind which the World-Herald has had to boom circulation and Editor Bryan's paper, which champions the cause of free silver, must be spending a good deal of it in prizes.

All things come to him who knows when not to wait.

## "A Word

...in Season."

The season is Spring. Spring when you call on your body for all its energy, and tax it to the limit of effort. Does it answer you when you call? Does it creep unwillingly to work? # \$10,000 FOR WOMEN

\$1,000 FOR THE ONE WHO GUESSES BEST!

A YEAR AGO THE CHICAGO RECORD offered \$30,000 in cash prizes to authors for the best "stories of mystery." The stories were so called because it was required that a mystery should run through the entire story and be disclosed only in the last chapter. The purpose being to give CASH PRIZES to those readers of THE CHICAGO RECORD who should be able to solve the mystery, or come nearest to a correct solution of it, IN ADVANCE of the publication of the last chapter in the paper.

THE AWARD OF AUTHORS' PRIZES HAS JUST BEEN MADE. Stories from all parts of the English-speaking world, to the number of 816, were entered in the competition. Twelve Cash Prizes were offered for the best twelve stories. The first prize was \$10,000, and was won by Harry Stillwell Edwards, of Macon, Ga. His story is entitled:

AND ITS PUBLICATION WILL BEGIN IN THE CHICAGO RECORD ON MARCH 23, and continue in about thirty daily installments until completed. "SONS AND FATHERS" is beyond all question THE GREAT STORY OF THE YEAR. There will be an interval of a week or more between the publication of the last installment containing the explanation of the mystery and the immediately preceding chapter, during which period the guesses will be received by THE RECORD.

To still further promote popular interest in this remarkable story THE CHICAGO RECORD offers \$10,000 in 800 cash prizes for the 800 guesses which shall come the nearest to being true and complete solutions of the mystery in the story.

## THE \$10,000 IS DIVIDED AS FOLLOWS:

- For the second best solution..... 500
- For the third best solution..... 300
- For the fourth best solution..... 300
- For the next 5 nearest best solutions, \$100 each..... 500
- For the next 10 nearest best solutions, 50 each..... 500
- For the next 20 nearest best solutions, 25 each..... 500
- For the next 50 nearest best solutions, 20 each..... 1,000

- For the next 500 nearest best solutions, 5 each..... 2,500
- In all 800 prizes, amounting to..... \$10,000

FULL PARTICULARS as to the details of the conditions governing the awarding of these prizes will be published in THE CHICAGO RECORD. The principal rules are as follows:

1.—But one solution can be entered by a reader. It is immaterial whether the reader subscribes for the paper direct to the office of publication, or whether it is bought from the local newsdealer. The contest is open, under the specified conditions, to all who read the paper.

2.—The explanation of the mystery may be made in the reader's own words, in the English language, and without any attempt at "free writing," simply giving as many of the facts that go to make a "complete and absolutely correct solution of the entire mystery" as the reader may be able to discover.

3.—The \$10,000 will be awarded, under the conditions announced, according to the best judgment of the judges appointed by THE CHICAGO RECORD, and they will have complete control and final decision, beyond any appeal, in all matters relating to this unique contest.

And last, but not least,

**ONLY WOMEN AND GIRLS MAY GUESS.**

that THE CHICAGO RECORD is a newspaper particularly suitable for women's reading the further condition is made that the \$10,000 in prizes shall be paid only for explanations or guesses sent in by women and girls. All may read, but only WOMEN AND GIRLS MAY GUESS.

THE CHICAGO RECORD is pre-eminently a FAMILY NEWSPAPER, and its daily installments of high-grade serial stories is a feature intended especially to commend it to the home circle. To emphasize and advertise the best

literary news with judicial impartiality, free from the taint of partisanship. It is Chicago's family newspaper. Prof. J. T. H. Hild, of the Northwestern University, writing to the Evanston (Ill.) Index, says: "I have come to the firm conclusion, after a long test, and after a wide comparison with the journals of many states and countries, that THE CHICAGO RECORD comes as near being the ideal daily journal as we are for some time likely to find on these mortal shores."

The journalists' class paper, published in New York, called "Newspaperman," says: "There is no paper published in America that so nearly approaches the true journalistic ideal as THE CHICAGO RECORD."

Forward your subscription as early as possible, so that your name may be entered on the subscription list at once and the paper be sent you without any delay and in time for the opening chapters of THE RECORD'S GREAT \$10,000 PRIZE STORY. Address
