SPAIN ORDERS IT M'KINLEY'S WISH.

HE MAY ESCAPE DEATH.

The United States State Department Said to Have Made Quiet, but Effective, Representations to Minister DeLome-Was Correspondent Crosby Murdered by Spain?

CHICAGO, April 5.- The Times-Herald's Washington special says: retary Sherman has protested against the execution of General Ruis Rivera, the Cuban leader in Pinar del Rio, who was recently captured by the Spanish forces. President McKinley and Secretary Sherman discussed the Rivera case, and the latter, at the President's suggestion, communicated with Senor DeLome. the Spanish minister. Secretary Sherman did not make a formal protest against the execution of Rivera. At the same time Secretary Sherman wanted the Spanish minister and his government to understand that the execution of Rivera would not tend to promote good feeling for Spain in this country. Already public opinion was much exercised over the threat to shoot the prisoner, and if that threat was carried into execution the indignation throughout the United States might be so great as to embarrass the government. It is not doubted that Senor De Lome communicated the substance of this

informal protest to his government, and there are reasons for believing that the Spanish authorities will cable orders to Havana that will save Rivera's life. HAVANA, April 5 .- Acting Captain

General Ahumada has received orders from Minister of War Azearraga at Madrid not to try General Ruis Rivera immediately by court martial. The minister thinks that a summary court martial, followed by the shooting of Rivera and Bacallao, would have a bad effect in Europe.
