CONGRESSIONAL TICKET.

Congress, 6th district.

NORRIS BROWN, of Kearney.

The net cash balance of gold in the treasury at Washington, on the 8, was \$229,994,791. The largest amount in the history of the country. Under a democratic administration we had to borrow money to pay running expenses. Under a republican administration we pay our way as we go and square up old accounts for the democrats.

The Treasury department at Washington, announces that it will recommend a repeal of some sections of the war revenue measure at the sitting of congress this winter so as not to draw so heavily on the outstanding circulation. Also that it will redeem \$25,000,000 of the 4 1/2 bonds outstanding. They are now calling in \$14,000,000 of the 6's.

By the end of the second year of McKinley's administration \$100,000,000 of bonds now outstanding will have been paid off and the war debt taken care of. In four years of democratic rule we went behind \$262,000,000 and that in a time of peace. It would seem that it would not take much of a financier to decide which party was the most profitable for the people.

The patriotic work of Victor Emanuel and Garibaldi, according to late dispatches is nullified. A bloodless conquest and a victory without a battle has been the record of the Vatican, and vacillating Humbert, picked up his traps and left Rome, to take up his excuse for a court at the old stand in Turin. He has been a disgrace to his people ever since he has been on the throne. The ghost of his great father, Victor Emanuel, and his Field Marshall Garibaldi, will surely haunt him for his cowardice.

It is reported that Jacob Alders is an aspirant for the nomination of representative on the republican ticket. Jake has been with the party two years and it is high time he was recognized. We may have been misinformed in the matter but we will wager that the populists can take our informant, Friez Kornrumpf, and beat Jacob by two hundred majority.—Times Ind.

Ed. seems to be sticking to the old populist doctrine, "put up a yellow dog and we pups will vote for him." We don't know whether Mr. Albers would accept a nomination or not, don't think he cares for it, but even if he were chosen, in point of ability he is head and neck above Vandergrift.

The fight at Colorado Springs last week among the free silverites was about as disgraceful a thing as has occurred for many a day and should show clearly to the people that the fusion elements are of the rule or ruin kind. Men who aspire to be leaders of the people should be considerable above such disreputable rows and if they are not they should be turned down and their places given to decent men. The number killed and wounded is kept very quiet as they fear the righteous indignation of the voter which is sure to come in the course of time, and the greater the row among the fellows who aim to do the bossing the sooner the fellow that casts the vote will take a tumble to himself and then the jig will be up.

AN OPEN LETTER.

To the Hon. J. M. SNYDER.

My Dear Representative:—When we heard two weeks ago that the pop party was about to turn you down and nominate another less worthy and with much less ability, simply because you were too old to be up nights running around after votes, we could hardly believe our ears. We supposed as a matter of course that you would be honored with a second nomination as a reward for your former efforts in helping to make the party what it is to-day. For the past eight years there has not been a candidate on the pop state or county ticket that you hav'n't whooped it up for from early morn until the cows come home 'way into the night, and your last campaign was marked with more energy than your first. Why, you went out on the stump night after night, and year after year in the cold October breeze from school house to school house, to the "Little Cottage Homes" and talked populism and fusionism until you made votes for you party by the ballot box full. You never forgot to mention the good qualities of all of the candidates on your ticket. You done it in a way that John Vandergrift could not and the whole pop party knows it. They know, too, that it was your effort that secured the first term of office for every officer elected to office in this county on the pop ticket, and that it is also due to your effort that each have been privileged to strip the public tent for a second. They are well aware of the fact that you are the ablest man they have ever sent to the legislature, and because you didn't continue to carry out their fool ideas in the representative halls, and advocated a little common sense in the interest of the people, they seemed to have no further use for you. When you stood up in the legislature and called a halt on the re-count business, and pointed out the wast of valuable time, the enormous expense to the tax payers and the inevitable result of such foolishness, that was enough to settle the matter so far as your future chances for holding office is concerned, and everybody ought to have known it. We did know it, but thought it would be overlooked by your former supporters, because of your valuable services personally rendered them in the past. You had helped John Vandergrift to office and positions of trust several times and what in thunder he wanted to jump up and cut your political head off is something we can't understand. Another thing we can't understand: There was'n't a dod-gasted vote for you in the Loup City delegation, which was chiefly composed of I. M. Polski, H. M. Mathews E. A. Brown and others. They balloted seven or eight times with the same spirit of forgetfulness. Now you doubtless remember how hard you worked to give Mr. Polski, your old Bristol township neighbor, his first term of office as county treasurer, and how faithfully you worked to secure for him a second term; how for four long years you have labored to place and keep the county attorneyship in the hands of one who would divide the salary with Mr. Mathews, and how by reason of your efforts in that direction, he, Mathews has been enjoying the pleasure of toasting his shins by a stove fed by the county. You also doubtless remember how persistently you labored to head off the county printing from this office and run it into the hands of Brown. Why, you actually went before the county board in 1894, and rallied to the support of Brown when his bid was higher than all the rest. You told the supervisors, says you: "Gentlemen: Mr. Brown should be awarded the contract even if his bid is a little the highest, as a reward for his fidelity to the party." We say, when you have given these men such hearty support in the past, we cannot understand why they should not accord to you all due courtesy in return. B. & G.

not knowing that it is put up in a another building.

The exhibit occupies some fifteen thousand square feet of floor space, and comprises all grades of school

work from the kindergarten up through the State University and is pronounced by leading educators of other state as one of the finest educational exhibit they have ever seen. The New England Journal of Education, published at Boston and Chicago, in its issue of July 14 makes the following comment: The educational exhibit of Nebraska at the Trans-Mississippi Exposition, Omaha is one of the best, if not literally the best, ever made in the United States." Great credit is due to the thousands of educators and pupils of the Nebraska schools who so faithfully co-operated with us in making the exhibit a success.

While we all are proud that Nebraska has the lowest per cent of illiteracy we feel that this exhibit is right in keeping with the high standing our state has attained.

The work is neatly arranged and tastefully decorated. Visitors can find seats where they can rest and examine the work. You can "Stand up for Nebraska" perhaps in no better way than by taking your friends with you to see this exhibit which no doubt is as fine an educational exhibit as was ever put up by any state

Advice to Consumptives

There are three great remedies that every person with weak lungs, or with consumption itself, should understand. These remedies will cure about every case in its first stages; and many of those more advanced. It is only the most advanced that are hopeless. Even these are wonderfully relieved and life itself greatly prolonged.

What are these remedies? Fresh air, proper food and

Scott's Emulsion

of Cod-Liver Oil with Hypophosphites. Be afraid of draughts but not of fresh air. Eat nutritious food and drink plenty of milk. Do not forget that Scott's Emulsion is the oldest, the most thoroughly tested and the highest endorsed of all remedies for weak throats, weak lungs and consumption in all its stages.
