Mr. Taylor is looking well and does not show any signs of government neglect. He says there was nothing left undone for the comfort of the soldier boys as far as the war department was concerned. Every comfort was provided for them and the cause of so much sickness can be attributed to the reckless eating of all kinds of fruits and dainties that could be procured by them, and the sudden change of climate, all of which the administration were not, and should not be held responsible for. This howl about official neglect, by yellow journals he claims is all for political effect and should be so considered by the people. Any privations that the soldiers suffered he says was not because the war department was derelict but because it was impossible to prevent it.

S. J. FAIR, Chairman
Attest: G. H. GIBSON, Secy.

The pop convention held in the Watkinson hall last Saturday caused some dissatisfaction among the popocratic element, but the result was accepted as being satisfactory to at least the successful candidates. J. M. Snyder was promptly turned down and John Vandegrift was chosen to lead the ticket in this county this fall. He was nominated for Representative, T. S. Nightingale was nominated for county attorney by a handsome majority over H. M. Mathew. Mr. Mathew is the gentleman who succeeded in getting through at the last pop convention a resolution endorsing socialism, so in him the Independent party has a candidate who stands out for fusion in its broadest sense, one who endorses populism, democraticism, socialism and no doubt would like the support of republicanism. But it is generally conceded by all that the party has at last stumbled upon a candidate for county attorney with ability to fill the office. Mr. Nightingale is a lawyer of large experience and ability which especially fit him for the position. His principal failure is that he believes in every kind of ism that can be induced to fuse, but in Sherman county that can hardly be counted as a failure, politically speaking, because it is necessary to have a strong combination to down the republican party and Tom knows it, and just as long as he can make the people believe that all the political isms on earth except republicanism are one and the same thing he is going to do it. He is primed for the fight and he is going in to win or burst a suspender in the attempt. Here is hoping that he will come out in at least as good a trim as when he entered the ring. Mr. Nightingale has practiced law in Sherman county for about 20 years and has as good a record for success as any lawyer in the county. His papers are always first class, he is a close student and prepares his cases with a great deal of care. He has also had a great appetite for office and once before was nominated for county attorney; just nominated and that was all. No attorney in the county and doubtless few in the state can draw up more accurate and binding papers than he can and doubtless there are few who so persistently seek office and never gets it.

Remarkable Rescue
Mrs Michael Curtain, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr King's New Discovery for Consumption she bought a bottle and to her delight found herself benefitted from first dose. She continued its use and after taking six bottles found herself sound and well; now does her own housework, and is as well as she ever was.—Free trial bottles of this Great Discovery at Odendahl Bros Drug Store. Large bottles 50 cents and \$1.00.

A CRITICAL TIME

During the Battle of Santiago.

SICK OR WELL, A RUSH NIGHT AND DAY.

The Packers at the Battle of Santiago de Cuba were all Heroes. Their Heroic Efforts in Getting Ammunition and Rations to the Front Saved the Day.

P. E. BUTLER, of pack-train No. 3, writing from Santiago, De Cuba, on July 23, says: "We all had diarrhoea in more or less violent form, and when we landed we had no time to see a doctor, it was a case of rush and rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy, we were able to keep at work and keep our health; in fact I sincerely believe that at one critical time this medicine was the indirect saviour of our army, for if the packers had been unable to work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use. My comrade and myself had the good fortune to lay in a supply of this medicine for our pack-train before we left Tampa, and I know in four cases it absolutely saved life."

The above letter was written to the manufacturers of this medicine, the Chamberlain Medicine Co., Des Moines, Iowa. For sale by Odendahl Bros.

Robbed the Grave

A startling incident of which Mr. John Oliver of Philadelphia, was the subject is narrated by him as follows: I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying Electric Bitters; to my great joy and surprise the first bottle made a decided improvement, I continued their use for three weeks and am now a well man. I know they saved my life and robbed the grave of another victim. No one should fail to try them. Only 50cts per bottle at Odendahl Bros Drug store.
