# AN FXPOSITION NEXT YEAR

# Byckman and Marshall Working on a Plan Looking to an Extension.

#### A GREAT COLONIAL SHOW.

One of the Promoters Explains the Scope and Purpose of the Project Support.

A fortnight since John W. Ryckman of Chicago and Edward Marshall of New York, says the Omaha Bee, submitted a proposal to certain prominent business men of Omaha for the holding of a foreign and colonial exposition in this city in 1839. The plan presented by these gentlemen has been approved in the abstract by so many of those before whom it was laid, and seems so tersible that there now seems to be a possibility of Omaha's having another and in many respects equally important and successful exposition next year. It is intended to form an entirely new organization to take over the present buildings and grounds, or such part of them as may be necessary for the purpose, from the present company, upon such reasonable basis as may be arranged.

"It is true," said Mr. Ryckman, "that a suggestion has been made to the directors of the exposition to secure the transfer of the Trans-Mississippi exposition buildings and grounds to a new organization to be immediately formed, for the purpose of holding an exposition in Omaha next season, for which every section of our whole country feels there is immediate demand. If Omaha did not take up the project some other city would, but as this magnificent plant is already here and available the cards are all in Omaha's hands.

"Omaha having assumed the responsibility of this great Trans-Mississippi exposition and having come out of it so triumphantly with all the splendid buildings left intact should now for the country's sake assume an equal responsibility and bring into direct conjunction here next summer all of the forces that have become interlaced in our country's greater commerce of the future in the new territories and possessions acquired since the Spanish-American imbroglio. Within a very few months the whole political and commercial complexion of the country has changed We have assumed control of rich colonies outside our own domain, and the markets of Cuba, Porto Rico, Sandwich Islands and the Philippines now fall to us by right conquest The commodities they have heretofore received from England, Germany, France and other countries may now and must be supplied by our own industrialists At the present time they are absolutely unfamiliar with the character of the goods used in these countries and of their natural products which we can utilize. Fore some time this trade, which will rapidly develop for us to an unlimited extent, must be a question of barter. We must utilize their products in order to displace their good with our own in their markets. 'An exposition which will bring here to the precise center of the United and I shall give it as much of my States, where a great exposition plant is ready to receive them, all the products of our new possossions and samples of all the goods and wares entering into their domestic and economic systems is not only timely but is absolutely demanded and will make Omaha not only the magnet of attraction throughout the world next year by reason of the great importance of such a showing, but will add vastly to its reputation for courage and its masterful recognition of the necessary forces of national advancement, Japan would join in such an exposition and make a magnificent display, because of their loudly expressed desire to become allied to the United States in furtherance of her foreign commerce. Mexico has for years plead with us for a chance to make such an exhibition as would attract the attention of commercialists to her material resources. The Nicaragua Canal company would join extensively and bring here the best of everything in Honduras, Venezuela, Guatemala, etc. The administration having evolved for the country the splendid achievements in these territorial aggrandizements, must favor such a demonstration and congress would appropriate a very considerable sum to bring the products and the producers of our new possessions and allies here face to fact with our own producing classes for a perfect understanding and a sure commercial footing. "It is proposed to organize a company with a capital stock of \$250,000, which is considered by some of Omaha's most prudent business mer. to be an ample guaranty on the part of this city. You may say that definite action on the matter will be taken immediately."

length, eight inches wide, and eight inches deep, made of pine. These exact dimensions should be followed when possible for convenience of repacking in shipping case, which should be made of good inch pine lumber, well bound, and lines on the inside with waterproof building paper, and should be forty inches long, thirty-six inches wide, forty inches deep, and will hold just fifty small boxes. The small boxes will have name and company of the soldier it is intended Which They Hope Omeha Will Give for; the packing case, name of the company and regiment plainly marked. Notify me when ready to ship.

"Of course, persons are permitted to inclose in the boxes what they choose. It is suggested, however, that owing to the distance, change of climate, and length of time occupied in shipment, care should be taken that nothing whatever be sent of a perishable nature. Of edibles, fruit cake, preserves, jellies, or any canned goods may be gent, but no fruit nor cooked food any kind other than that named above should be included, for the reason that it would not only spoil, but would taint other articles contained in the large package. Clothing and trinkets of any kind may be sent in safety.

"I suggest that each box might contain two undershirts, all wool; two pairs of drawers, all wool; six cotton stockings, six colored handkerchiefs, six medium-sized Turkish towels, hair brush, comb, tooth brush, one dozen needles, one spool of black linen thread, one dozen pants buttons, one dozen pearl shirt buttons, one small pin cushion and pins, one dozen stamped envelopes, six of them directed to the mother or dear friend of the soldier, one quart of home-made pickles, one quart of cherries, one pound of fruit cake, one pint of grated horseradish. The committee at each company station is asked to see that each soldier in the company receives a box, whether he has friends in the community or not. If this is done no soldier will be slighted.

"This work must be done by the committee at the home station, and attended to at once. If not, then the boys from that station will be left out in the cold. The members of the G. A. R. are expected to lend a helping hand. Who knows better than they the benefit derived from such work. Address me at Lincoln on all matters pertaining to this raillotic work."

#### Return of School Exhibits.

State Superintendent Jackson has issued the following letter, relating to the educational exhibits at the exposition:

As the close of the exposition draws near many desire information as to the returning of the educational exhibit from the Trans-Mississippi exposition at Omaha

1. Each exhibit will be returned to the person shipping the exhibit from the county, free of charge, in conformity with the provision made for the free transportation of our educational exhibit over Nebraska lines. Pay no express or freight charges.

2. As soon as possible after the exposition closes all educational exhibits will be taken down and packed for shipment. Superintendent C. W Stewart, my assistant, and the helpers

#### on the Charge of Fraud.

OMAHA, Neb., Nov. 1.-A sensation has developed in the department of exhibits at the Trans-Mississippi exposition, growing out of the arrest of H. B. Hardt, assistant manager of that department, on two warrants charging him with forgery. Hardt denies the charges and in turn declares he will make some counter charges that will cause more of a sensation than his arrest.

The warrants for Hardt's arrest were sworn to by H. S. Cochron, representing Schofield, Schurmer & Teagle, and H. A. Searle of the Monarch Manufacturing company. Both complainants allege that Hardt so changed the awards of the judges that the medals and certificates of merit which should have gone to the firms mentioned went to some other firm.

#### Confession of a Parent.

NEW YORK, Nov. 1.-Nicholas Jackson of Hackensack, who was sent to Trenton prison to serve ten years for causing the death of his 6-year-old son Louis, confessed to Sheriff Herring and Deputy Sheriff Jackson while they were on their way to Trenton from Hackensack with the prisoner. On this information Mrs. Jackson is held an accesssory to the murder of her | ish." stepson. Here are Jackson's words to the sheriff:

"My wife, whom I had only recently married, did not like Louis, my little boy, and we had many quarrels about him. She helped me to plan the murder, and I was to put the boy on the tracks. I went to Teaneck and stood near the West Shore railroad track. I it best for the United States authoriwas afraid to put the youngster on the ties to continue in charge of affairs for tracks alive for fear he would get off, so I struck him in the stomach with an ing and to prevent any complications iron bolt and that made him unconscious Then I put him on the track just below the crossing and waited for a train to come along. When I was convinced that he was dead I went home. I fixed up the story about my leaving the boy asleep on the hill near the tracks to save my life. The jury believed me and found me guilty of manslaughter, thinking that Louis walked on the track and was struck by a train. I got off dead easy."

#### Mass Meeting in San Juan.

SAN JUAN DE POBTO RICO, NOV. 1.-The principal theater of the city was taxed to its utmost capacity Sunday afternoon on the occasion of a public meeting of delegates from the chief towns of the island to consider and draft recommendations regarding the necessities of the island for the use of the special commissioners who will be selected later to represent Porto Rico at Washington, when the time comes for settling the administrative system. The assembly was fairly representative, and although the proceedings gave undue prominence to unimportant details, there was abundant evidence of intelligent reflection on the part of the delegates, and of a determination not to tolerate partisan poli-

## They Consider That the United States Is

Treating Them Shabbily.

SANTIAGO, Oct. 28. -- Major Pettit, in command of the United States troops at Manzanillo and military governor of the city, telegraphed yesterday that the Cuban general. Rios, offers two companies of armed men to assist the Americans in preserving order, merely asking rations in return. General Wood sent the following reply:

"Certainly not. The only conditions on which rations are to be issued are the complete disarmament and disbandonment of the troops."

Some of the Cubans here consider that the United States is treating its allies badly in not allowing the Cuban forces to remain armed. They contend that the Cuban soldiers who have been fighting three years, who speak the language of the country, are better fitted for garrison duty than "untrained volunteers."

The Cuban general, Macia Rodriguez, virtually voices the sentiment of the Cuban army when he says:

"We thank the United States for the assistance it has given us, but the time has now arrived when the Cubans should be placed in the highest offices and should prepare to take over the island on the departure of the Span-

Cuban extremists here are jubilant at the reported attitude of the Cuban assembly at Santa Cruz del Sur, where the delegates, while expressing their gratitude to the Americans, practically demand a distinctive Cuban government. The Cuban moderates, on the other hand, regret this stand, thinking a year at least, so as to set things gowith foreign governments.

#### Oregon's Indian Rampant.

BAKER CITY, Ore., Oct. 28 .- Word was received here by telephone from Canon City of a shooting affray, in which Indians shot and seriously wounded Dave Cuttings and shot the horses from under F. Duncan and F. Mosier. The redskins then went to the home of John High and shot him, but not fatally.

The scene of the trouble is on the south fork of John Day river, about thirty miles southwest of Canon City. A well-armed posse from Canon City has taken up the trail and hard fighting is expected, as the Indians are well armed.

#### Beavy Failure in Pitts burg

PITTSBURG, Pa., Oct. 28. - Edward Groetzinger entered a plea of bankruptcy, placing his liabilities at \$325,-658 and assets at \$187,762. Mr. Groetzinger's failure was caused by heavy indorsement of paper for his brother. A. Groetzinger, who failed last week.

LESSON VI. NOV. 6-2 CHRON. 30:1-13.

#### Golden Text-"Yield Yourselves Unto the Lord, and Enter Into His Sanctuary."-2 Chron. 30:8- Hezekiah's Great Passover.

The section includes chaps, 29-31, to-gether with the Parallels.-2 Kings 18: 18: -10, and Isa., chap. 38. The place in the history is the revival and restoration under Hezekiah and Isalah, stemming the tide of irreligion, that had grown to a great flood under Ahaz.

1. "And Hezekiah sent to all Israel and Judah. ' It was necessary that people should know that there was to be a renewal of the great religious festivals, be-cause they had been neglected for a long time (v. 5). Whatever was good for Judah was good also for Israel. Israel was very near its end (or, if we take the later date of Professor Kent and others, the nation was destroyed, and there were only scattered and neglected people through out Israel). Possibly Hezekiah had hope of uniting the kingdoms into one strong and glorious kingdom like that of David.

The movement was noble, earnest and hopeful. It was a sign of the right spir-it. "Ephraim and Manasseh," The lead-ing tribes of Israel.

"For the king had taken counsel." 2. He was wise in making plans, and in get-ting so many to join with him in the work. The wise man takes counsel with many, so as to see each object from many points of view. "Keep the passover in the second month." Because there had not been time to make preparations of temple and priests, and to spread the in-vitations. This was allowable "in case of absence on a journey, or temporary defilement (Num, 9: 10, 11). Hezekiah and his counselors considered that this per mission might, under the circumstances, be extended."-Cook.

"From Beer-sheba," the most southern town of Judah. "to Dan," near the sources of the Jordan, on the northern boundary of Israel. "For they had not done it of a long time (or, as R. V., in great numbers), in such sort "as it was written," as the law prescribed. "Some few, especially those settled in the southern kingdom (2 Chron, 11: 16, 15: 9), had, kept it; but the great hulk of the ten tribes had stood aloof since the separation of the kingdoms."-Cook.

6. "So the posts." Postmen, courlers. A post is a station, or series of stations, on a regular route, connected by messengers with relays. Hence, also the messengers, or carriers. "Turn again." Because your God and his religion. "The remnant . . . that are escaped . . Assyria." The Assyrians were at this time holding Is-rael as vassals. They had again and again overrun the country, and were even now preparing for the final overthrow. (See 2 Kings 18: 25: Hosea 10: 14.) Or it may refer to a time after the fall of Israel.

"Be ye not stiffnecked." Like oxen 8. that will not submit to the yoke, nor be guided by their masters. "Yield yourselves unto the Lord, and enter into his sanctuary." The nation had left the true sanctuary and the rightful worship of Jehovah, under Jeroboam, and had set up another worship of Jehovah by images of young bulls, at Bethel and Dan, 9. "Compassion before them that lead

them captive." Some of the tribes had been taken captive before this, in the reign of Pekah (2 Kings 15: 29). 10. "Zebulun," In Galilee, the tribe farthest away from Judah reached by

Hezekiah's messengers, "Besides persons from these three tribes, we hear (in v. 18) of 'many' from Ephraim and Issachar. Thus five of the ten tribes certainly sent-representatives. Two-Reuben and Gadwere in captivity. One-Dan-was ab-

#### Recently Patented Inventions.

An application in the Iowa Patent Office for a mail bag adapted to be retained distended when open to facilitate filling it, to be made flat and rigid at the top when closed and locked and means for enclosing and fastening a flexible label to the locking bar, was filed at Washington September 15, 1898, and after one amendment was allowed October 15. In view of the fact that some of the examiners are between seven and eight months in arrears the inventor of said mail bag. G. R. Howard, of Neola, Iowa, may be congratulated.

Ten patents were issued on the 18th inst, to Iowa inventors, as follows: To R. Chesnut of Spirit Lake, for washing machine; to J. A. Cooper of Adair, for an animal trap; to C. M. Hinsdale of Newton, for a checkrein-holder; to H. Kelly of Waterloo, for a grinding mill; to Wm. Kelly et al of Clinton, for a tufting apparatus for upholstering; to W. S. Knox of Conesville, for a churn; to F. O. McCaskey of Ogden, for a picture frame; to D. S. S. Naber of Le-Grand, for a railway-tie plate; to Ed. Troy of Lacey, for a hay-rack; and to Wm. E. Dippert of Des Moines, a design for a trace-carrier.

### PACKAGES FOR SOLDIERS.

#### When, How and What should Be Sent in the Boxes.

Adjutant General Gage of the Nebraska Grand Army, has been made forwarding agent by friends of Nebraska soldiers who have organized for the purpose of transporting donations to the solliers. The intention is to send a box to each soldier of each Nebraska regiment. The donations will be sent in time to reach the soldiers Christmas. Ceneral Gage has issued the following:

"I accept the duty on behalf of the Grand Army of the Republic and enter upon my duties by resuing this circular. The donations for the boys in the First regiment must be prepared at once so as to reach them at Man.la by Christmas, and must be shipped by November 15. That for the Third must be shipped by December 1. The friends of the boys at each home station must organize and communicate with me at once. The following towns are the home stations of the First regiment: A. York; B. Fullerton; C. Beatrice; D. Lincoln; E. David City; P. Madison; G. Geneva; H. Nelson; I Bennet; K. Columbus; L. Omaha; M. Broken Bow, Third regiment: A. D. Omaha; E. Blair; F. Fremont; G. termaster at San Francisco, Cal.

in the educational department will give careful attention to the packing personal atention as I am able. It will not be necessary for anyone to go to Omaha to pack the exhibit for shipment. However, those living near by, or those who may be desirous of looking after the packing of their own exhibits, are invited to do so All such persons will be furnished with a workman's pass to the grounds after the close of the exposition for the time needed to do this work. Thee passes may be secured at our headquarters ip the Manufactures building, or of Asstant Secretary of the State Commission J. N. Campbell, in the Nebraska building. I think you will have no trouble in securing these passes if you will make it known that you are one of the educational exhibitors and show this circular to the gate-keeper. 3. I shall endeavor to have some photographic views of our Nebraska educational exhibit and place cuts of

the same in my blennial report.

#### Pork Packing Operations. South Omahah is a busy place these days, says an Omaha paper. During the week considerably over 40,000 higs were received and slaughtered at that point. Since March I the packers have handled 1,135.000 hogs, which is a gain over the corresponding period of last year of 150,000. During the same period St. Louis has gained 122 -Indianapolis 84,000, Cincinnati 37.000 and the smaller markets in about the same proportion. Kansas City, however, is the one exception, the gain in the number of hogs packed at that point amounting to only 5,000. while South Omaha has been gaining 150,000, and rapidly closing up the gap between third and second place in the list of packing centers. The reason for the loss of prestige on the part ci Kansas City at a time when all other hog packing points are showing lineral gains is to be found in the operations of the little town down the river familiarly known as St. Joe. Since March 1 there have been packed at that point 599,000 hogs. Of that number 300,000 are figured as having come from Kansas City territory, and only about 150,000 from Nebraska ter-

ritory. The operations of St. Joe in Kansas City territory are doing much to equalize the disparity in wealth and population between Nebraska and Kansas, so that those who are famaliar with the business would not be surprised to see South Omaha win second place as a hog packing center before very long.

#### Packages for the Soldiers.

Adjutant Barry is in receipt of a telegram from Adjutant General Corbin of the war donartment stating in answer to his query as to whether the government would forward Christmas packages to the members of the First Nebraska volunteer regiment stationed at Manila. The message is to the effect that the packages will be forwarded free of charge, all packages to Lincoln B. Plattsmouth; C. Omaha; be addressed to the department quar-

tics at this crisis in the island's affairs.

sorbed in Judah. Simeon and Naphtall, which alone remain, seem to have been more than ordinarily idolatrous. they laughed them to scorn, and mocked They threw away their only them.' hope. They had no appreciation of their own danger, nor of the possible good that

was offered to them. Within three years after the rejection of this invitation Shalmaneser had begun his great slege of Samaria, which ended within three years in the final captivity of the Israelites, and the destruction of the northern kingdom They would not turn that they might be saved.

"Nevertheless, divers . . humbled themselves, and came." It was humiliating to leave their own country, to find righteousness and safety in another. They doubtless had to suffer indignities and scorn from their neighbors. It is our duty to carry the invitation to every per-son possible. In order to do this we must know our field-the wide, wide world field and the field close at home. There are churches which study their surroundings. One I know was made an accurate map. with every house noted on it, and had blue print copies made for the pastor and each of the district committee. The dis

tricts are marked off by red lines. A card catalogue is then made, one card for each family; every member of the family is named upon it, with the age of the children; the church and Sunday school attendance is noted, and the church affiliations, so that other churches may be aided by this catalogue. Through this plan and the home department, it is expected that every one will receive an invitation. We must expect that some will reject the invitation with scorn, but there will always be some who accept. The next month a great Passover feast was held for fourteen days, with an immense number of sacrifices, and with great gladness, so that "since the time of Solomon there was not the like in Jerusalem." Practical. Continued meetings and great assemblies are the fruit and the meany of revival.

#### A Frightened Frenchman.

The war between Spain and the United States caused great dismay to Monsieur Calino. "Why," he exclaimed, "the world can't do anything at all-it will put a stop to all subsistence and all business!" "Why do you think so?" he was asked. "Because,for one thing, the interruption of communications across the Atlantic by the Spanish fleet preying on American commerce will prevent us from buying any wheat, beef or petroleum from America." "Yes." "And the blockade of Cuba will put an end to our receiving any more Havana cigars; and that isn't the worst of it." "What do you mean?" "The tombardment and blockade of Manila will prevent us from getting any paper to wrap up parcels in!"

#### Not So Funny Now.

From the Leavenworth Times: funny man at Hutchinson sent some of the boys of the Twenty-first regiment a box containing a lot of trash. This was the Hutchinson man's idea of a joke. Now the boys are getting back at him. A soldier can send a letter, the postage to be paid by the receiver. Each day now the funny fellow receives a grist of letters from the soldiers, thanking him for the box, and promising that all the boys will write again next day, and he has to put up all the BOSTARO.

A great many Episcopal clergymen probably would sympathize with the English bishop who said recently: The two things of which I am most tired are "the Church's One Foundation' and sold chicken. The hymn seems always to be chosen wherever I go, and kind hostesses, with quite extraordinary unanimity, provide cold chicken for luncheon."

Rev. Edmund Dowse, of the famous old Pilgrim church at Sherborn, Mass., has just celebrated the sixtieth year of his pastorate, a term unequaled in New England, if not in the United States.
