 Two of our boys went hunting a short time ago, over on the west side of the river, and after finishing their hunt started for home. When passing the Moon school house, concluded to try a shot at the door knob. After the boys get through with the district, they will be wiser if not better boys.

 Last Monday this part of the vineyard was visited by the worst blizzard that came this way for the past six years. The wind began blowing Sunday about noon and gradually increased until it blew a gale, and about midnight it began to snow. Monday forenoon we had a genuine blizzard, but shortly after noon it quit snowing and though the wind continued to blow all day, there was an absence of snow, which left out door exercise possible but mighty unpleasant. The mercury fell to 8 below Monday morning and still registered the same Tuesday morning. Unsheltered stock suffered very much.  
 A serious, and what some very near being a fatal affair, occurred near Clear Creek, last Saturday evening with Mr. A. Ryason as the victim. Mr. Ryason, we are informed went out to milk, and upon entering the corral a jersey cow attacked the dog that was with him. When the dog got out of her way she attacked Mr. Ryason, knocking him down, and tramping him under her feet cutting two long gashes in the scalp and tearing the skin loose from the skull, mutilating one ear so badly that it had to be nearly all cut away. Mr. Ryason grabbed hold of her lip with one hand and her leg with the other, and held on until she became exhausted. When he let go she walked away and left him. Dr. Main was telephoned for and immediately hastened to his assistance. After dressing the wounds he appeared quite comfortable with good prospects of recovery.

**A PLEASING ENTERTAINMENT.**  
 The Ladies of the Unity Club deserve special mention for the successful manner in which their entertainment of last Tuesday night was gotten up and carried out. Nearly every feature of the program as rendered, is commented upon as being first class. The entertainment was commenced promptly at 8 o'clock with every chair in the large opera house occupied. The president Mrs. Converse, stated the object of the club in a few well chosen words. This was followed by a song and the Wand drill which was commanded by Loup City's Santiago hero, Ashley T. Conger. This drill was first class in every respect and was so pleasing to the audience that it received a hearty encore. The applause was kept up until they made their reappearance on the stage. There were about 20 young ladies that participated in the drill, and notwithstanding the fact that they had had but little practice they did exceedingly well under the splendid leadership of Mr. Conger.  
 Perhaps the principle feature of the program was the debate which followed. The question was: "Resolved.—That we do not approve of the policy of the United States in annexing the Hawaiian, Guam and Philippine Islands."  
**Affirmative.—Rev. W. E. Matthews and H. M. Mathew. Negative.—R. J. Nightingale and A. Wall.** Each gentleman was given twenty minutes to present his side of the case, and after a very able discussion a vote was taken by the entire audience, which resulted as follows: No 58 and Yes 56, or a majority of two in favor of the affirmative speakers. Another taking feature was the Minuet dance, by four couple. The costumes represented the colonial times of 1776. The entertainment closed with an exhibit of naval relics by Ensign Bowers of St. Paul, who was on the Osceola, during the three hours engagement at Manzanillo. The collection consisted of a variety of shells for the different sized battleship guns, ranging from one pound up to six inches in diameter, the battle ship flag and other interesting relics. Mr. Bowers gave very satisfactory explanations of each of the relics. The entertainment is spoken of as being equal to any given in the city for several years past, and it proved also to be a financial success. 25 cents admission was charged.

**What Shall We Do.**  
 A serious and dangerous disease prevails in this country, dangerous because so deceptive. It comes on so slowly yet surely that it is often firmly seated before we are aware of it.  
 The name of this disease which may be divided into three distinct stages is, First, Kidney trouble, indicated by pain in the back, rheumatism, lumbago, frequent desire to urinate, often with a burning sensation, the flow of urine being copious or scant with strong odor.  
 If allowed to advance, this reaches the Second stage, or Bladder trouble, with heavy pain in the abdomen low down between the naval and the water passage, increasing desire to urinate, with scalding sensation in passing, small quantities being passed with difficulty, sometimes necessary to draw it with instruments. If uric acid or gravel has formed, it will prove dangerous if neglected.  
 The Third stage is Bright's Disease. There is comfort in knowing that Dr. Kilmer, the great kidney and bladder specialist, has discovered a Remedy famous for its marvelous cures of the most distressing cases and known as Dr. Kilmer's Swamp-Root.  
 It is sold by all druggists.  
 As a proof of the wonderful virtues of this great discovery, Swamp-Root, a sample bottle and book of valuable information will be sent absolutely free by mail on application to Dr. Kilmer & Co., Binghamton, N. Y. When writing kindly mention that you read this liberal offer in the LOUP CITY NORTHWESTERN.

This is a mighty long time for the money and the sooner you send your dollar the more papers you get. There isn't any other paper in Nebraska that gives so much for the money. It is twice as good as the old fashioned weekly. Try it. Address, The State Journal, Lincoln, Neb.

**REEFTON, New Zealand, Nov. 23, 1898.**  
 I am very pleased to state that since I took the agency of chamberlain's medicines the sale has been very large, more especially of the Cough Remedy. In two years I have sold more of this particular remedy than of all other makes for the previous five years. As to its efficacy, I have been informed by scores of persons of the good results they have received from it, and know its value from the use of it in my own household. It is so pleasant to take that we have to place the bottle beyond the reach of the children.
