Perhaps the recent hot spell caught you without an up to date shirt waist and you dug up your old one and have been wearing it until you could get time to select a new one. All right—we have arranged a shirt waist sale, which will please you and every other woman who wants a new one. We offer three big lots to choose from. 40 cts., 55 cts., 90 cts. Come in and pick one out.

Light weight underwear at small prices will be the attraction at our underwear department this week. We will show men's underwear from 30 cts. up, and ladies' and childrens' vests from 4 cts. up. These prices sound low and in some stores would stand for trash, but we will not sell anything which is not good value at the prices. Anything in underwear bought here will give full service for its cost.
