Let the sixth district elect a man to congress this fall whom we can all respect. "De mortius nil nissi bonum," is an old adage, but let us make no mistake in the big sixth ed home Wednesday afternoon from this fall.

Moses Kinkaid is a man who not and winter stock. even the pops can say a word against, but they are getting thoroughly sick of the kind of timber they have had to support for the past eight year and rumblings indicate a change.

If the republican party at its county convention next Monday will be careful to nam ; its best men for nominees there will be an excellent chance to elect at least some of them. The disatisfaction that is created among the populists and democrats will cut quite a figure in the result of the campaign. It, as in other counties, the democrats of this county put up a ticket and thereby institute a three cornered fight, the republican candidates will be easy winners. Therefore look to your best men in the selection of a ticket.

The Times says that if the Republican ticket is elected they can't take the oath of office because they do not support the constitution, therefore every body should vote the pop ticket. Well wouldn't that kill you! The Constitution of the U. S. says ning. that treason shall consist of adhearing to or giving aid and comfort to our enemies. John A. Dix said day to South Omaha. "If any man pull down the American flag, shoot him on the spot." While holy writ says "woe unto ye hypocrites and Pharasees." The constitution says these fellows should be shot, John A Dix reiterates it, and the holy bible declares that there is a place prepared for them, where there is weeping and wailing and gnashing of teeth. The question is can a man who would do so be trusted in our supreme court. It is a notorious fact that Mr. Holcomb was his own acknowledgement, as many passes as any man who ever held the office. Riding on a pass we do not Mr. Holcomb's record as an official claim to be a crime, but riding into stealing from Indians.
