Vice President Hobert died at his home in Paterson, N. J. Tuesday morning at 8:30, from heart failure.

General Fred Fanston of the Twentieth Kansas regiment, has again started for the Philippines to see the job finished. Colonel Bryan is still with us.

Chase county, is the only county in Kansas that elected pop officers this fall. When Kansas bleeds she bleeds hard, and when she's got enough she quits.

It is claimed that Silas A. Holcomb was elected on National issues. Don't you believe it, it was because the whiskey trust and the railroad companies knew their man.

An Anarchist funeral was held in Havana, Cuba, last week, at which one Falco, an Italian anarchist was killed to harass the people. The Civil Governor, Nunez, concluded he did not want any of that kind of doctrine spread among his people and Mr Falco was immediately suppressed.

The treason element of the democratic party, and the little Americans generally have chosen a god-head as set up for them by the last issue of Aguinaldo's Journal, the Independencia. It is Rizal, Aguinaldo and Bryan. Poor Rizal, he is dead or their trinity likely would lack a name, as he was a man of brains, education and patriotic common sense, that he never failed to use to the best interest of his people.

Mr. Rich, one of the fusion candidates for regent of the State University, received over 4,000 less votes in the state than did his running mate Mr. Teeters, and it was thought once, was defeated. In Sherman county he received 92 votes less than Teeters. This is a condition that is not easily accounted for, unless it was because the name "Rich" was construed by the pops to mean a man who had money and he might want to pay his fare on the railroad if elected.

The editor of the Times endeavored to explain, last week, that he did not say there was two thousand people at the Bryan meeting, but that there was that number in town at train time. The explanation is just as rank as the inference that was sought to be conveyed by the first statement. Their claim of 800 people at the meeting was allowed, though it was clearly 200 too high, there was not a person to be seen on the street while Mr. Bryan was talking and half the crowd were residents of the city without a doubt. That would leave 400 outsiders in attendance. Our town contains 700 people, add the other 100, which is too large by at least 100, to the 700 and we have 1,100 all told. Are not those figures as near correct as it is possible to make them? If they are why did you say 2,000 Mr. Brown? Why not acknowledge that your first statement was just to carry the idea to the country that a great crowd had come out to hear Mr. Bryan. Those subterfuges seem of late to be good politics, but they are mighty poor principle, and sooner or later will receive their reward.

The former fighting between Great Britain and the Transvaal, in 1880-1 can scarcely be said to have risen to the dignity of a war, as there was but a handful of men engaged on either side, but for blood and casualties, especially with the British, it

was terrible. There was but four real battles fought, and the number of troops engaged on both sides in the four, was 1550 on the British side and 1250 on that of the Boers. Statistics show that there was 732 English soldiers went down in the four engagements, while the Boer loss was but 47. The present war seems to show about the same ratio of casualties between the contending armies so far, but Great Britain has apparently braced herself for a fight to the death. The Boers in the war of 1880-1 distinguished themselves and demoralized the enemy by picking off their officers which tactics they are following up in the present struggle. This of course will force the same rule in the English army and sharpshooters will be used with the same object. The war will be a bloody one and the end looks far off.

The Republican party, true to their traditions, have again began to pay off our public debt, and last week secretary Gage gave it out that \$25,000,000 of bonds could be turned in and the cash received for them at market price, though none were yet due, there was nearly \$3,000,000 worth turned in the first day. This is a transaction that for seven long years has not been known in the United States, and should convince people of all parties that a republican administration is the only one that insures us that our public debt will not be handed down to our grand children in 25 years after the close of our great civil war, two billion dollars of our immense debt was extinguished, and now after a blighting democratic reign of depression and debt making, the party that paid off nearly two thirds of the war debt has again taken up the broken chain and began to liquidate the balance, which has been materially added too by a single success of our democratic friends. Which is the party to trust, the one we prosper under or the one which continually enlarges our debt.

### ASHTON LOCALS.

Mr. and Mrs. G. W. Marvel, Mr. and Mrs. W. M. Smelser drove to Loup City, Saturday afternoon to attend the O. E. S. lodge.

Mr. and Mrs. S. J. Fair of Rockville, and Mr. and Mrs. D. M. Hendrickson of Farwell, were the guests of Mr. and Mrs. W. M. Smelser Sunday.

Will some one answer why the partly completed sidewalk connecting Main street with the Post Office has never been completed. It is very muddy and everyone who goes there feels the need of it, and if they do not use a few cuss words it is because they are too well bred. Winter is coming on and it would be a public blessing for someone to call the proper officials attention to this matter. Let us hope that this state of affairs will not continue thus.

A number of young folks met by appointment at the home of Mr. Nebler last Friday evening to spend a pleasant evening, and from reports coming in we are led to believe that they had a most pleasant time.

When you are in need of a loan on your farm it would be to your own interest to call on or write to W. M. Smelser, Ashton, Nebr.

Mr. Justice of Grand Island was doing business in our city Tuesday. Work is being rushed on Ed. Conklin's new house, the plasterers have it in charge at present.

Mr. and Mrs. H. Smelser have moved into their house on the corner of Fordham St. and Ingram Avenue.

F. W. Edmunds informs us that he has just signed a lease as representative of the Beatrice Creamery Co., of Lincoln, for the Comstock skimming station for 5 years.

The Creamery and Cheese Factory for Ashton, is now a sure thing. The meeting for the election of officers will be held at the opera house on Thursday evening, Nov. 23. Workmen will commence the construction of the plant next Monday morning. It is expected to be ready to receive milk the first Monday in January.

## Have You Heard Of It?

You may have heard about SCOTT'S EMULSION and have a vague notion that it is cod-liver oil with its bad taste and smell and all its other repulsive features. It is cod-liver oil, the purest and the best in the world, but made so palatable that almost everybody can take it. Nearly all children like it and ask for more.

### SCOTT'S EMULSION

looks like cream; it nourishes the wasted body of the baby, child or adult better than cream or any other food in existence. It bears about the same relation to other emulsions that cream does to milk. If you have had any experience with other so-called "just as good" preparations, you will find that this is a fact.

The hypophosphites that are combined with the cod-liver oil give additional value to it because they tone up the nervous system and impart strength to the whole body.
