### DIED.

Mrs. Emily Elizabeth King wife of C. H. King of Webster township, this county, died at her home Tuesday, December 21, 1899, at 2 o'clock a. m. of cancer, and after an illness of nearly a year's duration, although she was really confined to her bed only a few days. Dread disease has been fastening its grip upon her, slowly but firmly and those who best knew her condition were not surprised, but the public was much concerned when she became so suddenly and dangerously ill. Mrs. King was born at Westmorland, N. H., January 9, 1837. She moved with her husband to Nebraska in July, 1878 and to Sherman county in 1880.

Mrs. King was the mother of four children, three of whom are dead. She leaves a husband and a son, Fred, to mourn her loss. They have the sincere sympathy of all who know them.

Mrs. Emma Christen wife of William Christen, living about 7 miles south of Loup City, died at her home Thursday Dec. 21, 1899. Mrs. Christen was born in Germany on August 11th 1870 and was at the time of her death, 29 years 4 mo. and 10 days old. She came to this county in Nov. 1893, and was married to Mr. Christen at Grand Island, Nebr., on the 11th of the same month. She leaves a husband but no children.

### Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar packages. You may have a sample bottle by mail.

Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Our new school house is finished and the trustees have accepted the job from the contractors. The pessimists and four room advocates should now acknowledge the fact they did not know it all. The amount, \$10,000.00 as first authorized, has not been exceeded and a first class six room house, as predicted, can be pointed to with pride. As has been said, at least \$2,000 has been saved to the district by making it six rooms now instead of building four and adding two more when the old building goes out of commission. The question arises will the persistent opposition feel thankful that their mistaken ideas were defeated; or will they say, we done it.

As a cure for rheumatism Chamberlain's Pain Balm is gaining a wide reputation. D. B. Johnson of Richmond, has been troubled with that ailment since 1892. In speaking of it he says: "I never found anything that would relieve me until I used Chamberlain's Pain Balm. It acts like magic with me. My foot was swollen and paining me very much, but one good application of Pain Balm relieved me. For sale by Odendahl Bros.

SAD ACCIDENT AT ARCADIA. Word reached here Tuesday from Arcadia, that Mr. Glen Quinton, a young man of about 30 years of age and a resident of that place, was killed at the mill where he was employed. The facts seem to be about as follows: He was alone at the mill it being the dinner hour, and was engaged in cutting the ice from the water wheel. When the other men returned to the mill, they found the wheel in motion and the body of the unfortunate young man fast upon it, and revolving with it. The wheel was stopped, after great effort, by running two 4x4 timber through it, and the body taken from it. One side of the head and body and one hand was very badly crushed and life was extinct. Mr. Quinton was a young man of exemplary habits and well liked by all who knew him.

DIVIDE DITTIES. Miss Susa Throckmerton closes her school in the Haller district this week.

Another serious accident occurred on the little bridge west of Matthews. Will Garnett's team became frightened and jumped off the bridge and ran away. The buggy was smashed in pieces and the only thing that saved the occupants from more serious injury was the fact that the horses soon broke loose from the buggy. The horses then tangled themselves up in barbed wire and injured themselves very badly. Attention was called to the dangerous condition of this bridge last week and before the township is through with it, it may prove to be a costly affair.

Divide Lyceum met last Thursday night and carried out the regular program. The Trussal side in the debate were defeated. The next question, which will be debated in three weeks, is "Resolved that the present jury system should be abolished."

Divide school will hold appropriate Christmas exercises with school No. 65 next Friday, on the invitation of Miss McDowell.

Henry Stark and family and Henry Shoening and family attended festivities on Oak Creek last Saturday.

A LETTER FROM LUZON. MANILA, P. I. Nov. 7th 1899. DEAR MOTHER AND SISTERS: I have not very much time to write. We are well and hope this will find you all the same.

Peddicord and I left Presidio with the rest of the regiment Oct. 1st. It took us next Oct. 29th to get to Manila. We stopped at Honolulu three days. Honolulu is a city of 45,000 inhabitants, and is the prettiest place I ever saw.

I enjoyed the trip across the water very much. We had a fine sea to sail on. We lost one man on the water, he fell down stairs. It was fun to see us all slide from one side of the deck to the other when the ship began to roll hard.

Nearly all of the boys were sick, there were not more than fifty of the boys that were not sick. I was't sick a day on the water. At Honolulu I met Frank Gram from near Albion. He treated me just all right, and we met Mr. Thurston's sister there, too, and she gave each of us a cocoanut and an apple that came from Nebraska.

After we left Honolulu, we did not sight land until the Saturday before we landed; we landed about midnight Sunday, Oct. 29th, and lay in the harbor till Wednesday, then we took the cars for 55 miles north of Manila, out to the string line, and camped there. We have had no firing yet. I have been on our post duty once. We have been in support of the 17th regiment. They had a little firing. The cavalry had a fight, twelve of them ran onto about twenty of the enemy and ran them off, and the next time they run onto about 300 Filipinos at 20 yards distance and whipped them, but two of our men were wounded.

Well I must close for this time so good by. MYRON L. GILBERT, Co. A, 2nd U. S. Vol.

CLEAR CHEEK COOINGS. John Stark will return to Litchfield as soon as his family is able to travel.

Harry Hislop will go west in the spring. The Modern Woodmen of Litchfield will adopt five new members next Friday night.

Mrs. King is very sick with cancer.

Mr. Amos Armstrong is preparing to go west in the spring.

RECORDER. A dispatch from Manila reports that General Lawton has been shot and killed by sharpshooters. The dispatch reports that he started with the Eleventh cavalry and two batteries of infantry to explore San Mateo, where 300 insurgents had entrenched themselves. It is supposed that Lawton met the enemy and, with his well known fearlessness, exposed himself and was picked off by a sharp shooter.

## You Can't Dodge Them

Did you ever try to dodge the rain-drops? Did not succeed very well, did you? It's just as useless to try to escape from the germs of consumption. You can't do it. They are about us on every hand and we are constantly taking them into our lungs.

Then why don't we all have this disease? Simply because these germs cannot gain a foothold in a strong throat and lungs. It's when these are weak that the germs master.

The body must be well supplied with fat. The danger comes when the blood is poor and the body is thin. If your cough does not yield, and your throat and lungs feel raw and sore, you should not delay another day. Take

## Scott's Emulsion

of Cod-Liver Oil with Hypophosphites at once. It will heal the inflamed membranes and greatly strengthen them as well. The digestion becomes stronger, the appetite better and the weight increases. The whole body becomes well fortified and the germs of consumption cannot gain a foothold.

It's this nourishing, sustaining and strengthening power of SCOTT'S EMULSION that has made it of such value in all wasting and exhausting diseases.
