Some twenty-five farmers sowed the Golden Grant wheat last year, and all say it is the best wheat they ever used and that it will yield a good crop in any dry season, and always weighs 60 pounds to the bushel. This wheat is a product produced here in this soil and climate, and far better than anything had from other states, both in quality, yield and weight. I have some yet on hand. A. P. CULLEY.

There is no better medicine for the babies than Chamberlain's Cough Remedy. Its pleasant taste and prompt and effectual cures make it a favorite with mothers and small children. It quickly cures their coughs and colds, preventing pneumonia or other serious consequences. It also cures croup and has been used in tens of thousands of cases without a single failure so far as we have been able to learn. It not only cures croup, but when given as soon as the croupy cough appears, will prevent the attack. In cases of whooping cough it liquefies the tough mucus, making it easier to expectorate, and lessens the severity and frequency of the paroxysms of coughing, thus depriving that disease of all dangerous consequences. For sale by Odendahl Bros.

DO YOU WANT A CALENDAR.

The biggest—and best—calendar ever issued by any American railroad is now being distributed by the Burlington Route.

It has twelve sheets, one for each month of the year. On each sheet is a striking illustration of some feature of the Burlington's service or of the territory reached by its lines—the governments fast mail running at full speed; a tourist car on its way to California; engine 1591, the largest passenger engine in the world; a library car; a compartment sleeper; the Burlington station at Omaha; a dining car; a monster freight train; Estes Park, Colo; the plunge bath at Hot Springs, S. D.; Yellowstone Falls, etc.

The drawings from which the pictures were made are by Louis Braunhold, of Chicago, and cost several hundred dollars.

The size of the calendar is 22x28. The dates are in big type which can be read at a distance of 50 feet. For business offices the Burlington calendar is simply invaluable.

Purchased in large quantities, the calendars cost the Burlington Route 27 cents apiece. With postage, packing etc., they represent an investment of about 35 cents. Our price is 25 cents—10 cents less than cost. Write for one; stamps will do. If it is not satisfactory, send it back and your money will be promptly refunded.

BIG AUCTION SALE!

13 Herd of Horses AND SECOND HAND HARNESS

AND Marm Machinery To-morrow,

AT LOUP CITY, : : NEBRASKA. T. M. REED.

OBITUARY.

Mrs. Harriet Prazier Snyder, wife of Rev. J. M. Snyder of this city, departed this life on last Thursday, March 1st 1900 at 11:45 a. m. Mrs. Snyder was one of our early settlers having moved to this county in 1879, and located with her family 9 miles south of Loup City, and named the place Verdurette. They built up a beautiful home and surrounded it with many comforts of life. She was a lady whose life grandly portrays the maxim of the great Gladstone, that "the greatest charm of woman was to be womanly," a kind and loving mother who could even extend a share of her motherly devotion to the orphan, two of whom blessed her for that virtue; a good neighbor, possessed of a kind and forbearing disposition and mourned by those who were blessed by her acquaintance. She suffered with patience for many long weeks and though kind and loving hands administered to her every wish, yet death the fell destroyer, was welcomed by her as the messenger who would convey her to a heavenly father beyond the skies and to a home not made by hands where she would reap her reward for work well done during her probation here. The burial service was conducted by the Rev. W. E. Matthews at the M. E. church in this city on Saturday at 10:30 a. m. A very touching and appropriate sermon was delivered from Judges, 5, 2, after which the remains were conveyed to the cemetery at Verdurette for interment.
