They hesitated more coal was mined last year. The not to indulge in personal threats, output of Wyoming coal has been as Fortunately for them they were not taken with great seriousness. Only once were they really brought to with a short turn. Chairman Hull had been goaded almost beyond human endurance. Livid with anger he shook his fist under the nose of Lentz, whose roving eye avoided him. "You have gone as far with me as you dare," he cried. Lentz went no further. He might bully, but his physical courage

must not be put to too severe a test. The very first witness, Governor Steunenberg of Idaho, a Democrat, who opposed them, took from beneath them the very ground of argument upon which they had stood. Governor Steunenberg assumed full responsibility for all that was subject of complaint. He and Auditor Sinclair, his deputy in Shoshone county after the riots, after martial law has been declared, announced that what was done they did, or ordered done, because they deemed it necessary for the protection of life and property. Lentz and Sulzer were in the very paroxysm of transcendent joy. They had nailed them to the cross at last. "Are you the state, like Louis XIV.?" Lentz asked. in great glee, arguing solemnly that the question was a proper one.

Then came the explosion which deadened their ebullitions. "What are your politics?" was the indiscreet question put to Governor Steunenberg. "I am a Democrat," he said. "I voted for Bryan in 1896. I hope to vote for him again in 1900."

It was a sad blow. It was absolutely disheartening. And another disagreeable feature of it is that Governor prosperity has reached the Western Merchant Marine and Fisheries Comwhich he pursued that he is willing to let the people judge him by becoming a candidate for the United States senate. Moderate as is Wyoming's production of coal, it is ample to serve as an object lesson to the 3,500 miners in that state. They can see that there was an increasing demand for Wyoming coal in the year 1890-92 under the Republican administration of President Harrison, with a consequent better employment of labor.

coal from Wyoming's mines decreased during the Democratic administration years. of President Cleveland, when the miners were only working from 15: to 199 days in the year.

But there were more men at work, and they were working more days, 242 lays in 1898, under the Republican administration of President McKinley. Then the output of the Wyoming coal mines increased to 4,547,733 tons last

Neglect of Christian Duty.

The behavior of a multitude of laborers toward their employers during the last three months may have induced some employers to neglect the real Christian duties that they owe to those whom they employ. Therefore I want to say to you whom I confront face to face and those to whom these words may come that all shipowners, all capitalists, all commercial firms, all master builders, all housewives, are bound to be interested in the entire welfare of their subordinates. Years ago some one gave three prescriptions for becoming a millionaire: "First, spend your life in getting and keeping the earnings of other people; secondly, have no anxiety about the worriments, the losses, the disappointments, of others; thirdly, do not mind the fact mittee, and who have united upon a erty of a great many people." Cutting Down Wages.

Do not be too ready to cut down wages. As far as possible, pay all, and pay promptly. There is a great deal of Bible teaching on this subject. Malachi: "I will be a swift witness against all sorcerers and against all adulterers and against those who oppose the hireling in his wages." Laviticus: "Thou shalt not keep the wages of the hireling all night unto the morning." Colossians: "Masters, give unto your servants that which is just and equal, knowing that ye also have a Master in heaven." So you see it is not a question between you and your employe so much as it is a question between you and God.

Do not say to your employes, "Now, if you don't like this place get another," when you know they cannot get to be excused from military duty that another. A Religious Life.

Employers, urge upon your employes, above all, a religious life. So far from that, how is it, young men? Instead of being cheered on the road to heaven some of you are caricatured, and it is a hard thing for you to keep your Christian integrity in that store or factory where there are so many hostile to religion.
