We were rather taken by surprise, but after the sudden shock of coming so abruptly into the midst of an unexpected company of ones' friends had worn off, we set about to assist, to the best of our ability, in the evening enjoyment. Each one had brought along a basket of the fat of the land, and when the proper time came, proceeded to supply us and our family with a square meal, but before sitting down to the repast we were called up before the assemblage and received a lecture delivered by Rev. W. E. Matthews, in his delightful style, at the end of which he presented us with an elegant rocking chair for which the donors have our profuse thanks. We also received several nice handkerchiefs to staunch an editorial brow during this heated campaign. The following parties were present: Elder W. E. Matthews and wife, Mr. and Mrs. C. H. French, Mr. and Mrs. H. W. Pedler, Mr. and Mrs. Joe McCoy, Mr. and Mrs. Henry French, Mr. and Mrs. A. H. Schupp, Mr. and Mrs. J. I. Lapeau, Mr. and Mrs. Geo. Lee, Mr. and Mrs. Chris. Tuesday night a number of friends of Rev. W. E. Matthews assembled at the M. E. church and tendered that gentleman and his family a reception before their departure for their new field of labor. A court was organized and Mr. Matthews was put on trial for his conduct during his three years stay among us and upon due evidence being taken, was convicted of having done his full duty in every particular, and of having sown seeds of kindness and scattered sunshine wherever his duty called. At the end of the trial he was, of course convicted and Judge Angier sentenced him to receive \$21.00 and a nice lot of presents which had been brought in for the occasion, after which he received a small amount of cash that came in late. These donations were the marks of esteem showered upon a deserving man by the people of the world who do not belong to the church, but who felt their obligations to a deserving minister. Astigmatism!

Astigmatism is not a disease but is simply a defect in the shape of the eye ball. It necessitates an irregular strain upon the muscles in adjusting for different objects. There is no condition which causes so much discomfort and fatigue, Especially Head Aches

A peculiar feature about astigmatism is that people who have it seldom know that anything is wrong with their eyes. They lay all their suffering to some other cause. They believe that they can see as well as any one and in a good many cases they can. The overwork is going on just the same.

If any one thinks their eyes are not right come in and see me. I am the only optician in this part of the country that can correct astigmatism. Eyes tested free.
