EX-SECRETARY CARLISLE WILL SUPPORT McKINLEY

Hon. John G. Carlisle, formerly Speaker of the House of Representatives and Secretary of the Treasury under President Cleveland, has accepted the Presidency of a Sound Money Club in New York and will assist in the re-election of President McKinley. Mr. Carlisle's reasons are covered by two utterances made in a speech at Chicago four years ago. They still hold good. He said:

"The greatest crime, short of absolute political enslavement, that could be committed against the workingman in this country would be to confiscate his labor for the benefit of the employer by destroying the value of the money in which his wages are paid. But, gentlemen, this irreparable wrong can never be perpetrated under our system of government, unless the laboring man himself assists in forging his own chains." — Hon. John G. Carlisle, Democrat, Ex-Secretary of the Treasury, Chicago, April 15, 1896.

"No man who has a particle of sympathy for working men and women, and their dependent families, can contemplate the possibility of such a calamity (free coinage of silver) without feeling that it is his duty, whether he occupies a public or private station, to employ every honorable means at his command to avert it."- Hon. John G. Carlisle, Democrat, Ex-Secretary Treasury, Chicago, April

WILLIAM HINTZ AND HIS EXPERIENCE WITH SHEEP

William Hintz, one of the best known German farmers in Hancock County, Ohio, gives this reason for his conversion from Bryanism: "I used to be a Democrat, and I was one until I found that by voting the Democratic ticket I was voting against my sheep. I had a big flock of sheep on my farm. The Democratic party in 1892 initiated free trade and took the duty off wool. The price fell to 11 cents. It made me think. I studied the question hard and conscientiously, and from all sides. I looked at it in an unbiased manner. What was good for me certainly must be good for my neighbor, and he must also suffer with me. If the price of my wool depreciated, the cost of clothes might be less, but I would have no money to buy them. I studied the matter carefully, and came to the

conclusion that I might just as well kill my sheep as vote the Democratic ticket. Then came the cry of free silver. In my life I have found that it is wise to follow successful men. Therefore if a man is a moneymaker, why not watch him and try the same methods yourself? I found that the men of the country who had money were against free silver. I asked myself why, and concluded free silver would be bad for my sheep. I voted for McKinley and the Republican platform and have done so ever since. I shall support the Republican ticket this year. I am no longer a Democrat but a Republican. The Democratic platform shifts its planks too often to suit me. I am satisfied with the present state of affairs, and so are my sheep."

COL. JAMES R. CAMPBELL **BELIEVES IN EXPANSION**

Ex-Congressman James R. Campbell of McLeansboro, III., for years a leader in the Democratic party of Southern Illinois, has announced his conversion to Republicanism on the expansion question. He is a colonel in the United States service and has just returned from the

Philippines. "I have always been a Democrat," said Colonel Campbell, "but the party's stand on the Philippine question compels me to change my political belief. I desire to be known as an expansion Republican. Any Democrat, Bryan included, who will go to the Philippines and ascertain the exact situation, as I know it, will come home convinced the party is wrong on the question. We should hold the islands and give the people a stable govern-ment. I believe the war in the Philippines will cease as soon as McKinley is re-elected." Colonel Campbell's wide acquaint-

ance in Illinois led State Chairman Rowe to ask him to make speeches for the Republican ticket, but he declined on the ground that his furlough is only for another month and he has not the time to take the stump. In 1884 Mr. Campbell was elected as a Democrat to the house from the forty-sixth senatorial district, and was re-elected in 1886. Two years later he was promoted to the senate, where he served eight years. His legislative career was criticised many times, but he was ever known as a loyal Democrat. In 1896 he was elected to congress on the Democratic ticket in the twentieth Illinois district. When the Spanish-American War broke out he raised the Ninth IIIInois Regiment and was elected colonel. He was the first congressman to resign from the house to accept a commission in the army. He has been in the Philippines since occupation by American troops.

BRYAN MISSES THE SPIRIT OF AMERICAN ASPIRATIONS

Dr. J. A. Milburn, pastor of the Second Presbyterian church of Indianapolis, who has been a sturdy champion of Democratic principles in the past, intends to vote the Republican ticket this year. He says:

"I see no reason why a minister should not express his political preferences, as well as any one else. I have been for long years a Democrat, but at the last Presidential election voted for McKinley. I will vote for him again. Mr. Bryan, I think, is a good man, but he is the incarnation of economic heresies, and what is more he fails to understand the temperament and the genius of a growing world. He has not yet learned, evidently, that life means growth, and that to cease to

grow means the beginning of death. Whether, as Mr. Bryan says, world dominion is our destiny or not one thing is clear, and that is that expansion is in our blood, and it is in our blood not because of any love of conquest of the world, but of our passion for the world's betterment. One thing that characterizes the American is his God-like ambition, his supreme and splendid passion for achievement. He is not satisfied with the good. He yearns for the better, and when he has attained the better he reaches out for the best. He wants this to be the best possible world, and, thank God, he is man enough to do his share to make it so.

KANSAS WANTS EXPANSION AND GENERAL PROSPERITY

W. H. Nation, a leading Populist of Erie, Neosho Co., Kansas: "Mc-Kinley's election was not attended by the evil consequences predicted, in fact the time since the election of 1896 has been a period of almost unexampled prosperity. Instead of men hunting work, you now find work hunting men, and the doleful predictions made four years ago now read like a comic almanac, and this fact has made it necessary to create a new issue, consequently, the question of imperialism has been brought forward and the Democratic party has become sentimental and is shedding tears over the wrongs of the colored man (10,000 miles away) I can see no reason why the Populist party should any longer follow Mr. Bryan, the fact that nearly all the gold Democrats that bolted Bryan in '96 are supporting him now leads me to believe that secretly he has abandoned the silver issue, and on that issue only was he in sympathy
