Arriving off the village a landing party, consisting of 120 Germans, put off under four officers and opened fire on the rebellious natives. The natives made a stubborn stand and returned the fire of the landing party. Fortunately their aim was bad and only three casualties resulted, six of the natives being shot down. Eventually the expedition returned to the warship, which steamed close into the beach and shelled the village with de-

Powers Determined to Compel Retirement of China's Female Dragon.

#### TROUBLES CHARGED TO DOWAGER

Creation of Large Indemnity Fund is to Be Insisted Upon - Duty Must Be Paid in Honest Money - Depreciated Silver Coin Will Not Be Accepted.

WASHINGTON, Nov. 3 .- It was stated in quarters well versed in Chinese affairs that outside of the questions of indemnity, punishments, etc., now under negotiation at Pekin, there are three vital and far-reaching questions to be determined, viz.: First, the removal of the empross dowager, personsenting the principal ex-insurgents in ally and through the influence of her advisers, from all participation in the Chinese government; second, the creation of an indemnity fund by the increase of China's customs revenue, either by the payment of duties in gold instead of depreciated silver, as at present, or else by doubling the present silver duties from 5 per cent to 10 per cent ad valorem; third, the establishment of a minister of foreign affairs in place of the old and cumbersome system of the tsung li yamen.

The demand for the retirement of the empress dowager is said to result from the conclusion now generally accepted, that the imperial government of China was responsible for the Boxer uprising. As the empress dowager was the ruling authority of the imperial government during the uprising this responsibility is brought home directly to her. There is understood to be no purpose, however, to visit upon her any personal punishment or indignity, but merely to so form the reconstructed government as to exclude her from all participation in it. It is deemed advisable for that reason that she should remain permanently away from Pekin, and that her advisers also should be kept away from the seat of government

The plan of doubling China's customs duties has arisen from the need of finding a source to pay war indemnities which the various popwers demand. It appears, however, that the increase of the duties has heretofore been brought to the attention of the United States government by Li Hung Chang. This occurred during his visit to Washington a few years ago, when United States, Great Brtiain and other countries and was payable in silver, at which time silver was worth as much as gold. But with the change in value between silver and gold, Li Hung Chang points out that China's 5 per cent duty in silver actually netted only about 21/2 per cent, judged by the prevailing gold standard. The matter was not pressed at the time.

China's present customs revenues are said to be already pledged to meet the interest and principal of Chinese cans, so that it will require some entirely new source to meet the indemnities. In case the enlarged duties are determined upon, it is understood that their collection will be placed under supervision of representatives of the powers, at least until the indemnities are paid. The plan of substituting a minister of foreign affairs in place of the tsung li yamen has long been in contemplation, as foreign representatives have found it very difficult to deal with this mixed body and to locate responsibility upon it, particularly during the Boxer troubles.

# Raise Red Fing of Anarchy.

CHICAGO, Nov. 3.-Socialist labor orators raised the red flag in State street tonight and were driven off the thoroughfare by the police, who were compelled to interfere to stop a riot. It was socialistic labor night and tha Debs speakers used half a dozen wagons to speak from along the street.

There were frequent clashes between the speakers and the big crowds who gathered around the stands. Shortly after midnight the socialists became bolder and red flags were raised on every wagon. The red flag was very large and in contrast was hung a flag of the United States of very small dimensions. The crowd took all this good naturedly until some of the Debs speakers began kicking at the American flag. In a moment there was confusion and along the street several of the orators were dragged from their wagons and roughly handled.

#### Water Supply Puzzles Humboldt.

HUMBOLDT, Neb., Oct. 31 .- For several years the city water supply has been a problem before the council and the solution is yet in doubt. When the water works were first started an attempt to secure a sufficient supply failed, because each time the shafts penetrated a salt strata, which made the water unfit for use. The plan was abandoned and the pumping station was placed on the banks of Long Branch, a small stream, and the supply has since been sufficient, but by reason of mud and filth is practically useless the greater portion of the time for household purposes. The council has recently ordered new shafts sunk and the workmen have already begun, and the hope prevails that the city may soon have a fresh water supply.

#### ROBBERS WRECK THE SAFE.

Attempt to Loot the Bank at Springfield Results in Little Gain.

SPRINGFIELD, Neb., Nov. 5 .- The book safe in the J. D. Spearman Lank was blown open by burglars at 2 o'clock in the morning. It was an unsuccessful attempt at robbery, however, as nothing was secured excepting a revolver belonging to the bank. The banks funds are kept in a large Mosler safe and this was evidently too formidable looking for the cracksmen, as it was not molested. The explosion of the wrecked safe was a terrific one and wakened several people. L. A. Bates, living a block away, ran down an alley and was on the scene in a few seconds Three men were standing at the rear of the building. He was unarmed, and while he went for assistance the robbers escaped. The Beatrice bloodhounds arrived at noon and getting the trail,

led the way to Gretna. Three tough looking characters headed from this direction arrived at Gretna bespattered with mud and appearing worn out from a long run. They attempted to catch a train out of that town, but failed and walked down the track toward Chalco. The dogs did not hesitate a minute in Gretna, but went straight toward Chal-

The only damage resulting to the bank was the wrecking of the safe door and a fine typewriter, which was smashed by the steel facing of the door, which was blown across the room where it knocked a window casing into splinters. The flying steel also broke a knob off the door of the large Mosler safe. This is only one of the many burglaries committed in this county lately and if caught the perpetrators will be prosecuted to the extent of the

Osborne registered at the hotel at 11 o'clock at night. To the clerk he appeared perfectly sober. A. L. Bell, night porter, who showed Osborne his room, is quite certain the man had not been drinking.

At 11 next day Mrs. Stephenson, a chambermaid, knocked at the door and receiving no response, tried the pass key. She found that the door key was in the lock. She thought she detected the odor of gas and informed Proprietor Moore, who burst in the door. When Osborne was found he evidently had been dead but a short time for his body was still warm.

Among Osborne's effects was found a bank book showing a bank account of over \$300 at Meeteeste, Wyo. In the bank book appeared the address: 'Mr. Fred Molin, Minneapolis, Minn., care of S. H. Franklin & Company, 620-22 First street, North." Transportation from Omaha to Rawlins was also found.
