N. B. Thompson was a hub visitor Tuesday. Mrs. S. F. Reynolds went to Sargent Tuesday. Mrs. Val McDonald has been on the sick list this week. Misses Ella and Sarah Lofholm visited Hazard last Sunday. T. C. Chamberlain and son of Clear Creek was in the city Wednesday. Ray Pedler went to Cherry county Wednesday to spend the summer. Frank Dennis will occupy the old residence property of C. J. Odendahl. N. G. Leroy, St. Paul's King of Insurance agents was in the city Tuesday. A. J. Wilson and Dan Carpenter of Austin were agreeable callers at this office this week. Heavy Draft Stallion will stand at the Round Front Barn during the season of 1901. apr25-u o o. Lew Owen expects to move his family into the tenement house of G. H. Scott, near the reservoir, immediately after the Fourth. The mercury stood at 99 several days this week and the wind had the appearance of just leaving the stubble fields of bleeding Kansas. Several land seekers were in town during the past week but they were very carefully headed. It reminds one of Joey Bagstock. E. A. Brown left last Monday morning for Batavia and Chicago, Ill. where he will spend a few weeks visiting friends. Adam Conhiser returned home from Illinois, last Saturday with Mrs. Conhiser and the children. Mrs. Conhiser was better but still very weak. Loup Cityites should not forget that Rockville contributed largely to our festivities last Fourth, and that we should reciprocate to the best of our ability this year. Oscar Haasch, of Rockville drove up to the county seat Saturday. He says crops are booming in the south part of the county and there is every appearance of an old time yield. A sample of rye from the field of Frank Haller of Hazard township was handed us Monday. It is excellent, stands 4 1/2 feet high and the heads are well developed and well filled. Frank Dennis, a liveryman from Arcadia, has rented the barn belonging to Clint Outhouse and moved his stock to this place. Mr. Dennis comes highly recommended as a liveryman and we extend him the right hand of fellowship. V. S. Flor of Omaha, was in the city Tuesday looking over the country with a view to purchasing some farm land here. Mr. Flor is a very pleasant gentleman and we hope he will conclude to make some Sherman county investments. Able Sack of Ashton, Neb., has gained considerable enviable notoriety throughout the country as the inventor of a very superior trip hammer. Mr. Sack had his invention patented, and the Scientific American considered it of enough importance that it produced a full detailed cut and description thereof. Frank Dennis, the gentleman who now occupies the livery barn formerly known as the Steve Gray barn, desires to say to the public that he is fully equipped with good horses and new rigs, and is prepared to please the most exacting. When in need of a conveyance call and examine his and be convinced. Several of our citizens have harvested a fine crop of strawberries this season. Frank Brewer is making a specialty of the business and consequently is taking the lead. Ye senior editor has so far picked about 30 gallons while ye junior editor has had quite a harvest. W. J. Fisher and Wilbur Waite are also among those who have got very good returns from their strawberry beds. Most every little town in the country will celebrate the Fourth this year. Loup City has rightly concluded to attend other places and not celebrate here. The celebration of our national day should be had in different towns on different years and thereby made a great success of it. This thing of celebrating every year in the same town looks too much like hoging matters and not like patriotism. A gentleman from Ashton informs us that some of our sports took in a dance at that place a short time ago and feeling "as young as they used to be," got on a high lonesome and captured the marshal. They took his gun away from him and appropriated his star and had a "good time" generally. The gun they left with an Ashtonite who was participating criminally, and the star they sent him by express. That sounds like the happy days of yore in Loup City. A short time ago some sacrilegious sinner traveling in the west side of the county entered the German Lutheran church near Hazard and with no fear of God in his pusillanimous heart walked off with the silver communion set, a mirror, some towels and other small articles. He was a stranger and was seen by one of the near by residents. They say he traveled east and it is thought he was going to join Dowie at Zion, Ill., and wanted to take some substantial evidence of his zeal to the prophet.

The hay crop bids fair to be an excellent one. E. G. Taylor of Ashton was a Loup City visitor Friday. W. J. Wilbur of Litchfield made a dying trip to the hub Friday. Miss Gladys O'Bryan came home Tuesday evening for a vacation. T. M. Reed put down a well for Chas. Conhiser at the rear of the Porter building last Saturday. M. A. Robbins is pushing things on his farm this season. He is building some very fine buildings. Henry Wilson wrote up 17 new applications for the Modern Woodmen at Sargent during the past week. Hans Beck and Peter Hehke of the west side dropped in and exchanged ideas with ye editor Monday. Jennie—To have a round beautiful neck wiggle your head from side to side every night take Rocky Mountain Tea it's a short cut to a graceful form. 35c. Ask your druggist. Don't get side-tracked in business. Dullness sometimes passes for death. Men with brains reach the goal. Rocky Mountain Tea puts gray matter into ones head. 35c. Ask your druggist. A surgical operation is not necessary to cure piles. DeWitt's Witch Hazel Salve saves all that expense and never fails. Beware of counterfeits. Odendahl Bros. W. D. French, W. G. McNulty and H. J. Cole, Loup City's triumvirate of horse traffic are shipping the sand from this place to Ashton to construct the large brick store of Maryel & Co. A horse race was pulled off at the fair grounds Saturday between Mr. Bowman's bay mare and a traveling speeder. Our boys lost their tin. Moral: Don't monkey with the buzz saw. Mr. James Brown of Putmouth, Va. over 90 years of age suffered for years with a bad sore on his face. Physicians could not help him. DeWitt's Witch Hazel Salve cured him permanently.—Odendahl Bros. A. P. Culley was last heard from in Omaha on his way to Indiana. People in Sherman county will be compelled to look after their own showers for some time unless Mr. Culley attends to it by mail. Miss Lenna Doner of Washington township and Miss Maud Reynolds of Webster township made this office a pleasant call last Thursday afternoon to witness the operation of constructing of a family newspaper. Mrs. E. Holcomb who went to Oklahoma a short time ago expecting to make her home there, returned to Loup City last week. She informs us that she could not stand that climate, otherwise she has nothing to say against the country. You may as well expect to run a steam engine without water as to find an active, energetic man with a torpid liver and you may know that his liver is torpid when he does not relish his food or feels dull and languid after eating, often his headaches and sometimes dizziness. A few doses of Chamberlain's Stomach and Liver Tablets will restore his liver to its normal functions, renew his vitality, improve his digestion and make him feel like a new man. Price 25 cents. Sample free at Odendahl Bros. Last Thursday morning Peter Thode who lives up the B. & M. track from town, notified Sheriff Snyder that a queer acting man was wandering along the track near his place. Mr. Snyder at once went to the place and found a man laying beside the track very much dazed, nearly starved and without a doubt insane. He gave his name as W. L. Wilson and said he was from Iowa. From indications he has escaped from an asylum some place. He was so badly starved that he grabbed old lemon peels from the ground and ravenously ate them. The sheriff brought him to town, attended to his wants and placed him in jail awaiting developments. Frank Pokowski, a Pole living in the vicinity of Ashton, was arrested on complaint of his daughter charging him with an assault with intent to commit murder. The girl left home some time ago on account of fear of her father and went to live with her grand parents. A few days before the arrest she was warned not to be alone with him and the same day she was warned he came to the place she was at, he was intoxicated and had a double barreled shot gun and asked the girl to come out side he wanted to speak to her. Her grandmother went with her and immediately upon getting out side, and without saying a word, he raised the gun toward the girl, the grandmother stepped quickly between them and prevented a tragedy. The old man was held to the district court. Y. P. S. C. E. CONVENTION. Cincinnati, Ohio, July 5-10. THE OFFICIAL ROUTE. A WORTHY SUCCESSOR. "Something New Under The Sun." All Doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH, by removing the cause, stopping the discharges, and curing all inflammation.
