Considerable juvenile heroism was exhibited a few days ago by the little children of Henry Haller living in the west part of the county, in saving his little four year old daughter from drowning in a cistern. Mr. and Mrs. Haller went away from home and on leaving told the oldest girl, a child of 11, that when the cistern was full of water she should shut the mill off. The four year old told her the order and some time after took the cistern cover off to see. She fell into eight feet of water, and when she came to the top, with presence of mind equal to an adult, she caught the pump pipe and held fast and shrieked for help. The two older ones heard her cries and discovering her predicament the oldest girl started to her grandpas for assistance, which was a mile distant. The boy, six years old, called her back and they got a halter and lowered it to her. The little one took hold and was raised nearly to the top, when her hold broke and she again dropped into the water. When she came to the surface she again grasped the pipe and held on until the rope was lowered, when the child took a firm hold and with encouraging words from the two on top, was pulled to the top. The two girls are the nieces of Mrs. Haller and are adopted children.

You can never cure dyspepsia by dieting. What your body needs is plenty of good food properly digested. Then if your stomach will not digest it, Kodol Dyspepsia Cure will. It contains all of the natural digestants hence must digest every class of food and so prepare it that nature can use it in nourishing the body and replacing the wasted tissues, thus giving life, health, strength, ambition, pure blood and good healthy appetite.—Odendahl Bros.

Heartburn.

When the quantity of food taken is too rich, heartburn is likely to follow, and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily digested food. Masticate the food thoroughly. Let six hours elapse between meals and when you feel a fullness and weight in the region of the stomach after eating, indicating that you have eaten too much, take one of Chamberlain's Stomach and Liver Tablets and the heartburn may be avoided. "Something New Under The Sun."

All Doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucus membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH, by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "SNUFFELS THE GUARANTEED CATARRH CURE" and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full months treatment and everything necessary to its perfect use.

"SNUFFELS" is the only perfect CATARRH CURE ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve HAY FEVER or COLD IN THE HEAD. CATARRH when neglected often leads to CONSUMPTION—"SNUFFELS" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure CATARRH in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once and write full particulars as to your condition, and you will receive the special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of SNUFFELS THE "GUARANTEED CATARRH CURE."

Cure for Cholera Infantum—Never Known to Fail.

During last May an infant child of our neighbor was suffering from cholera infantum. The doctors had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days time the child had fully recovered. The child is now vigorous and healthy. I have recommended this remedy frequently and have never known it to fail.
