The king of Italy has just asquire! the island of Monte Cristo, the scene of Dumas' thrilling romance, as a hunting ground. It is about six miles in extent, and abounds in fur and feather. Agents of the German government are scouring Arizona for horses for use in the army. Several days ago they closed a deal with ranchers in the northern and central parts of the territory for several hundred head, and will buy as many more. The Arizona range horse is peculiarly adapted to hard campaigning. The stock comes of excellent blood. Indeed of such quality is the Arzona horse that United States army buyers prefer him when he can be secured, to the product of any other region. The heavy demand, however, of the past three years has drawn heavily on the Arizona horse ranges, and prices have risen. Army buyers are paying from \$25 to \$55 and getting horses from three to five years

Pennsylvania is the latest state that is trying to encourage and regulate marriage by new methods. Representative Roth of Lehigh, introduced a bill in the state legislature lately which provides that a male citizen of Pennsylvania over forty years old, making application for a marriage license shall pay to the clerk of courts a license of \$100. This is to be turned into the state treasury for the purpose of maintaining homes for women over forty years old, who have not had a suitable opportunity or offer of marriage and have not means sufficient to keep themselves in clothes and spending money. Any bachelor over forty years old who shall go outside of the state for a wife shall pay \$100 into the state treasury. The act is irrevocable and can never be repealed without the consent of the majority of the old women who have been regularly admitted to the homes established for them.

The negro population of the United States is not diminishing, as many suppose, but is on the gain. The percentage of increase since 1890, according to the census of 1900, is 13.78, which is a greater percentage of increase than that of the previous decade. The actual figures, according to the latest census are as follows: Colored population, 8,500,000; increase, 1,029,960. That is the largest increase shown by any census since 1790, excepting that of 1880, when the gain was 1,700,784.

BE YE ANGRY AND SIN NOT' -EPH. IV: 26.

The Sin of Alcoholism-The Spirit of Gambling-Aid for the Unbeliever-Indignation Over Fraud-Mercy for the Erring One.

(Copyright, 1901, by Louis Klopsch, N. Y.) Washington, June 30.-A delicate and difficult duty is by Dr. Talmage in this discourse urged upon all, and especially upon those given to quick temper; text, Ephesians iv, 26, "Be ye angry and sin not."

Equipose of temper, kindness, patience, forbearance, are extolled by most of the radiant pens of inspiration, but my text contains that which at first sight is startling. A certain kind of anger is approved-aye, we are commanded to indulge in it. The most of us have no need to cultivate high temper, and how often we say things and do things under affronted impulse which we are sorry for when perhaps it is too late to make effective apology! Why, then, should the apostle Paul dip parchment, afterward to be printed upon paper for all ages, the injunction, 'Be ye angry and sin not?"

My text commends a wholesome indignation. It discriminates between the offense and the offender, the sin and the sinner, the crime and the criminal.

To illustrate: Alcoholism has ruined more fortunes, blasted more homes, destroyed more souls, than any evil that I think of. It pours a river of poison and fire through the nations. Millions have died because of it, and millions are dyperance is an old sin. The great Cyrus, writing to the Lacedemonians of himself, boasted of many of his qualities, among others, that he could drink and bear more wine than his distinguished brother. Louis X and Alexander the Great, died drunk. The parliament of Edinburgh in 1661 is called in history "the drunken parliament." Hugh Miller, the first stone mason and afterward a world renowned geologist, writes of the drinking habits of his day, saying: "When the foundation was laid, they drank. When the walls were leveled for laying the joists, they drank. When the buildings were finished, they drank. When an apprentice joined, they drank." In the eighteenth century the giver of an entertainment boasted that none of the guests went away sober. Noah, the first ship capwrecked with strong drink, Every man or woman rightly constructed will aroused against it. You come out of that condition a better man or a better woman. Be ye angry at that abomination, and the more anger the more exaltation to character. But that aroused enness you are to hate with a vivid hatred; but the drunkard you are to

#### pity, to help to extricate. Prostrated by Alcoholism.

Just take into consideration that there are men and women who once were as upright as yourself who have been prostrated by alcoholism. Perhaps it came of a physician's prescription for the relief of pain, a recurrence of the pain calling for a continuance of the remedy; perhaps the grandfather was an inebriate and the temptation to inebriety, leaping over a generation, has swooped on this unfortunate; perhaps it was under an attempt to drown trouble that the benumbing and narcotic liquid was sought after; perhaps it was a gradual chaining of the man with the beverage which was thought to be a servant, when one day it announced itself master. Be humble now, and admit that there is a strong probability that under the same circumstances you yourself might have been captured. The two appropriate emotions for you to allow are indignation at the intoxicant which enthralled and sympathy for the victim. Try to get the sufferer out of his present environment; recommend any hygienic relief that you know of and, above all, implore the divine rescue for the struggle in which so many of the noblest and grandest have been worsted. Do not give yourself up to too many philippics about what the man ought to have been and ought to have done. While your cheek flushes with wrath at the foe that has brought ruin, let your eye be moistened with tears of pity for the sufferer. In that way you will have fulfilled the injunction of the text, "Be ye angry and sin not."

### Indignation Over Fraud.

There is another sin that we are oftentimes called to be angry with, and that is fraud. We all like honesty, and when it is sacrifiedd we are vehement in denunciation. We hope that the detectives will soon come upon the track of the absconding bank official, of the burglar who blew up the safe, of the clerk who skillfully changed the figures his pen in the ink horn and trace upon | in the account book, of the falsifier who secured the loan on valueless property, of the agent who because of his percentage wrongfully admits a man to the benefit of a life insurance policy when his heart is ready to stop and who comes from an ancestry characteristically short lived.

One act of fraud told of in big headlines in the morning papers rightfully arouses the nation's wrath. It is the interest of every good man and good woman who reads of the crime to have it exposed and punished. Let it go unscathed, and you put a premium on fraud, you depress public morals, you induce those who are on the fence be- at Milan and he was rejected by the ditween right and wrong to get down on the wrong side, and you put the business of the world on a down grade. The constabulary and penitentiary must do their work. But while the merciless and the godless cry: "Good for him! I am glad he is within prison doors!" be it your work to find out if the man is worth saving and what were the causes of his moral overthrow. Perhaps he started in business life under a tricky firm, who gave him wrong notions of business integrity; perhaps there was a combination of circumstances almost unparalleled for temptation; perhaps there were alleviations; perhaps he was born wrong and never got over it; perhaps he did not realize what he was doing, and if you are a merciful man you will think of of something said on the other side, he other perhaps which, though they may not excuse, will extenuate. You do well to be angry, but how about those who have been flung of scepticism, and that is more millions than you will ever know of until the judgment day reveals everything. Ah, here comes your opportunity for gentleness, kindness, and sympathy. The probability is that if you had been plied with the same influence as this unbeliever there would not be a Bible in all your house from cellar to attic. all your house from cellar to attic. Perhaps he was in some important transaction swindled by a member of the church whose taking of the sacrament was a sacrilege. Perhaps he read agnostic books and heard agnostic lectures and mingled in agnostic circles until he has been befogged and needs your Christian help more than any one that you know of. Do not get into any labored argument about the truth of Christianity. He may beat you at that. He has a whole artillery of weapons ready to open fire.

Remember that no one was ever reformed for this life or saved for the life to come by an argument, but in humblest and gentlest way, your voice subdued, ask him a few questions. If you are naturally high tempered, do not unnecessarily go among irritations and provocations. Do not build a blast furnace next to a gunpowder mill, Then, also, such demonstrations of ungovernability belittle one. Men take out their lead pencils and in estimating such a one take 50 per cent off. About the most hideous spectacle on earth is an angry man or woman burning not with anger commanded in my text, but with the sin represented. After such a display of gall, irrascibility, virulence, his influence with many is forever gone. The world is full of politicians, doctors, lawyers, merchants, mechanics, ministers, housewives, who have by such explosions been blown to pieces.

I say to all young men hoping to achieve financial, moral or religious success-control your tempers. Do not let criticism or defeat rebuff you. Verdi, the great musician, applied to become a student in the Conservatory of Music rector, who said that he could make nothing of the newcomer, as he showed no disposition for music. But the criticism did not exasperate or defeat him. The most of those who have largely succeeded in all departments were characterized by self control. In battle they would calmly look at the bomb thrown at their feet, wondering whether it would explode. In commercial life, when panics smote the city, these men were placid, while others were yelling change. While others nearly swooned because a certain stock had gone 100 points down they calmly waited until it would get 100 points up. While the opposing attorney in the courtroom frothed at the mouth with rage because of the equipoise put a glass of water to his lips in refreshment and proceeded light of another train comes round the ment for his purpose curve on the same track. We want it in Christian men and women in times ever and anon your dander up, and so often in the sulks? We admit that you have many things to stir your blood tion, but going to such extremes you offend my text, which says you must control, "Be ye angry and sin not."

Mercy for the Sinner. Surpassing all other characters in the world's biography stands Jesus Christ, wrathful against sin, merciful to the sinner. Witness his behavior toward the robed ruffians who demanded capital punishment for an offending woman-denunciation for their sinful hypocrisy, pardon for her sweet penitence. Golden Text: "Where Sin Abounded Grace Did Much More Abound-Rom. 5-20-Hope, Victory, After a Long Conflict, Paradise to Be Regained,

I. Man in Paradise.-Man was placed n the most favorable circumstances for his development and growth; in a beaunoble nature around him; in natural communion with God, with plenty of work n taking care of his home farm, in gaining and exercising dominion over it, with perfect family life;-all of which were ducational forces, so that Eden was the great school of man. Almost every naion has early traditions of a golden age with curbed bit, taut rein, commanding | Edenic blessedness and innocence, of the serpent, the tree, and degeneracy. There are Chinese, Thibetan, Mongolian, and Hindu traditions, the Zoroastrian story of Mashya and Meshyana, the Egyptian tradition of the reign of Ra, the Pandora, the Scandinavian Asgard, the sacred plant guarded by celestial genii on the Assyrian bas-reliefs. These traditions must have come from some com-mon source before the dispersion of men, and point to some actual fact in the early history of the race.

Two opposite errors are frequently held regard to the Bible account of the firs' man. One, that he was a typical sayage, a cave-dweller, lower than the inhabitants of darkest Africa, "entertaining the most gross and anthropomorphic conceptions of deity." The savage is the egenerate of sinful man. The other, that "he was the most splendid specimen of the race the world ever saw, fair as an angel, holy as a scraph"; that Aristotle was but the rubbish of an Adam, and Athens but the rudiments of para-He simply was perfect as a man, complete with all the possibilities of manhood. In each case the electrical emotion, as registered by the galvanometer, was painful to witness. As the London Mail suggests in telling the story, there is an opening for a society for the prevention of cruelty to metals.
