The Ord Quiz in its write up of valley county last week claimed the Van Horn cattle ranch as a part of that county and the Greeley Leader Independent comes out with the following: "J. Haggstrom was over in Valley county Tuesday and got a yearling Herford from the Van Horn ranch and it is a good one. John is going to improve his stock and does not mind paying a good price when he knows he will get it all back later on." The Van Horn ranch is located in Sherman county and brother Haskell, with his many years of residence in this country, ought to know better than to claim it for Valley. It is as fine a ranch as there is in the west and is well stocked. Perhaps this may, in a degree, account for the misstatement, however as it is a model ranch we can excuse most any county for wanting to claim it as a part of their possessions.

A pretty wedding is reported to have taken place at the home of Mr. and Mrs. A. W. Throckmorton, at Divide, in Clay township Sherman county, on Wednesday evening, April 30, at 8:30, at which time and place their daughter Susie was married to Mr. Frank Arnold, of Indians, Rev. John Madely, M. E. pastor of Loup City officiating.

A large number of friends and relatives were in attendance and the social which followed the ceremony was but evidence of the high esteem in which the contracting parties were held by all who know them. One of the principal features of the occasion was a lovely wreath of orange blossoms which was sent to the bride by her Aunt in California and which she wore upon her head. Many beautiful and useful presents were given them.

Mr. Arnold is a very pleasant gentleman and a prominent school teacher of the town in which he lives, and Miss Throckmorton is one of Sherman county's highly educated and accomplished ladies, who has for several years past taught school in this county with the best of success and merits the high praise which she has always enjoyed as an instructor. The special attention of our towns people who visit Omaha is directed to the prominence of the Millard Hotel and to the first class service and reasonable rates that are offered by the management to their patrons. The Nebraska Grain Dealers Association selected The Millard as the place for holding their annual meeting, April 30, and the attendance was very large. The Nebraska State Medical Society will hold their annual meeting at the Millard May 6, 7 and 8, and a very large attendance is promised at this highly important medical meeting. The annual Encampment of the Grand Army of the Republic, and the associate meeting of the Womens Relief Corps, will be held in Omaha, May 22 and 23, and The Millard has been selected as head quarters for that great occasion. Several hundred members are expected to be present. The Millard has also been selected as head quarters for the June races at Omaha, June 24 to 27, the opening race meeting of the circuit. When it is remembered that The Millard rates are as low as \$2.00 per day on the American plan and \$1.00 on the European plan, that the hotel has been newly furnished, that the cuisine service is first-class in every particular, and that the location of the hotel is the most central of any in Omaha, convenient for all street car lines, wholesale and retail districts, banks, car line to South Omaha, etc., it is easily understood why The Millard secured all the above named State gatherings.

Now that the storm season is here and there will be much danger from Lightning, you should think about Lightning Rods. If you have none, or your old ones are out of repair, better write to "Nebraska's resident dealer" W. E. Drake, Grand Island Neb., who does an honest business and is fast reclaiming the fallen reputation of this line of work, which has suffered much by the abuse of unprincipled traveling "fakirs," who have greatly abused the grand discovery of Franklin. Read his advertisement elsewhere in this paper.

I have had occasion to use your Black-Draught Stock and Poultry Medicine and am pleased to say that I never used anything for stock that gave half as good satisfaction. I heartily recommend it to all owners of stock.

J. B. BELSHER, St. Louis, Mo.

Sick stock or poultry should not eat cheap stock food any more than sick persons should expect to be cured by food. When your stock and poultry are sick give them medicine. Don't stuff them with worthless stock foods. Unload the bowels and stir up the torpid liver and the animal will be cured, if it be possible to cure it. Black-Draught Stock and Poultry Medicine unloads the bowels and stirs up the torpid liver. It cures every malady of stock if taken in time. Secure a 25-cent can of Black-Draught Stock and Poultry Medicine and it will pay for itself ten times over. Horses work better. Cows give more milk. Hogs gain flesh. And hens lay more eggs. It solves the problem of making as much blood, flesh and energy as possible out of the smallest amount of food consumed. Buy a can from your dealer.
