**DECORATION DAY.**

The exercises for Decoration day, 1902, at Loup City will long be remembered as being attended by the largest gathering of people which has met here for years to observe the day. Those who were up before sunrise could see the national colors waving above the business houses and dwellings in different parts of the city.

The days exercises had been carefully arranged by the ladies of the G. A. R. At 9:30 the large procession which formed in line and marched down main street and around the square was a pretty sight. The march was led by the Loup City Cornet Band. Closly following them were the few old soldiers, and them came the ladies of Shiloh Circle, No. 5. This was followed by delegations from the K. P. and Woodmen orders. Then came a long line of school children who were arranged by rooms with their respective teachers in the lead.

The column marched in two by two to Pilger's opera house, where the advance crowd lined up on each side and the old soldiers, ladies of the Circle and the balance of the main column marched through and into the opera house. R. J. Nightingale was the speaker for the occasion. The room was packed with people and the stage was well filled with the finest vocal talent in the city. It was profusely decorated with flowers and flags. Rev. Madely offered prayer at the opening and after the singing of some beautiful selections by the choir, chairman J. S. Pedler called upon Mr. Nightingale for an address. Mr. Nightingale's talk was well received by all present, and his remarks very appropriate.

In the afternoon about five hundred people formed a procession of over a half mile in length and went to the Evergreen cemetery where the graves were decorated and a beautiful program carried out. A beautiful monument was erected to the memory of the unknown comrades and around it the ladies of the Grand Army held most solemn and impressive ceremonies. A class of students rendered the song of "Nameless Unknown," and the day's exercises were concluded by decorating the graves.

The number of people at the cemetery was estimated to be about five hundred.

In the evening a concert was given in Pilger's opera house by the best vocalists in the city. The house was crowded and all of the songs rendered were heartily applauded. They consisted of national songs and plantation melodies, and were fitting and highly entertaining.

The roof and all went down. One horse was quite seriously hurt and the occupants of the wagon much frightened.

**LIKE A DROWNING MAN.**

"Five years ago a disease the doctors called dispepsia took such hold of me that I could scarcely go," writes George S. Marsh, well known attorney of Nocona, Tex. I felt an improvement at once and after a few bottles am sound and well." Kadol is the only preparation which exactly reproduces the natural digestive juices and consequently is the only one which digests any good food and cures any form of stomach trouble.—Odendahl Bros.

"If women would pay more attention to their health we would have more happy wives, mothers and daughters, and if they would observe results they would find that the doctors' prescriptions do not perform the many cures they are given credit for."
