Children's day exercises at the M. The pulpit was a waving sea of flowers, beautifully arranged so as to represent a floral garden, and no less beautiful were the faces of the happy children as they came fourth by classes to participate in the exercises. Without an exception it was the most successful event of the kind ever had in the city; and this success is due not only to the teachers and superintendent of the Sunday School but to the parents and friends of education and careful training. It was indeed a lovely picture to see the little ones arrayed in white, with bouquets of flowers, come fourth and do honor to the occasion. That superintendent Tracy and the corps of teachers, assisted by Rev. Madely and the church workers, are doing a great work in the Sunday School there is no doubt. Mrs. Fred Unrath, President Country Club, Benton Harbor, Mich. "After my first baby was born I did not seem to regain my strength although the doctor gave me a tonic which he considered very superior, but instead of getting better I grew weaker every day. My husband insisted that I take Wine of Cardui for a week and see what it would do for me. I did take the medicine and was very grateful to find my strength and health slowly returning. In two weeks I was out of bed and in a month I was able to take up my usual duties. I am very enthusiastic in its praise." Wine of Cardui reinforces the organs of generation for the ordeal of pregnancy and childbirth. It prevents miscarriage. No woman who takes Wine of Cardui need fear the coming of her child. If Mrs. Unrath had taken Wine of Cardui before her baby came she would not have been weakened as she was. Her rapid recovery should commend this great remedy to every expectant mother.
