Baking Powder

Makes the bread more healthful.
Safeguards the food against alum.

Alum baking powders are the greatest menaces to health of the present day.

Judge Wall and Frank W. Collins, who were billed to speak at Loup City, last Monday night, gave the audience a most impressive and interesting talk. Mr. Wall spoke first and in a short speech told some truth, both in political and personal matters, and was cheered to the echo. The personal matters were in relation to the shameful stories which have been told about him by the opposition, during the last two weeks, and which absolutely demanded an explanation. Mr. Wall explained them in a very satisfactory manner and he was highly complimented by friends of all parties. Mr. Collins followed with an hour and a half speech on state and national issues. He presented the issues in a clear, logical way and gave Bryanism the blackest eye it ever received from any public speaker in this city. There were about 150 people present, at least three-fourths of whom were voters, all of whom were very attentive and seemed anxious to learn all they could about the causes of general prosperity and the present good prices. Mr. Collins made a master effort and we are sure that his coming has done a great deal of good for the cause.

I have new and second hand wagons for sale. T. M. REED.

A THANKSGIVING DINNER

Heavy eating is usually the first cause of indigestion. Repeated attacks inflame the mucous membrane lining the stomach, producing a swelling after eating, heartburn, headache, sour rising and finally catarrh of the stomach. Kodol relieves the inflammation, protects the nerves and cures catarrh. Kodol cures indigestion, dyspepsia, all stomach troubles by cleansing and sweetening the glands of the stomach.—Odendahl Bros.

Cure of Piles After 40 Years.

Mr. C. Haney, of Geneva, Ohio, had the piles for forty years. Doctors nor dollars could do him no lasting good. DeWitt's Witch Hazel Salve cured him permanently. Invaluable for cuts, burns, bruises, sprains, lacerations, tetter, salt rheum, and all other skin diseases. Look for the name DeWitt on the package—all others are cheap, worthless counterfeits. Supt. R. D. Hendrickson made a professional trip to Rockville, last Friday, to visit the schools at that place. He reports that Miss Whitman, who is teaching there, is conducting one of the best schools in the county, but has altogether too large an enrollment for one teacher to handle and do justice to all the pupils, but says that the school board of that district will soon build another room and install another teacher.

A child of Mrs. Geo. T. Benson when getting his usual Saturday evening bath stepped back against a hot stove which burned him severely. The child was in great agony and his mother could do nothing to pacify him. Remembering that she had a bottle of Chamberlain's Pain Balm in the house, she thought she would try it. In less than half an hour after applying it the child was quiet and asleep, and in less than two weeks was well. Mrs. Benson is a well known resident of Keller, Va. Pain Balm is an antiseptic liniment and especially valuable for burns, cuts, bruises and sprains. For sale by Odendahl Bros.

Because some of the good ladies of the Ladies' Aid societies of the different churches objected to the holding of political meetings in the churches, the Times questions their religious faith. Now, the fact is that these same ladies worked like slaves to scrub and clean the churches when nobody else would do it. It wasn't the holding of the meetings that they so seriously objected to, but the cleaning of the church after the meetings. It is a well known fact that those parties who objected are always the ones who have to do the cleaning, while some of those who are the biggest fault finders never contribute any muscle to help out in such cases of necessity. Still, the Times would question their religion!

This has been an exceptionally busy week for the NORTHWESTERN force. We had nearly half of the ballot printing done when an order from the state secretary came to change the form at the head, and, of course, it all had to be done over. However, by an extra effort, we were able to get them out in time.

There's a weekly letter from Washington, D. C., in The Chicago Weekly Inter Ocean, and its contents alone make the paper well worth its regular subscription price of \$1.00 per year. Yet by our special low rate arrangement both this paper and the Inter Ocean may be had for \$1.45 for one full year. Can you think of a better investment?

Last Thursday evening, just as we were about to commence the ballot printing for the county we had the misfortune to break the shafting to our cylinder printing press. The breakage was a serious one and as it could not be fixed here we at once started for Grand Island or Omaha to get repairs. Our first thought was to get it fixed if possible at the U. P. carshops or if not there, to go on to Omaha, but fortunately through the kindness of J. B. O'Bryan, we were informed that Mr. Walter Erikson, of Boelus, had a big turning lathe and doubtless could do the needed repairing. Accordingly a telegram was sent ahead and Mr. Erikson was at the train ready to wait on us. He did as neat a job as any mechanic could do, and by an extra effort turned the bearing and cut the thread at the end of the large shaft in less than three hours, thus making a perfect fit for the piston wheel as good as when new, and enabling us to get home on the noon train. Mr. Erikson is a master mechanic and has a very finely equipped shop. Our thanks are due him for the valuable services and the prompt manner in which he helped us out, as we had no time to lose in the great rush of ballot-printing.

AN "ANTI-CORPORATION" PASS GRABBER.

The free passes carried by W. H. Thompson for years, and which he has in his pocket at the present moment show how insincere and ridiculous are his claims, that he is the "anti-railroad" candidate.

There are two classes of pass-holders. The employes or attorneys for a company legitimately carry free transportation. The political "plunger" or "capper" is in the other class. Mr. Thompson denies that he is a railroad attorney or that he has in recent years transacted any legal business for them. Then he has no legal or legitimate right to a pass, and stands condemned as a mere political "capper" for the railroads.

When Mr. Thompson takes the platform and delivers his anti-corporation speeches he has in his pockets the three annual passes represented above, and also four free mileage books. He dare not deny it. He is trying to ride into office under false pretenses.

Populist farmers, what do you think of this man? Is it your idea of reform to put into office a double-dealing, pass-grabbing, smooth-tongued political lawyer? How much could you depend on him?

Compel the democratic campaigners to stand up and explain if they can.
