A child of Mrs. Geo. T. Benson when getting his usual Saturday evening bath stepped back against a hot stove which burned him severely. The child was in great agony and his mother could do nothing to pacify him. Remembering that she had a bottle of Chamberlain's Pain Balm in the house, she thought she would try it. In less than half an hour after applying it the child was quiet and asleep, and in less than two weeks was well. Mrs. Benson is a well known resident of Keller, Va. Pain Balm is an antiseptic liniment and especially valuable for burns, cuts, bruises and sprains. For sale by Odendahl Bros.

Unless one notices the cribs of our popcorn dealers or notices the number of teams that come into town each day with their loads of popcorn, he can't realize the extent of the popcorn industry at this place. Nearly all the large cribs are full to overflowing and less than half of the corn has been marketed. The yield is from 2,000 to 3,200 lbs. per acre and the corn finds a ready sale at \$1 per cwt. As the crop is raised on land which is valued at from \$10 to \$35 per acre and costs no more than other corn to raise it can readily be seen our farmers are enjoying a season of prosperity which they know how to appreciate. Below will be found the number of pounds of popcorn delivered our dealers on Wednesday of this week and is but a fair sample of the amount of business done in this one industry alone. 155,770 lbs.—North Loup Loyalist.

There's a weekly letter from Washington, D. C. In The Chicago Weekly Inter Ocean, and its contents alone make the paper well worth its regular subscription price of \$1.00 per year. Yet by our special low rate arrangement both this paper and the Inter Ocean may be had for \$1.45 for one full year. Can you think of a better investment?

We wish to express our deep appreciation, to the republicans of Sherman county, for a united effort on their part to get the full party vote to the polls. In some of the townships, reports of a few stay-at-homes are made, but in the main the vote was pretty well represented, and to this is attributed the great success we are now privileged to enjoy.

Mrs. Cranson had been an invalid for many years, and for the last ten years had scarcely been able to go from home.

As we go to press, reports come from Ashton that a most disastrous fire occurred there last night. Mr. Jacques' elevator burned to the ground and was a total loss with all its contents. The elevator belonging to Ed Taylor, which stood close by, was also fired, but the flames were extinguished before any material damage was done to it. The fire was undoubtedly of incendiary origin, and strong suspicions are entertained as to the identity of the culprit. Indications point to the fact that the work was done by the same hands that have been instrumental in the destruction of other elevators along the line recently. The Lincoln blood-hounds were sent for and are expected to arrive today. The arrest of the guilty person is looked for in a few hours at least.

Canada's Principal Production.

Canada has never liked the image of which Kipling presented her as "Our Lady of the Snows," thinking that it might be held to cast reproach on her climate and discourage emigration. Wilkes's female admirer, defending him from the reproach of squinting, said that he did not squint more than a gentleman and a man of honor ought to squint, and Canadians in general stand up for their territory as not a bit more wintry than it ought to be. A Dominion lecturer in London has recently told the Imperial Institute all about it, but failed to mention that the principal production of the country is emigrants to the United States, found on arrival to be particularly intelligent and useful.—New York Tribune.

Cure of Piles After 40 Years.

Mr. C. Haney, of Geneva, Ohio, had the piles for forty years. Doctors for dollars could do him no lasting good. DeWitt's Witch Hazel Salve cured him permanently. Invaluable for cuts, burns, bruises, sprains, lacerations, tetter, salt rheum, and all other skin diseases. Look for the name DeWitt on the package—all others are cheap, worthless counterfeits. Nails Up Horseshoes.

She recalls with pride that her first stroke of literary luck came to her the very day when she picked up her first horseshoe.

A THANKSGIVING DINNER

Heavy eating is usually the first cause of indigestion. Repeated attacks inflame the mucous membrane lining the stomach, producing a swelling after eating, heartburn, headache, sour rising and finally catarrh of the stomach. Kodol relieves the inflammation, protects the nerves and cures catarrh. Kodol cures indigestion, dyspepsia, all stomach troubles by cleansing and sweetening the glands of the stomach.—Odendahl Bros.

Dignity of Schwab's Coachman.

President Schwab of the billion dollar steel trust says that he was driving through a little town near Pittsburg the other day with his colored man seated beside him, when he heard one woman say to another: "There's the great Mr. Schwab." "Which one?" said the other, evidently impressed with the colored man's dignity.
