C. J. Odendahl is on the sick list. He has been down to Grand Island to consult Dr. Davis, who says that his ailment is the result of too close confinement to business, and that he must get out of the store and stay out for several months. Mr. Odendahl was able to get up to the barber shop Wednesday. He will leave for the hot Springs about the 15th of the present month.

Every several days the blood, muscles and bones of a man of average size loses two pounds of wornout tissue. This waste cannot be replenished and health and strength keep up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets down, health gives way, and disease sets up. Kodol Dyspepsia Cures enables the stomach and digestive organs to digest and assimilate all the wholesome food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures indigestion, Dyspepsia and all stomach troubles. It is an ideal spring tonic.—Sold by Odendahl Bros.

Mr. C. Koch of the south part of the county was a pleasant caller last Saturday. He has about 60 acres of small grain which is looking fine, and apparently is not injured in the least by the freeze. He will farm, in all, about 170 acres this year and expects to start to planting corn this week.

H. Ransink, of Webster township was in town last Saturday. He says that he believes it does pay to advertise. Not long ago he advertised some seed corn for sale in the NORTHWESTERN and now has the bulk of his supply all sold out. People came to him from various parts of the county, to buy.

The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case which has resulted in pneumonia, which shows conclusively that it is a certain preventative of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. Sold by Odendahl Bros.

Quite a crowd of Highlanders of Loup City, including the local team, visited the St. Paul lodge Wednesday night. Those who went from here were: O. F. Peterson, John Dahl, Clarence Zink, Joe Gunnerson, Mr. and Mrs. F. S. Robbins, Mr. and Mrs. Fred Odendahl, Mrs. T. M. Reed, Miss Minnie Lofholm and Miss Bradley. They report a good time and say that they were treated to the best. The Loup City team did the work of initiating five new members.

A. M. Robbins, living two and a half miles north of town, and who built a fine story and a half house not long ago, will soon put in a complete system of water works. His buildings are located at the foot of the bluffs and he proposes to build a reservoir on the hill about 200 yards distance from where the well is located near the house. The bottom of the reservoir will be on a level with the top of the buildings and will furnish splendid fire protection as well as a good supply of fresh water for house and barn use. The pump and pipes is to be located six feet under ground and the water forced into the reservoir by the windmill process.

LOUP CITY HIGH SCHOOL NOTES.

(EDITED BY ELLA FOSTER.)

Theodore Pilger is an absent member of the ninth grade.

The program given by the "Merry Twenty-Four" last Friday evening was well rendered but on account of the storm had a small attendance.

Mr. Nicolson went to Grand Island Wednesday morning to see his brother who was taken sick on his way to Loup City. Miss Minnie Hickman will teach in his place during his absence.

Our county superintendent Mr. Hendrickson was a pleasant visitor in the Grammar and High school rooms last week.

Miss. Ellen Lofholm taught Miss. Hickman's room during Mr. Nicolson's absence.

Miss Vivian Nightingale is still an absent member of the ninth grade.

Mr. Newton will be in Loup City and deliver a humorous lecture. All are cordially invited to attend.

LITERARY NOTES.

The literary last Friday night was attended with its usual success but not with as large a crowd as on former occasions, owing to rain that came just before the hour of opening the program.

The exercises were conducted by the ninth grade students of the school and all who took part did well. The chairman, Master Theo. Pilger, preformed his part with the ease and grace of one old in experience. Archie Kearns deserves special mention. He recited his recitation entitled "The Village Blacksmith" in a splendid and impressive manner. The singing, which was participated in by Edith Angier, Alice McLaughlin, Edith Henry, Mary Gibson, Ella Taylor, Cora Leisinger, Beth Zimmerman, Alta Rentfrow, Irene Gibson, Jessie Culley, Julia Snyder and Zula Reed, was good, while the dialogue and tableaux created plenty of fun for all present.

Miss Winnie Outhouse, Will Wilson Meroe Outhouse and Bertha Mead interspersed the program with well selected recitations, and Miss Edna Minshull read a selection which was also greatly appreciated.

The program closed with a literary paper by Miss Ella Foster, which was full of fun. Every item in the paper took well except the reference made to us, and that took too well, as it created a big laugh at our expense. However we expect to get even with Miss Ella some day.

Mortgage Record.

Through the kindness of C. W. Gibson, deputy county clerk, we give the following official mortgage record for Sherman county for the month of April:

35 real estate mtgs. filed	\$25,373.45
31 " " released	\$14,817.19
103 chattel mtgs. filed	\$36,959.87
76 " " released	\$40,826.92

The San Francisco Examiner says of Mr. Newton: "Cyrus Brownlee Newton the great humorist, captured his audience immediately at Golden Gate Hall last evening. He possesses extraordinary ability. He has few equals and no superiors." He will be at the Loup City, opera house, on Thursday, May 14, 1903. Admission 25c. Children 15c.

No doubt many of our citizens will be interested and especially pleased to learn that Mr. and Mrs. Angier have, what is called a Twentieth Century plant which is now putting forth its bloom. It will doubtless be in its most beautiful appearance by the time this reaches our readers, and you are invited by Mr. and Mrs. Angier to call at their residence and see it.

The services at the Baptist church Sunday morning and evening were both pleasing and instructive. Rev. C. W. Brinstad, Secretary of the Nebraska State Convention, was present and filled the pulpit. He first spoke of the debt which for so long a time had burdened the church, and which had now reached the sum of \$600.00 and which he, as well as the entire church was anxious to see paid. He then made an earnest plea to the business men of the town, and to all interested in church work to help lift the debt, showing that it was for the good of the business of the town, that the church should be here and be supported. The sermon was full of instruction to the workers and, warning to the indifferent. Owing to the repairs going on in the Methodist house of worship quite a large number of their congregation were with us. At church service Sunday school was taken up and a very interesting time was had, the visitors taking hold and helping to make it interesting. At the evening service the house was crowded and Brother Brinstad delivered a discourse that cannot but help of resulting in good. Among other things he said: "In the old testament we find that God was revealed to the world and to his people only as God; while in the new testament through Christ, God is revealed to his people as their Father and Christ as the elder brother. As children of God and brethren of Christ, what is our great duty in winning the world to Christ." At the close of the service the church was called to gather and it was decided to instruct Brother Brinstad to send us a pastor, and to hold regular church services beginning June first. Next week we will tell of the success of sisters Waite and Main at collecting for the church debt.

LOW RATES WEST.

A car load of fish sent here by the state fishery commission, arrived here last Tuesday under the supervision of Deputy Fish and Game commissioner W. J. O'Brien, and through the kindness of Mr. O'Brien an Representative E. H. Kittell, we were shown through the car and received some valuable information regarding the great fish industry of Neb. This commission is located at North Bend and has a beautiful sight consisting of 52 acres. The car contained about a million and a half of wall eyed pike, 1,000 cat-fish and 200 crappies. The cat fish and crappies were put in the river and the pike were put in the Dead Horse creek and other smaller streams. Mrs. O'Brien accompanied her husband with the car and to them is due our thanks for a nice fry of fish which was presented to us all ready for the frying pan. It was indeed a rare treat.

Will Not Appoint a Woman.
Mayor Schmitz of San Francisco has refused to grant the petition of the ladies of the California club asking the appointment of a woman on the school board of the city. He says that such an appointment would be apt to create a spirit of unrest among the school teachers, many of whom are opposed to such an innovation.
