The horse race matched by Ed-win Hawk and Fred Erlanson was won by Hawk by about a neck. The race was a quarter mile dash and was very close from start to finish. Erlanson's horse was a little in the lead all the way to within about three rods of the wire when the Hawk horse made sufficient gain to barely win out. It was a good test of the speed of both horses.

Every house and every room in town is filled and still they come. Surely some one with money would do well to put up a few houses for rent. Already there are several business men located here who are anxious to get their families here but cannot get a house to move into.

Ralph Palmer of the Litchfield Monitor while out fishing made a catch of a six pounder. Dr. Palmer accompanied his son, and the Monitor says that they caught 17 others weighing from one to three pounds each. This is a pretty big fish story but it would seem that the son got the best of his father on weights.

Loup City base ball team accompanied by several of our citizens, went over to Ord last Tuesday and played the team at that place. It has been many years since the two towns have matched a game. The boys started out early with a determination to do the best they could. We understand that the losing team is to have forty per cent of the gate receipts while the winners get sixty per cent. They returned late in the evening and reported a score of 3 to 4 in favor of Ord.

The ball game between the first and second nines, played last Friday afternoon for a purse of \$25.00 on a side was a very closely contested game and it took the tenth inning to decide it. Both sides were a little off and the score ran high. At the end of the ninth inning the score stood 19 and 19, and in the tenth the first nine made two tallies and whitewashed their opponents, thus winning the game by a scratch. Ed. Fuller of Arcadia umpired the game.

There has been more work done on our streets this year than has been done for two years part. Many property owners have their yards prettier and cleaner than ever and the town at this writing is looking much nicer than it was last year. Yet there is chance for further improvement. Some of the real estate men who are agents for some of the vacant lot owners should clean off the weeds. It would help sell the lots and enhance their value. There is a growing demand for city property and the expense of cleaning it up could all be made up in value in case of a sale.

The wind storm of last Tuesday night done considerable damage throughout the city. In several instances blowing of chimneys and blowing down barns. A plentiful supply of windmills and trees were also spoils of the wind. The loss is estimated at about \$3,000.00.
