

Churches and Church Work.

An interesting lesson was given at the young people's meeting at the Baptist church last Sunday evening. Mrs. J. A. Converse, Leader. We would like to have more of the young people attend these meetings. All are invited.

Services at the Baptist church every Sunday, morning and evening. Rev. F. D. Kennedy, pastor. Sunday school after morning service, B. Y. P. U. before evening service, Prayer meeting every Wednesday evening, Covenant meeting, first Saturday evening in each month. A cordial invitation is given to all to attend these services.

J. A. ANGLER, Clerk.
Gene Miller of Washington township, was in the city last week receiving subscriptions for the union Sunday school of Cole creek for a Christmas entertainment. He says the people of the town were quite liberal by way of donations and that arrangements are being made for a Merry Christmas among the little folks.

Services were held at Methodist, Baptist, and Catholic churches in this city Sunday. The weather being fine, the attendance was good at all of them.

Rev. John Madely of the M. E. church, preached his Christmas sermon last Sunday morning. The sermon was on what is called, by some commentators, Simeon's Swan Song and is found in Luke 2, 29-33. His subject for the evening was: "Acquaintance With God," and was enjoyed by a very large congregation.

The Epworth League lesson was indeed well handled by Mrs. E. G. Taylor and those who did not attend missed a treat. Everybody is invited to attend these services. They open 6:30 p. m.

E. A. Brown, 1st Vice President of the Epworth League, was distributing some fine topic cards Sunday. These cards have the lesson topics for the next six months, the different departments of the League, the pledge, the League benediction and the Epworth Emblem. Have you one of these cards? If not, get one, keep it and study the lessons.

Epworth League services every Sunday evening at the Methodist church. You are cordially invited to attend. The Leader for next Sunday night is Mrs. S. S. Hover and it is a Missionary Meeting—A World-wide View—My Responsibility.

The M. E. Sunday school has made a good growth the past year and although the house is crowded somewhat, room will be made for all who wish to attend. Some talk of an addition has been on foot anyway, so send your children or better still, go yourself and take them with you. You will be bettered by doing so.

The Epworth League choir had two new members Sunday evening. Niel Hover was singing tenor with them and Archie Zimmerman, bass.

Services will be held at the German Evangelical church next Sunday at 11:00 o'clock a. m.

Cris and Henry Johansen were at work last Friday putting in a line of tiling on the east side of the west river bridge. The overflow from the mill race made a very large cut through the road and it was necessary to put tiling in to furnish an outlet.

Arthur Ioks says that we made a mistake last week when we stated that he lost two teeth as a result of the collision on the ice which occurred a week ago Sunday. He says that he did not lose any teeth and only one of them was loosened. Arthur must be afraid that some "one" will think that he has false teeth.

C. L. Drake, our former hotel landlord drove over from Litchfield last Friday. He is on his return trip from the northwest to Concordia, Kansas and stopped over in the city to look after some business and renew old acquaintances. Conan Doyle's Summer Plans.
Among the notable cottagers at Montauk Point, L. I., this summer will be Sir A. Conan Doyle, the famous author who created "Sherlock Holmes." Dr. Doyle has rented the Third house, where he contemplates securing that quiet and seclusion so necessary to successful literary production. The season will be occupied in writing a new detective story.

Out of Jobs.

The admiralty has directed that all foreigners on board his majesty's ships shall be removed as soon as British substitutes can be found. This will affect bandmasters and mess caterers, who in British fleets in foreign waters are seldom of British extraction.

Simply Forced to It.

"I've found out why Snobore is so conceited. He told me himself." "He did? Well, that's refreshing." "Yes; he said he spent half his life trying to make people think well of him—without success. Then he decided the only way to get a thing done is to do it yourself."

Comparatively Unimportant.

A Chicago boy who was despondent because of unrequited love tried to commit suicide by shooting himself through his right side, supposing his heart was located there. This, however, is not a laughing matter. When a boy takes on a good strong case of love it is not fair to expect him to keep very close track of the location of his "in'ards."

"Doc" Emry who has been in Kearney with his parents for the past six months, was shaking hands with his many friends in this city Friday.

Carsten Truelsen and J. I. Depeu have received a new cast of their tire setter and have it in perfect running order. It weighs a little over three hundred pounds and may be seen at the Depeu blacksmith shop. The machine is very easy to operate and does the work quickly and leaves the wheel in a perfect condition. It is not necessary to take the tire off the wheel; simply set the rim of the wheel in the machine and by working a lever the tire is crimped so that it is made tight and in a short time the tire is set and ready for use. With this machine in use a man can drive up to a blacksmith shop and get all four of the tires to his wagon or buggy set and be ready to go home in less than thirty minutes. The machine is a daisy and is rightly named the "E. Z." tire setter, as a boy of fifteen can operate it with ease.

THE LONE STAR STATE

Down in Texas at Yoakum, is a big dry goods firm of which Mr. J. M. Haller is the head. Mr. Haller on one of his trips to the East to buy goods said to a friend who was with him in the palace car, "Here, take one of these Little Early Risers on retiring and you will be up early in the morning feeling good." For the "dark brown" taste, headache and that lousy feeling DeWitt's Little Early Risers are the best pills to use.—Sold by Oedendahl Bros.

New System of Robbery.

The latest robbery scheme in New York is to run along the side of open cars as they slow down and snatch chateleine bags or pocketbooks from women passengers. A gang of thieves has been doing this for several days and numerous losses have been reported to the police. The robbers have little difficulty in getting away before the cars are stopped.

ONE HUNDRED DOLLARS A BOX.

is the value H. A. Tisdale, Summertown, S. C. places on DeWitt's Witch Hazel Salve. He says "I had the piles for twenty years, I tried many doctors and medicines, but all failed except DeWitt's Witch Hazel Salve. It cured me." It is a combination of the healing properties of Witch Hazel with antiseptics and emollients; relieves and permanently cures blind, bleeding and protruding piles, sores, cuts, bruises, eczema, salt rheum and all skin diseases.—Sold by Oedendahl Bros.

Under the Red-Tape System.

Perhaps the most remarkable curio in the British army system of red tape are the headings under which various personal necessities are classed. For instance, a soldier must purchase a brush and comb under the head of clothing, while a tooth brush for some extraordinary reason comes under the denomination of fuel.

Mosquitoes and Malaria.

Capt. S. P. Jones, who was associated with the Royal Society's commission on malaria during the investigation in India, says that in India, anyway, the kind of mosquito that carries malaria rarely, if ever, flies more than half a mile from his breeding place.

Rockefeller's Fortune.

The Journal of the Knights of Labor estimates Mr. John D. Rockefeller's present fortune at \$800,000,000, bringing him the snug little income of \$48,000,000 a year. At the rate of increase of the last four years, it is estimated that it will amount to \$3,276,800,000,000 in 1927.
