There have been two noted changes among the business firms of Loup City within the past few days. The first occurred last week Thursday, C. C. Cooper purchasing the general merchandise stock of E. Enevoldsen, on the south side of the square. Mr. Cooper has had charge of the store from its inception to the present and has worked up a good business which impels him to the belief that it is a good thing to own and get full benefit of. He asks for your custom through these columns. Mr. Cooper is an energetic and wide awake man and is certain to do well. The second change comes somewhat in the nature of a surprise. Tuesday of this week, O. F. Petersen disposed of his stock of general merchandise to Messrs. Durland, Zimmerman & Co., to take effect March 15. Mr. Durland comes to us from Staplehurst, while Mr. Zimmerman is the present efficient clerk in that store. Mr. Petersen has been in business here since the fall of 1898 and turns over a handsome and increasing business to the new firm. He has a big closing out sale in our columns this week. Success attend all parties.

The fire company was called out Monday afternoon for the first time this fall, but the fire, having been discovered in the very start, was put out by a bucket brigade. The fire started in the second story of the Porter block on the south side in a room occupied by Lester Sturdevant and family and was caused, we are informed, by setting an ash pan in under the stove, supposing, of course that there was no fire in them, but they set fire to the floor and the hungry flames had just succeeded in eating their way through the flooring, when it was providentially discovered by a young lady, who went upstairs after something and seeing the smoke she ran back down stairs and gave the alarm.
