FOR THIRTY YEARS

Congressman Meekison Suffered With Catarrh-Read His Endorsement of Pe-ru-na.

Hon. David Meekison is well known, not only in his own State but throughout America. He began his political career by serving four consecutive terms as Mayor of the town in which he lives, during which time he became widely known as the founder of the Meekison Bank of Napoleon, Ohio. He was elected to the Fifty-fifth Congress by a very large majority, and is the acknowledged leader of his party in his cartion of the State. section of the State.
Only one flaw marred the otherwise complete success of this rising statesman.

Catarrh with its jusidious approach and tenacious grasp, was his only unconquered foe. For thirty years he waged unsuccessful warfare against this personal enemy. At last Peruna came to the rescue, and he dictated the following letter to Dr. Hactman as the result:

"I have used several bottles of Peruna and I feel greatly benefited thereby from my catarrh of the head. I feel encouraged to believe that if I use it a short time longer I will be fully able to eradicate the disease of thirty years' standing."—David Mecklson, ex-member of Congress.

If E season of catching cold is upon us. The cough and the sueeze and usal twang are to be heard on every hard. The origin of chronic catarrh, the mass common and decadful of diseases, is a cold.

Mrs. A. Snedeker, Cartersville, Ga. writes:

"I saw that your catarrh remedy, Peruna, was doing others so much good that I thought I would try it and

This is the way the chronic catarrh gen-crafty begins. A person catches cold, which bangs on longer than usual. The cold generally starts in the head and I have none Then follows sensitiveness of the of the acute air passages which incline one to catch cold very easily. At last the person has a cold all the while seemingly, more or less discharge from the nose, hawking, spit-long that I had ting, frequent clearing of the throat, nos-none of the aches trils stopped up, full feeling in the head and pains, and sore, inflamed throat.

The best time to treat catarrh is at the condition of the very beginning. A bottle of Peruna properly used never fails to cure a common nose and throat

cotd, thus preventing chronic catarrh.

While many people have been cured of chronic catarrh by a single bottle of Peruna, yet, as a rule, when the catarrh tem. I had come becomes thoroughly fixed, more than one bottle is necessary to complete a cure. Perma has cured cases innumerable of abarrh of twenty years' standing. It is the best, if not the only internal remedy for chronic catarrh in existence.

But prevention is far better than cure. Every person subject to catching cold should take Peruna at once at the slightest symptom of cold or sore throat at this season of the year and thus prevent what is almost certain to end in chronic

To Clean Jewelry.

Diamonds may be washed in a lather of soap, rinsed with cold water, and polished with a chamois leather. Just pefore polishing rub a little eau de stones may be cleaned with cold water sawdust to dry. Opals should be cleaned with a wet leather and polishing afterwards with precipitated chalk, finally rinsing in cold water. Gold and silver ornaments only require washing in cold, soapy water, to which a few drops of ammonia have been added; leave them in this for an hour and then rinse in clean water. Ivory ornaments, brushes, etc., should be rubbed with a little peroxide of hydrogen and placed in the sun to dry.

House Jacket.

House jackets are possessions of which no woman ever yet had too great a variety. This one is made with a slightly open neck and loose sleeves that are much to be desired from the standpoint of comfort as well

as beauty. The model is made of flowered challie trimmed with lace. but is well adapted to all the pretty washable fabrics in vogue. The big collar is a feature and gives the long, drooping shoulder line which so completely marks the sea-

The jacket is made with fronts. backs and side backs and is loose at the front but curved to fit the figure at the back where it is cut to form deep points. The big collar finishes the neck and extends down onto the fronts and the sleeves are cut to form the fashionable handkerchief points.

The quantity of material required for the medium size is 4 yards 24 inches wide, 31/2 yards 27 inches wide or 2 yards 44 inches wide, with 7 yards of insertion and 8 yards of edging to trim as illustrated.

The pattern 4643 is cut in sizes for a 32, 34, 36, 38, 40 and 42-inch bust

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it falls to cure. Send for list of testimonials.

Cheap Excursions to the South.

On February 16, March 1 and 15, the Kansas City Southern railway will offer to the public the extremely low rate of \$10.00 for the round trip to all points on the Port Arthur Route, including Beaumont, Port Arthur, Lake Charles, Shreveport, Texarkana, Fort Smith, Mena, De Queen and all intermediate points. The return limit on these tickets will be twenty-one days from date of sale, with stopover privileges at all points south of Kansas City on the going trip. Any information desired by the public relative to these cheap excursions will be cheer fully furnished upon application to S. G. Warner, G. P. and T. A., Kansos City, Mo.

Heavenly bread is never blessed until it is broken.

FRAUDS IN A BALE OF HAY.

Frauds in Watch Cases.

According to an article in the Cincinnati Commercial, a fifty-one pound stone was recently found in that city secreted in a bale of hay of eighty pounds.

This is not as bad as finding a lump of lead of nearly one-half the weight of the

solid gold watch case secreted in the center of the case.
Gold watch cases are sold by weight, and no one can see where this lead is se-creted until the springs of the case are taken out and the lead will be found se-

creted behind them. These cases are made by companies who profess to be honest but furnish the means to the dishonest to rob the public. It is not pleasant for anyone to find that he has lugged a lump of lead in his watch case.

Another trick the makers of spurious solid gold watch cases is to stamp the case S. Assay." not stamp any article made out of gold and silver except coin, and the fakir, by using this stamp, wants to make the public believe that the government had something to do with the stamping or guaranteeing the fineness of watch cases.

Another trick of the watch fakir is to advertise a watch described as a solid gold filled watch with a twenty or twenty-five year guarantee. These watches are generally sent C. O. D., and if the purchaser has paid for the watch he finds that the Company which guaranteed the watch to wear is not in existence.

The Dueber-Hampden Watch Company of Canton, Ohio, who are constantly exposing these frauds, will furnish the names of the manufacturers who are in this questionable business.

A man's greatness is seen in his recognition of goodness.
