

# THOUSANDS HAVE KIDNEY TROUBLE AND DON'T KNOW IT

To Prove what Swamp-Root, the Great Kidney Remedy, Will Do for YOU, Every Reader of this paper May Have a Sample Bottle Sent Free by Mail.

Weak and unhealthy kidneys are responsible for more sickness and suffering than any other disease, therefore, when through neglect or other causes, kidney trouble is permitted to continue, fatal results are sure to follow.

Your other organs may need attention—but your kidneys most, because they do most and need attention first.

If you are sick or "feel badly," begin taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because as soon as your kidneys begin to get better they will help all the other organs to health. A trial will convince anyone.

The mild and immediate effect of Dr. Kilmer's Swamp-Root, the great kidney and bladder remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root will set your whole system right, and the best proof of this is a trial.

14 EAST 120th St., New York City.  
 DEAR SIR: Oct. 15th, 1903.  
 "I had been suffering severely from kidney trouble. All symptoms were on hand; my former strength and power had left me. I could hardly drag myself along. Even my mental capacity was giving out, and often I wished to die. It was then I saw an advertisement of yours in a New York paper, but would not have paid any attention to it, had it not promised a sworn guarantee with every bottle of your medicine, assuring that your Swamp-Root is purely vegetable, and does not contain any harmful drugs. I am seventy years and four months old, and with a good conscience I can recommend Swamp-Root to all sufferers from kidney troubles. Four members of my family have been using Swamp-Root for four different kidney diseases, with the same good results."  
 With many thanks to you, I remain,  
 Very truly yours,  
 ROBERT BERNER.

You may have a sample bottle of this famous kidney remedy, Swamp-Root, sent free by mail, postpaid, by which you may test its virtues for such disorders as kidney, bladder and uric acid diseases, poor digestion, being obliged to pass

your water frequently night and day smarting or irritation in passing, brick-dust or sediment in the urine, headache, backache, lame back, dizziness, sleeplessness, nervousness, heart disturbance due to bad kidney trouble, skin eruptions from bad blood, neuralgia, rheumatism, diabetes, bloating, irritability, wornout feeling, lack of ambition, loss of flesh, sallow complexion, or Bright's disease.

If your water, when allowed to remain undisturbed in a glass or bottle for twenty-four hours, forms a sediment or settling or has a cloudy appearance, it is evidence that your kidneys and bladder need immediate attention.

Swamp-Root is the great discovery of Dr. Kilmer, the eminent kidney and bladder specialist. Hospitals use it with wonderful success in both slight and severe cases. Doctors recommend it to their patients and use it in their own families, because they recognize in Swamp-Root the greatest and most successful remedy. Swamp-Root is pleasant to take and is for sale at drug stores the world over in bottles of two sizes and two prices—fifty cents and one dollar. Remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

**EDITORIAL NOTE.**—So successful is Swamp-Root in promptly curing even the most distressing cases of kidney, liver or bladder troubles, that to prove its wonderful merits, you may have a sample bottle and a book of valuable information, both sent absolutely free by mail. The book contains many of the thousands upon thousands of testimonial letters received from men and women cured. The value and success of Swamp-Root is so well known that our readers are advised to send for a sample bottle. In sending your address to Dr. Kilmer & Co., Binghamton, N. Y., be sure to say

you read this generous offer in this paper.

**COUPON.**

# ST. LOUIS EXPOSITION WILL BE GREATEST EVER HELD ON EARTH

Estimated Cost, Exclusive of the Value of the Exhibits, Is from Forty to Fifty Million Dollars—Miles of Wonderful Displays in More Than Twenty Buildings.

It is now a little more than two months before the gates will open upon the World's Fair at St. Louis and the public will be invited to see the greatest exposition that has ever been created. The vast exhibit palaces are complete and many of them have been finished for several months. Within the next two months all of them are to be brightened with new coats of paint so that, on the opening day, the magnificent array of palaces will appear as fresh as a newly blossomed rose.

No one, no matter how vivid his imagination, can picture to himself the scene that will be presented when the Exposition is complete. The more one sees this great collection of exhibit palaces and countless other buildings, the more deeply impressed he becomes with the grandeur of the undertaking. As the days grow longer and the air becomes balmy with the breezes of spring, the Exposition will take on far greater activity than it has seen during the boisterous days of winter. In spite of the severe weather, work has not ceased upon the construction of the World's Fair for more than a day or two at a time and there is every expectation and promise that it will be complete on the opening day.

The buildings and grounds, magnifi-

cent though they be, are but the setting for a far more interesting display. In all the buildings the best products that the world can offer will be arranged in the most attractive order and will convey to the mind a better idea of what the wide world is doing than would years of study and inquiry. Fifty-one nations of the world and all of the states of the American Union will be represented in this extensive portrayal of the world's present-day effort.

Those who are familiar with the Columbian Exposition at Chicago have often asked if the Louisiana Purchase Exposition would equal in extent or grandeur the celebrated Exposition of 1893. When told that it would be twice as large in extent of grounds and 50 per cent larger in exhibit space in buildings, they have

been loth to believe such a statement. But such is the fact. The exhibit palaces of the Louisiana Purchase Exposition average much larger than those of Chicago and are greater in number. About 130 acres of floor space are provided in the various palaces of the present World's Fair and more than twenty buildings will be used for exhibit purposes. The largest of these is the Palace of Agriculture, which covers twenty acres. The next in size is the Palace of Transportation, covering fifteen acres and containing four miles of railway tracks for the exhibit of locomotives and cars.

At the Chicago Exposition there were practically no outdoor exhibits. At this World's Fair about 100 acres are given up to outdoor displays, supplementing in a most pleasing manner the hundreds of thousands of indoor exhibits. At the Chicago Exposition one building was used for no less than three important departments. At the World's Fair in St. Louis four buildings, covering forty-five acres, are given up to the same four departments.

The total cost of the World's Fair is estimated at from forty to fifty million dollars, exclusive of the value of the exhibits. The Palace of Machinery alone will contain exhibits to the value of eight million dollars. Exposition season, thousands of birds representing many species and climes. The largest hotel ever built, containing 2,500 rooms, is within the World's Fair grounds. The largest statue ever cast will stand in the Palace of Mines and Metallurgy as the exhibit of the Iron Industries of Birmingham, Ala. Twelve acres are devoted to a mining gulch containing all manner of mining machinery and exhibits. A floral clock, 112 feet in diameter, the hands of which weigh more than a ton each, will tell the time of day upon the slope north of the Palace of Agriculture. A map of the United States, six acres in extent, planted with cereals and other plants common to the various states, is an interesting display by the United States Bureau of Plant Industry.

AT THE WORLD'S FAIR, ST. LOUIS.

View looking east from the Plaza St. Anthony. Palace of Varied Industries on the left. Palace of Electricity on the right. Palace of Manufactures in the distance.

To mention the big things of the World's Fair of 1904 would be to give a catalogue of the greatest achievements of man in many lines of endeavor. For example: We shall see the largest locomotive ever built, weighing ninety-five tons and having twelve driving wheels. We shall hear the largest organ in the world in the most beautiful festival hall ever built. We shall see some of the greatest sea-coast defense guns manufactured for the United States government. In the Government Building, which is the largest exhibit building ever erected by federal authority at an Exposition, there will be a model of a half of a battleship for the Navy display. The United States Government has also erected a bird cage so large that tall trees grow within the inclosure, in which will be held captive during the

tude, and an amusement street a mile long, containing the most novel and wonderful entertainments, will furnish diversion to the guests of the Exposition.

All St. Louis is preparing for the World's Fair, which will open on April 30 next and continue for seven months. Hundreds of buildings have been remodeled into hotels, and thousands of homes have been listed, upon invitation of the World's Fair management, to help care for the visitors. Every preparation has been made for a period of unusual festivity, and St. Louis expects to give her visitors a delightful season of sight-seeing and entertainment.

Thirty-five miles of roadway have been constructed within the World's Fair grounds.

## MARKETING FOR THE SEA COW.

It is Necessary Now to Cut Through Ice to Get at the Eel Grass.

The man who does the marketing for the Aquarium's sea cow has had to do some lively hustling this winter to keep that big animal supplied with food.

The sea cow is eight foot long, weighs 800 pounds, and has a healthy appetite. In the first eighteen weeks after its arrival here from Florida, on Sept. 3 last, it ate ninety bushels of eel grass, six bushels of fennel-leaved pond weed and two bushels of ulva, or sea lettuce, making ninety-eight bushels of aquatic plants in all in eighteen weeks, or an average of about five and one-half bushels a week, which is about its present rate of consumption.

The eel grass and other things for the sea cow's table are gathered in Gravesend Bay or the waters thereof connected. Baymen say that the present has been the hardest winter hereabouts on the water in twenty-five years. On many days it has been necessary to cut through the ice to get

at the eel grass required for the sea cow's food, sometimes through ice ten inches in thickness and often through ice of five or six inches.

Sometimes when the ice had moved out with a shift of the wind, leaving open spaces, access to the eel grass would be easy, but frequently the ice would have closed in, and then it would be necessary to cut holes in it to get at the eel grass below.

So the work of supplying the sea cow's table has been so far this winter attended by more or less difficulty, but there has never been a day on which the sea cow has had to go hungry.—New York Sun.

## Brain Growth.

Brain development is found by Prof. Seggel of Munich to have two periods of acceleration—from 10 to 11 and from 17 to 18 in girls, and from 12 to 13 and 19 to 20 in boys. At the period of most rapid increase in height—from 12 to 14 years—the growth of the brain is less than one-hundredth that of the body, but at 17 to 19 it grows one-thirtieth as fast, and at 20 reaches one-seventh of the body growth.

## Swiss Industrial Schools.

There are industrial schools for clock and watch making in Geneva, Locle, Chaux-de-Fonds, etc.; there are art and industrial working schools in Zurich and other cities for women, and there are industrial schools for the hand trades in most of the cities and towns of the country. The subjects taught in these schools are drawing, arithmetic, geography, bookkeeping, German, French and practical instruction in the trade chosen by the pupil.

## Wholesale Marriage.

No fewer than forty-two couples were married simultaneously at Plougastel (Lower Brittany) one morning recently. Work in the village and in all the surrounding hamlet was entirely suspended for the day, for the excellent reason that there was scarcely a living soul in the neighborhood not related to one or other of the brides or bridegrooms, for the good people of Plougastel never marry outside their own commune.—London Mail.

## HE DID NOT UNDERSTAND.

Amusing Error of Frenchman That Cost Him \$5.

A French visitor to New York, an enthusiastic automobilist, has learned a lesson as to how things are done in America. On several occasions when speeding a machine through Central park he has seen policemen hold up a hand. The result was an increase of speed and a wave of the hand in return. The police have been in the hopes of catching him, and finally one of them did so by placing his horse in the auto's track, compelling it to come to a standstill. In court the Frenchman was amazed at the cause of his arrest. He took the signals of the officers as commendations and congratulations and turned on more power to show them what he could do. The lesson cost him \$5.

## French Taxes Increase.

Returns of the revenue from indirect taxes in France in 1903 show that receipts amounted to \$568,350,350, an increase of \$26,557,580 over the estimates, and \$30,175,860 over 1902.

## How the Starfish Feeds.

A starfish can neither see nor hear. Neither has it the sense of smell. In spite of those seeming impediments, nevertheless, it seeks and devours its prey as neatly as an ordinary fish. The starfish lies upon its prey and folds its "arms" or rays completely about it. Then it pushes its stomach out through its mouth and will wrap even a large oyster and shell within the folds of the stomach. The mouth of the starfish is in the center of its rays.

STATE OF OHIO, CITY OF TOLEDO, Lucas County.  
 I, FRANK J. CHENEY, make oath that I am senior partner of the firm of F. J. CHENEY & CO., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of CATARRH that cannot be cured by the use of HALL'S CATARRH CURE.  
 FRANK J. CHENEY.  
 Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1903.  
 A. W. GILSON,  
 Notary Public.  
 Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces of the system. Send for testimonials, free.  
 F. J. CHENEY & CO., Toledo, O.  
 Sold by all Druggists, Inc.  
 Take Hall's Family Pills for constipation.

## Russia's Draconic Censorship.

Newspaper work in Russia is not pleasant. The government spends more money on its press censors than on its schools. Last year eighty-three papers were suspended for various periods and twenty-six were forbidden to accept all advertisements, while 259 editors were told they could have a short vacation in Siberia if they continued their methods of reviving various public questions.

## THE WABASH RAILROAD.

Special rates on sale daily to all Winter resorts of the South. Half fare round trip plus \$2.00 on first and third Tuesdays each month to many points South.

The only line with its own station at main entrance of World's Fair grounds. The Wabash runs on its own rails from Omaha, Kansas City, Des Moines, St. Louis and Chicago to Toledo, Detroit, Niagara Falls and Buffalo with through connections beyond.

All agents can route you via the Wabash. For World's Fair descriptive matter and all information address, Harry E. Moores, G. A. P. D., Omaha, Nebr.

## Uruguay Minister a Novelist.

Dr. Eduardo Acevedo Diaz, the newly appointed minister from Uruguay, who has been sent to Washington to open a legation, is known in South America as a novelist of high repute. Not confining himself to running a newspaper as editor and dabbling in affairs of state, Senor Diaz found time to publish in Spanish a large number of romances of thrilling interest. Most of these stories have all the interest of Spanish love tales and are typical of South America, taking high mark in the lighter literature of that country.

Lewis' "Single Binder" straight 5c cigar. Made of ripe, mellow tobacco, so rich in quality that many who formerly smoked his cigars now smoke Lewis' "Single Binder." Lewis' Factory, Peoria, Ill.

A lot of misery comes to the man who sits down and waits.

A widow always believes in platonic love—for others.

JUNE TINT BUTTER COLOR makes top of the market butter.

Lots of good time is lost by his most people in talking about a man's sin when they might be praying for him.

## Cheap Excursions to the South.

On February 16, March 1 and 15, the Kansas City Southern railway will offer to the public the extremely low rate of \$10.00 for the round trip to all points on the Port Arthur Route, including Beaumont, Port Arthur, Lake Charles, Shreveport, Texarkana, Fort Smith, Mena, De Queen and all intermediate points. The return limit on these tickets will be twenty-one days from date of sale, with stopover privileges at all points south of Kansas City on the going trip. Any information desired by the public relative to these cheap excursions will be cheerfully furnished upon application to S. G. Warner, G. P. and T. A., Kansas City, Mo.

## The Value of Persistence.

John Diedrich Spreckles, the son of Claus Spreckles, is the proprietor of a San Francisco newspaper. To an editor one day Mr. Spreckles was talking about persistence and in the course of his remarks he said: "My father is a great believer in persistence—in patience. Once when I was a boy I abandoned in despair some childish task that I had undertaken and my father reproved me for it. 'Persistence will do anything,' he said. 'There's nothing you can't accomplish with patience.' And then he smiled slightly and added: 'You could even carry water in a sieve if you would have the patience to wait long enough I have to wait?' I said, 'Till it froze,' my father answered."

To Cure a Cold in One Day. Take Laxative Bromo Quinine Tablets. All druggists refund money if it fails to cure. 25c.

## His Eye for the "Funny."

Miss Kuler—"Of course, Mr. Freshmann, you are quite familiar with Greek."  
 Mr. Freshmann—"Oh! yes, indeed. I know Greek the minute I see it, the letters are so funny looking, you know."—Philadelphia Press.

Piso's Cure is the best medicine we ever used for all affections of the throat and lungs.—Wm. O. ENDISLEY, Vaabren, Ind., Feb. 10, 1900.

## Asked and Answered.

"What is the price of liberty?" howled the political spellbinder. After a brief pause for breath, he continued: "Again I ask you, my friends, what is the price of liberty?"  
 "From \$3 to \$10, according to the humor of the judge," squeaked a voice from the gallery.—Chicago News.

## Wiggle-Stick LAUNDRY BLUE.

Won't spill, break, freeze nor spot clothes. Costs 10 cents and equals 20 cents worth of any other bluing. If your grocer does not keep it send for sample to The Laundry Blue Co., 14 Michigan Street, Chicago.

Planets revolve, but shooting stars are not necessarily revolvers.

Put your finger on our trade mark. Tell your dealer you want the best starch your money can buy.

Insist on having the best, DEFIANCE.

It is 16 ounces for 10 cents. No premlums, but one pound of the very best starch made. We put all our money in the starch.

It needs no cooking.

It is absolutely pure.

It gives satisfaction or money back.
