We have received a letter from L. G. Fisher, Crossfield, Alta, Canada, complaining that he cannot receive his paper regularly. The paper is mailed each week in a prepared wrapper, and the fault does not lay at our door. We are sorry, especially as Mr. Fisher compliments the paper by saying among other good things, that it "is the best paper published in Sherman county."  
We trust he may receive it hereafter, especially as he says he has read it for twenty years and learned to set type in this office.  
Mr. Henry French will put the paper out this week, while the editor goes down to Lincoln with the boys to look after convention matters and transact a little business at Omaha on the side. Later—the editor returned Thursday evening in time to put on the finishing strokes, but the publication is one day late in spite of all, and not satisfactory on account of rushing matters and our enforced absence on publication day, with consequent delay and the failure to publish many matters of interest. We're going to stay at home after this and let the country save itself.

**A Slaughter—23 to 8.**  
Loup City and Wiggle Creek played an exciting game of ball on the home grounds, last Saturday, resulting in a score of 23 to 8 in favor of Loup City. The Wiggle Creek boys were handicapped by the absence of their regular catcher, and for that matter our home boys were also in somewhat the same plight. However, for the first game of the season, the game was a very good one, and but for a few costly errors on both sides the score would have been kept very low what it was. We had intended to publish the score in detail but concluded the boys all around would prefer to wait until the showing was a little better.

Lay ..... 37 Finner ..... 26  
P. Peterson ..... 33 J. Peterson ..... 30  
Olsen ..... 22  
According to this score, Perry Reed won and still holds the medal.

**FOR THOSE WHO MUST "CUSS."**  
Some Comparatively Harmless Words That May Be Employed.  
A dictionary of innocuous expletives to replace the "cuss words" ordinarily employed by the profane of habit is to be compiled by the British National Association for the Suppression of Bad Language.  
Recognizing that flesh is weak and that under the stress of emotion man is prone to express himself picturesquely and vigorously, the organization purposes to pursue a middle course by seeking to induce swearers to use harmless words.  
These are some of the substitutes for real swearing that members of the association would be pleased to have uttered by the public:  
"Fudge, sugar, golly, gosh, ginger, crickey, John Robinson, whoop-de-doo, bing, bang, bosh, Caesar's ghost, gee, my eye, tush, pish, wow" and others which are to be coined.
