

WHAT ROME THINKS

THE POPE'S PHYSICIAN EN-DORSES AN AMERICAN REMEDY.

Dr. Lapponi Uses Dr. Williams' Pink Pills in His Practice Because Results Meet His Expectations.

Dr. Lapponi, the famous physician to the Vatican, whose name has recently come so greatly to the front on account of his unremitting attention to His Holiness, the late Pope Leo XIII, and the high esteem and confidence with which he is regarded by the present Pope, His Holiness, Pius X., is a man of commanding genius. He is more than a mere man of science; he is a man of original and independent mind. Untrammelled by the "etiquette" of the medical profession, and having used Dr. Williams' Pink Pills for Pale People in his practice with good results, he freely avows the facts and endorses the value of this remedy with an authority which no one will venture to question.

Dr. Lapponi's Letter.

"I certify that I have used Dr. Williams' Pink Pills in four cases of the simple anemia of development. After a few weeks of treatment, the result came fully up to my expectations. For that reason I shall not fail in the future to extend the use of this laudable preparation not only in the treatment of other forms of the category of anemia or chlorosis, but also in cases of neurasthenia and the like." (Signed) GIUSEPPE LAPPONI, Via dei Gracchi 332, Rome.

The "simple anemia of development" referred to by Dr. Lapponi is, of course, that tired, languid condition of young girls, whose development to womanhood is tardy and whose health at that period is so often imperiled. His opinion of the value of Dr. Williams' Pink Pills for Pale People at that time is of the highest scientific authority and it confirms the many published cases in which anemia and other diseases of the blood, as well as nervous diseases, such as nervous prostration, neuralgia, St. Vitus' dance, paralysis and locomotor ataxia have been cured by these pills. They are commended to the public for their efficiency in making new blood and strengthening weak nerves. After such an endorsement they will be accepted by the medical and scientific world at their full value.

Toys From Paving Blocks. An ingenious use has been found for the discarded wood blocks with which the London streets are paved. Several toy manufacturers now purchase all these blocks which are not damaged in the process of being torn up, for the purpose of making cheap toys out of them. Owing to the fact that the raw material is purchased so cheaply the home manufacturers are in a position to undersell considerably the foreign competitors.

Important to Mothers.

Examine carefully every bottle of CASTORIA, a safe and sure remedy for infants and children, and see that it bears the signature of J. C. Watson.

Uses Wooden Leg Fifty Years.

John Keeble, an eighty-five-year-old man of Kelyndon, Essex, has used the same wooden leg for forty years. He has just celebrated his jubilee.

A warehouse in Paris has been built with glass floors.

WESTERN CANADA'S Magnificent Crops for 1904.

Western Canada's Wheat Crop this year will be 10,000,000 bushels, and Wheat at Present is Worth \$1.00 a Bushel.

The oat and barley crop will also yield abundantly. Splendid prices for all kinds of grain, cattle and other farm produce for a very few years, there has been talk of the undersigned.

About 150,000 Americans have settled in Western Canada during the past three years. Thousands of free homesteads of 160 acres each still available in the best agricultural districts.

It has been said that the United States will be forced to import wheat within a very few years. Secure a farm in Canada and become one of those who will produce it.

Apply for information to Superintendent of Immigration, Ottawa, Canada, or to authorized Canadian Government Agent—W. V. Bennett, 601 New York Life Building, Omaha, Neb.

NORTH-SOUTH-EAST-WEST YOU WILL FIND TOWER'S WATERPROOF OILED CLOTHING EVERYWHERE.

The best material, skilled workmen and 25 years' experience have made TOWER'S Suits, Coats and Hats famous the world over. They are made in black or yellow for all kinds of wet work and every garment bearing the SIGN OF THE FISH is guaranteed to give satisfaction. All reliable dealers sell them. A. J. TOWER CO., BOSTON, MASS., U.S.A. TOWER CANADIAN CO., LIMITED, TORONTO, CAN.

Strawberry and Vegetable Dealers

The Passenger Department of the Illinois Central Railroad Company have recently issued a publication known as Circular No. 15, in which is described the best territory in this country for the growing of early strawberries and early vegetables. Every dealer in such products should address a postal card to the undersigned at Dubuque, Iowa, requesting a copy of "Circular No. 15." J. F. MERRY, Asst. Gen'l. Pass'r Agent.

SMOKERS FIND LEWIS' SINGLE BINDER \$5 Cigar better Quality than most 10¢ Cigars

Your jobber or direct from Factory, Peoria, Ill.

FISCH'S CURE FOR BRONCHITIS WHILE ALL ELSE FAILS

LABOR and INDUSTRY

The Hearts That Never Grow Old.

There are hearts that never grow old. As the years go creeping by, that bear the sweet music of youth in the fountain of life runs dry. Through the heat of human conflict "nursed" they go, and the blast of winter winds cannot chill them. They're warm and true to the last. The body may bend with age, and the face be marked by care; Grim Time may rob the eye, Of the gleam which once flashed there; But on the innermost altar, Burns a fire which will never die; Till the mortal shrine is fallen, And the spirit returns on high.

These hearts teach the young generation Of sympathy, hope, and love, Of the things which bring very near The earth and the heaven above. The world will ever be grateful To the hearts that always are young. For the joy which they have brought, For the songs which they have sung.

And when to the golden twilight, Of life these hearts have come; Shall they not find a blessing To carry with them home? Will Death not bring a melody, By happy voices sung, To the spirits that knew no age, The hearts that ever were young? —Carl DeWincy in Kansas City Times.

NEWS OF THE LABOR WORLD.

Items of Interest Gathered from Many Sources.

Membership in the trades unions of Germany has increased from 246,494 in 1894 to 837,658 in 1903.

Old age pensions amounting to \$7,069,970 were distributed to 12,481 persons in New Zealand last year.

Trades unions in Australia have decided that no worker can be employed unless he belongs to an industrial union.

At the session of the Brotherhood of Locomotive Firemen \$5,000 was voted for the Railroad Men's Home in Chicago.

The executive council of the American Federation of Labor has officially endorsed the strike of the 15,000 textile operators of Fall River, Mass.

Machinists and boiler-makers of Chicago, Lake Shore & Eastern railroad resumed work at reduced wage scale after nine months' struggle.

Though New York was one of the last states to organize in the cooks and waiters alliance, it has at present seventy-six locals in good standing.

An order just issued in all the departments of the Pennsylvania railroad places 15,000 on full time of ten hours a day, with the Saturday half holiday.

The Carnegie steel company has announced that regardless of any change in the steel industry it will maintain the present price for labor for the next sixteen months.

There will be no coal strike in the anthracite regions this year, all disputes having been referred to Judge Gray, whose decision will be binding on employers and employees.

For the year ending May 1, 1904, the receipts of the international typographical union amounted to \$240,000; the expenses were \$256,817.38 and the balance on hand is \$36,357.62.

The number of persons out on strike or lockouts June 1, according to Bradstreet's report on labor conditions, was 295,000, a decrease of 290,000 over the figures of one year ago.

The 1,423 co-operative societies of the British Isles do an annual business amounting to \$90,000,000. One society has 50,000 members and does a business amounting to \$7,500,000 a year.

Alligator catchers at certain points along the extreme southern coast of Florida have formed a union to protect their industry from amateurs and others who shoot the alligators for sport.

The Pittsburg District Council of the Carpenters' Union has been ordered from making war on what they style an "unfair" employer, and awarded damages to the amount of \$1,770 for boycotting, etc.

No women or children can work more than forty-eight hours a week or work between the hours of 6 p. m. and 8 p. m., or for more than four and a half hours at a time in New Zealand, so strict are the labor laws.

Russia has followed the example set by Germany in establishing municipal dentistry. The latter country last year had teeth extracted for 1,871 of the school children, while the teeth of 1,561 children were filled.

An assessment of 15 cents has been laid on each union workman in San Francisco, to go toward the entertainment fund for the approaching convention of the American Federation of Labor, to be held in that city in November.

The trades union congress at its recent session at Leeds, England, unanimously voted against any departure from the free trade principles. A change to protection, it was decided, would mean increase in cost of the necessities of life.

The International Brotherhood of Teamsters has decided to organize the chauffeurs, and local unions are to be established in all the principal cities. There has been talk of the chauffeurs organizing.

Sheriff Bell has concluded that the alleged confession of Edward Romaine, a prisoner at Topeka, Kan., implicating union miners who formerly lived in the Cripple Creek district, in the Vindicator mine and independence depot murders, is entirely false.

Rev. Allen A. Tanner, a preacher, has resigned the pulpit to don overalls in the ranks of union labor. He has gone to work as a helper in a machine shop at Toledo, Ohio, his object being to study closely the labor problems of the country from a workman's standpoint.

At the session of the United Brotherhood of Carpenters and Joiners at Milwaukee the secretary's report said that in 480 cities eight hours constituted a day's work, 791 cities working nine hours, and many others working shorter hours on Saturday. He claimed that this reduction in hours had given employment to 30,000 additional carpenters, wages had been gradually advanced until at the present time they range from \$2.50 to \$5 per day.

The International Association of Brick, Tile and Terra Cotta Workers, in convention in Chicago, voted to increase the per capita tax from 5 to 10 cents a month. It was also decided

to levy a per capita assessment of 25 cents a week in times of strike.

Free text books in the public schools at St. Paul, Minn., is being agitated by the labor unions of that city. J. C. Joel, now of Everett, who was prominent in the labor movement at the time, was the cause of the present free text book legislation of Minnesota. Mr. Joel is yet a union labor man.

Sailmakers in every private sail loft in Norfolk, Va., are on strike for higher wages. The Sailmakers' Union of that city was disrupted more than a year ago and only reorganized recently. Sailmakers in the government navy yard have joined the union, but the strike is not affecting government work in any way.

President Gompers of the American Federation of Labor has issued the call for the twenty-fourth annual convention of that body, to be held in Lyric Hall, San Francisco. The convention will open at 10 o'clock Monday morning, Nov. 14, and continue in session from day to day until the business before it has been completed.

The Carnegie Steel Company has issued a circular letter to the superintendents of the different plants and to the heads of the departments in the plants instructing them to employ no man over 35 years of age in certain departments and extending the age limit to 40 in others. The order affects a large number of expert steel men.

The International Typographical union at its last session resolved "that on Jan. 1, 1906, the eight-hour day shall become effective in all union establishments under the jurisdiction of the international typographical union where existing contracts do not prevent, and in each instance where the eight-hour day is refused work shall cease." The resolution is subject to the referendum.

The national convention of the United Garment Workers' union of America has voted for biennial instead of annual sessions, changed its title to "International," voted that women be commissioned in the work of instructing unions composed of women, and instructed its delegates to petition the American Federation of Labor to change the charter of the Shirtwaist and Laundry Workers union so as to place the shirt makers and the workers on men's garments under the jurisdiction of the united garment workers' union.

The Leadville (Colo.) District Mining Association, which takes in every mine manager in the district, has decided to issue working cards for the purpose of carrying on the fight against the Western Federation of Miners. Notices were posted at every mine in the camp that no person will be employed who shall not have deposited with the timekeeper his card of recommendation from the mining association. Every applicant is required to sign a statement that he is not a member of the federation or any order controlled thereby. If he is a member of the federation he will be required to renounce his allegiance.

The increasing strength of trade unionism in the United States is reflected in the growth of the American Federation of Labor, with which the principal unions are affiliated. Prior to 1899 the annual receipts of the Federation had never exceeded \$25,000, the largest amount having been \$23,850 in 1899. In 1895 they amounted to only \$13,750, and after that slowly increased to \$37,000 in 1899, \$77,000 in 1900, \$115,000 in 1901, \$144,500 in 1902 and \$248,000 in 1903. The average contributing membership in the six months ending in March was 1,826, 114, which considerably exceeds the highest figures of the British unions, although it certainly represents less than three-fourths of all the trade unionists in the United States.

Work has been resumed, after a brief period of idleness, in the plants of two of the greatest manufacturing companies of Chicago. In both instances labor unions are ignored absolutely. The men were taken back under conditions less favorable than those they enjoyed before the shut-downs. The concerns simultaneously announcing the new policy with the reopening of their shops are the Pullman company and the International Harvester company. The former put 2,000 of its former employees at work at wages lower by 10 to 20 per cent than they were receiving previously. These men have been picked with care in the ten days the plant has been closed. In their number will be found none who has been known as a labor agitator. Hereafter all applications for employment must be made at the general offices of the company in Chicago, and not at the shops.

The September number of the Federationist, official magazine of the American Federation of Labor, contains special articles from a score of the captains of the organized labor forces. Following are some thoughts from the articles:

"To-day the rolling masses have greater responsibilities upon them than ever before in the history of the labor movement. . . . The men and women of labor face the future full of confidence in the triumph of their cause—the cause of humanity." —Samuel Gompers.

"Never in the history of the labor world has there been a more crucial period for the workers than the period through which we are now passing." —P. J. Mulligan.

"Coercion has never been able to smash unionism. It is unlikely that it will ever succeed in so doing. And, to speak frankly, coercive methods are double-edged when used by trade unionists themselves. If we do not possess the wisdom to build on foundations of conviction, it were better to camp out until we gain it." —Frank R. Foster.

"When the declaration of industrial independence is proclaimed the indictment against the controlling class will startle the world of true men." —George E. McNeill.

What is one man's automobile is another man's juggernaut.

ALL BROKEN DOWN.

No Sleep—No Appetite—Just a Continual Backache. Joseph McCauley, of 144 Sholto St., Chicago, Sackem of Tecumseh Lodge, says: "Two years ago my health was completely broken down. My back ached and was so lame that at times I was hardly able to dress myself. I lost my appetite and was unable to sleep. There seemed to be no relief until I took Doan's Kidney Pills, but four boxes of this remedy effected a complete and permanent cure. If suffering humanity knew the value of Doan's Kidney Pills they would use nothing else, as it is the only positive cure I know."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y.

Mammoth Wedding Cake. A wedding cake once made for the duke of Albany stood six feet high and weighed 200 pounds. It was decorated with a chain of reading cups, in compliment to his royal highness' literary taste.

THE UNITED STATES WILL SOON KNOCK AT THE DOORS OF CANADA FOR WHEAT.

A Crop of 60,000,000 Bushels of Wheat Will Be the Record of 1904.

The results of the threshing in Western Canada are not yet completed, but from information at hand, it is safe to say that the average per acre will be reasonably high, and a fair estimate will place the total yield of wheat at 60,000,000 bushels. At present prices this will add to the wealth of the farmers nearly \$60,000,000. Then think of the immense yield of oats and barley, and the large herds of cattle, for all of which good prices will be paid.

The following official telegram was sent by Honorable Clifford Sifton, Minister of the Interior, to Lord Strathcona, High Commissioner for Canada:

"Am now able to state definitely that under conditions of unusual difficulty in Northwest a fair average crop of wheat of good quality has been reaped and is now secure from substantial damage. The reports of injury by frost and rust were grossly exaggerated. The wheat of Manitoba and Northwest Territories will aggregate from fifty-five to sixty million bushels. The quality is good and the price is ranging around one dollar per bushel."

Frank H. Spearman, in the Saturday Evening Post, says: "When our first transcontinental railroad was built, learned men attempted by isotherm demonstration to prove that wheat could not profitably be grown north of where the line was projected; but the real granary of the world lies up to 300 miles north of the Canadian Pacific railroad, and the day is not definitely distant when the United States will knock at the doors of Canada for its bread. Railroad men see such a day; it may be hoped that statesmen also will see it, and arrange their reciprocity while they may do so gracefully. Americans already have swarmed into that far country and to a degree have taken the American wheat field with them. Despite the fact that for years a little Dakota station on the St. Paul road—Eureka—held the distinction of being the largest primary grain market in the world, the Dakotas and Minnesota will one day yield their palm to Saskatchewan."

Electric Light for Bags. A San Franciscan has invented an electric-lighting attachment for physicians' bags. Nor will this device be of interest solely to sawbones, seeing that travelers will find it convenient in many ways. The light, which is 25 candle-power, burns twelve hours, has 10,000 flashes and weighs less than a pound. The battery is placed in an inside pocket.

Ill-Fortune in Spilling Salt. That ill fortune attended the spilling of salt is an idea arising from the belief of the ancients that salt was incorruptible. It was therefore made the symbol of friendship and if it fell casually the ancients thought their friendship would not be of long duration. In Leonardo da Vinci's "Last Supper," the betrayer is represented in the act of spilling salt.

Her Best Qualities. A woman's best qualities do not reside in her intellect, but in her affections. She gives refreshment by her sympathies rather than by her knowledge.—Exchange.

Two Kinds of Wives. There are two kinds of wives—one kind thinks her husband is the greatest man on earth and the other thinks she is greater than her husband.

One Letter Makes Difference.

There is one letter in the marriage ceremony the substituting of which by another would induce thousands to marry who are now single, and would give a license for unfaithfulness to thousands who are married. Which is the letter? The letter "V." If you alter "So long as ye both shall live," into "So long as ye both shall like."

You never hear any one complain about "Defiance Starch." There is none to equal it in quality and quantity, 16 ounces, 10 cents. Try it now and save your money.

Gulls in United Kingdom. Before the eBifast Natural History society Mr. J. Brown gave reasons for concluding that there are 2,000,000 gulls in the United Kingdom, and that during the herring season each bird destroyed 200 fry a day, or 12,000 during the two months of the season. These, if they had come to maturity, would have been worth £24,000,000.—London Feathered Life.

Wary Repetition. No sooner does one generation get through with its little part upon the earth when another comes along, doing, thinking and acting the same things. Indeed it's a mighty hand from an exhausted urn that pours forth the never-ending flood of years.

"Dyspepsia Tormented Me for Years. Dr. David Kennedy's Favorite Remedy cured me." Mrs. C. S. Dougherty, Millville, N. J. Used over 20 years. No. 10.

Rarest U. S. Coin. The rarest coin in the United States is not, as many suppose, the silver dollar of 1894, but the double eagle of 1849, of which there is only one in existence, and that belongs to the cabinet of the United States mint. It can not be bought.

FITS permanently cured. No fits or nervousness after. For children, teaching, softens the brain, reduces the temperature. Send for FREE \$2.00 trial bottle and treatise. Dr. E. H. Kline, Ltd., 50 Arch Street, Philadelphia, Pa.

Tragedies of Love and Life. The end of love is a tragedy, just like the end of life. Both are facts in nature, and must be accepted in the same spirit. A person is no more to be blamed when his love dies than when his body dies.—New York Times.

Mrs. Winslow's Soothing Syrup. For children, teething, softens the gums, reduces inflammation, allays pain, cures whooping cough, colic, &c.

Women Not Wanted. One of the curious social laws of Peru forbids women to attend funerals and they do not appear at weddings (except as one of the principals), unless they are very intimate friends of the contracting parties.

Murine Eye Remedy cures sore eyes, makes weak eyes strong. All druggists, 50c.

They're Little, but O My! The brain of Taguchi, the Japanese anatomist, weighed 1,520 grams, and it stands 20th on the list of brain weights of men distinguished in the professions, arts and sciences.

I am sure Piso's Cure for Consumption saved my life three years ago.—Mrs. T. S. Robinson, Maple Street, Norwich, N. Y., Feb. 17, 1900.

Sees End of Harmful Bacteria. A London physician thinks that within 100 years all bacteria that are harmful will have been killed, and that the people of the 21st century will live to be 100 years old.

Defiance Starch is guaranteed biggest and best or money refunded. 16 ounces, 10 cents. Try it now.

Few Top Boots Worn. The old-time top boot is fast disappearing from the face of the earth. Even the miners of the west, among whom an ordinary pair of shoes used to be as rare as sombreros on Broadway, are abandoning them.

Insist on Getting It. Some grocers say "they don't keep Defiance Starch." This is because they have a stock on hand of other brands containing only 12 oz. in a package, which they won't be able to sell first, because Defiance contains 16 oz. for the same money.

Do you want 16 oz. instead of 12 oz. for same money? Then buy Defiance Starch. Requires no cooking.

London consumes 2,000 tons of ice daily.

MEXICAN Mustang Liniment FOR ALL Sprains and Strains.

GINSENG Fortifies in little gardens. Easily grown everywhere. Sells in American market at \$7 to \$12 per lb.; costs to grow less than \$1. Big demand; roots and seed for sale; booklet free; write today. OZARK GINSENG CO., Dept. 8, Joplin, Mo.

When Answering Advertisements Kindly Mention This Paper.

MISSOURI PACIFIC RAILWAY TO WORLD'S FAIR ROUTE ST. LOUIS. ELEGANT PULLMAN SLEEPING CARS, RECLINING CHAIR CARS (SEATS FREE), DINING CARS (MEALS A LA CARTE). EXCURSION TICKETS NOW ON SALE. A handsome World's Fair folder containing complete information, views of buildings, etc., and map of St. Louis, will be sent free on request. H. C. TOWNSEND, GENERAL PASSENGER AND TICKET AGENT, ST. LOUIS.

W. N. U., Omaha. No. 42-1904 BEGG'S BLOOD PURIFIER CURES catarrh of the stomach.

Mrs. Anderson, a prominent society woman of Jacksonville, Fla., daughter of Recorder of Deeds, West, who witnessed her signature to the following letter, praises Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—There are but few wives and mothers who have not at times endured agonies and such pain as only women know. I wish such women knew the value of Lydia E. Pinkham's Vegetable Compound. It is a remarkable medicine, different in action from any I ever knew and thoroughly reliable.

"I have seen cases where women doctored for years without permanent benefit, who were cured in less than three months after taking your Vegetable Compound, while others who were chronic and incurable came out cured, happy, and in perfect health after a thorough treatment with this medicine. I have never used it myself without gaining great benefit. A few doses restores my strength and appetite, and tones up the entire system. Your medicine has been tried and found true, hence I fully endorse it."—Mrs. R. A. ANDERSON, 225 Washington St., Jacksonville, Fla.

Mrs. Reed, 2425 E. Cumberland St., Philadelphia, Pa., says: "DEAR MRS. PINKHAM:—I feel it my duty to write and tell you the good I have received from Lydia E. Pinkham's Vegetable Compound.

"I have been a great sufferer with female trouble, trying different doctors and medicines with no benefit. Two years ago I went under an operation, and it left me in a very weak condition. I had stomach trouble, backache, headache, palpitation of the heart, and was very nervous; in fact, I ached all over. I find yours is the only medicine that reaches such troubles, and would cheerfully recommend Lydia E. Pinkham's Vegetable Compound to all suffering women."

When women are troubled with irregular or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, flatulence, general debility, indigestion, and nervous prostration, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such troubles.

The experience and testimony of some of the most noted women of America go to prove, beyond a question, that Lydia E. Pinkham's Vegetable Compound will correct all such trouble at once by removing the cause and restoring the organs to a healthy and normal condition. If in doubt, write Mrs. Pinkham at Lynn, Mass., as thousands do. Her advice is free and helpful.

No other medicine for women in the world has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female troubles. Refuse to buy any substitute.

\$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of those testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Medicine Co., Lynn, Mass.

DEFIANCE STARCH 16 OZ. 10 CTS. It is the purest, cleanest starch made. It is free of injurious chemicals. It can be used where ordinarily you would be afraid to use starch of any kind. That's Defiance. Your grocer sells it. THE DEFIANCE STARCH CO., OMAHA, NEB.

W. L. DOUGLAS UNION MADE \$3.50 SHOES FOR MEN. W. L. Douglas makes and sells more men's \$3.50 shoes than any other manufacturer in the world. The reason W. L. Douglas \$3.50 shoes are the greatest sellers in the world is because of their excellent quality, their fitting and superior wearing qualities. If I could show you the difference between the shoes made in my factory and those of other makes and the high-grade leather used, you would understand why W. L. Douglas \$3.50 shoes cost more than any other shoes of their class. It better wear longer and are of greater intrinsic value than any other \$3.50 shoes on the market to-day, and why the sales for the year ending July 1, 1904, were \$6,263,040.00. W. L. Douglas guarantees their value by stamping his name and price on the bottom. Look for it—take no substitutes. Sold by shoe dealers everywhere. Fast Color Evident and Enduring. Superior in Fit, Comfort and Wear. I have worn W. L. Douglas \$3.50 shoes for the last twelve years with absolute satisfaction. I find them superior to all I have worn and wear to this day. I have saved \$100.00 by buying W. L. Douglas shoes. W. L. Douglas uses Corona Gaiters in his \$3.50 shoes. Corona Gaiters is conceded to be the finest Patent Leather made. SEND FOR CATALOGUE-GIVING FULL INSTRUCTIONS HOW TO ORDER BY MAIL. W. L. DOUGLAS, Brockton, Mass.

PUTNAM FADELESS DYES Color more goods brighter and faster colors than any other dye. One 10c package colors silk, wool and cotton equally well and is guaranteed to give perfect results. Ask dealer or will send post paid 10c package. Write for free booklet—How to Dye, Bleach and Mix Colors. MONROE DRUG CO., Ottumwa, Missouri.
